

B. F. SCHWEIER, EDITOR AND PROPRIETOR.

REPUBLICAN NATIONAL FOR PRESIDENT. Wm. McKinley of Ohio.

FOR VICE PRESIDENT. Theodore Roosevelt of New York.

REPUBLICAN STATE TICKET. FOR AUDITOR GENERAL. Edmund H. Hardinbaugh, of Wayne.

CONGRESSMAN-AT-LARGE. Galusha A. Grow, of Susquehanna. Robert S. Foerster, of Philadelphia.

COUNTY TICKET. CONGRESS. Thad. M. Mahon. STATE SENATOR. Wm. Hertzler. ASSEMBLY. T. K. Bestway. REGISTER & RECORDER. D. Samuel Leonard. SHERIFF. Joseph M. Evans. JURY COMMISSIONER. David G. Shellenberger.

The drought gave the fields the appearance of having been stricken with drought.

Bayan enlisted as a Spanish war soldier and if he did not get to Cuba or Manila it was because his regiment was not needed. Now to get office he is denouncing the results of the war.

Last Thursday President McKinley was notified by the notification committee of his re-nomination for the Presidency. The notification took place at Canton, Ohio. Senator Lodge delivered the notification speech. The President accepted the nomination in a speech that was pleasing to all. Governor Roosevelt was notified of his nomination on the same day at his country home at Sagamore, York State. Senator Wolcott made the notification speech. United States District Attorney James M. Beck used to be a democrat. He is now a republican. In a letter to the Philadelphia Times he says: "I have not left the democratic party for their sake to leave. It died an unnatural death in Chicago in 1896, slain by a Populist orator from Nebraska, aided by an Altgeld and a Croker, and while the Populist party to day uses the name 'Democratic,' it has nothing in common with the democratic party of Jefferson, Jackson and Cleveland. I am no longer a democrat; I am a republican."

If we were living in an age of Greek and Roman mythology it is said of Christian Revolution people would believe that the demon of accidents had been flapping his ugly wings over this town and vicinity and ever and anon comes down to make a victim of some citizen and thus enlarge the list of mishaps in the human family. There have been many accidents recently that it is a subject of general talk. There was the accident to Troxel and Etchella and Karl and the bridge accident with its forty eight victims, the accident to Ben Renninger, the accident to Mord Hower, to Geo. Hower, the accident to Jerome Sieber, the accident to Charles Mayer, Jr.

The crop failure in North Dakota is reported as being a total failure. There are many sympathetic friends in Juniata county. They feel deeply for the Juniata county colonists, who left comfortable homes in the eastern valley with the hope of preparing the way for a more comfortable old age and with the hope of bettering the financial condition of their families. Last winter in the northwest was a mild one comparatively speaking. Mild winters are followed by poor crops. A cold winter there freezes the ground eight to ten feet deep. The thawing of the ground keeps the soil moist till harvest time and that moisture makes good crops. When the ground is frosted only to the depth of 15 to 30 inches there is not moisture enough to develop a crop.

Every county in the Senatorial district, comprising the counties of Juniata, Mifflin and Perry, is presenting a candidate for the Republican District nomination. Senator William Hertzler is the nominee in Juniata and by old time usage is entitled to the district nomination. Ever since the present district has been in existence the Senator has been nominated the second time. Mr. Smiley of Perry was twice nominated. Mr. Woods of Mifflin was twice nominated and when the district conference meets it would do itself justice by adhering to the rule of preceding conferences. In addition to the claims of that rule in favor of Mr. Hertzler he has been a substantial Senator. To set aside the precedents of the district conference, might prove to be a lesson in politics too dearly paid for.

WAR IN CHINA.

The latest news from China proves that European diplomacy has succeeded in getting the Americans as an ally in the war that is being waged against China. All doubt as to the situation has been removed. The men who insisted that a state of war does not exist are now satisfied that war does exist. The Americans were in a battle that was fought at Tien Tsin, which is a city of a million people. The battle took place on the 13th of July. The 9th regiment of American infantry with six thousand European troops, Russian, British, French and Japanese troops. The allied troops made an assault and were repulsed with heavy loss. Colonel Liscum of the 9th is among the severely wounded. One-fourth of the American command was wounded or killed. Admiral Kemy command the American navy in Chinese waters despatches say Russians lost 100; Americans 30; British 40; Japan 58; French 25. The allied army in the attempt to storm the fortification numbered 7000. It is estimated that there were 20,000 Chinamen behind the wall. The attack was made in two divisions at one and the same time at day light on the morning of the 13th of July. The one division attacked the fortifications on the east side of the city. The other division attacked on the west side. The Chinese were armed with the latest improved guns and the repulse was complete. President McKinley upon receiving the news of the repulse started for Washington where a Cabinet meeting was held to consider the bad state of affairs. The Chinese minister at Washington shed tears over the unfortunate state of affairs. There will soon be 10,000 American troops in China and the matter will be so focalized that the regular government of China will be compelled to show its hand so clearly that no mistake can be made as to whether the regular government is encouraging or discouraging the war against all foreigners in China. "What's all the trouble about?" is asked on every side. Well, Chinese rebels—Boxers, as they are called—murdered missionaries and foreigners in Pekin and when the allied troops made an effort to go to Pekin with the consent of the regular government of China, the rebel Chinese marched against them, drove them back and now have done the same thing at Tien Tsin. That is the situation as it appears on its face, but there is an under current of feeling that the Chinese government is also against the foreigners and that the fact will suddenly impress itself upon Americans as well as Europeans and then will come the tug of war. President McKinley will be required to convene Congress and declare war and the march for Asia will be on. The latest news on the 17th inst is: The allied forces have captured Tien Tsin. The American loss is 275. All allies loss, 776.

THE DEMOCRATIC TICKET.

The democratic National ticket is: William Jennings Bryan for President. Adlai E. Stevenson for Vice President.

THE PLATFORM.

It declares that to impose government on any people is imperialism. That imperialism abroad will lead to despotism at home. It denounces the law for the government of Porto Rico as passed by a republican Congress. It condemns the rule of Americans in Cuba. It condemns the American government in the Philippine Islands and calls it criminal aggression against the Phil.

ODD BANK VISITORS.

GRANKS ARE ALMOST AS MUCH TO BE FEARED AS CROOKS. Paying Tellers Have to Be Models of Vigilance All the Time to Dodge the Schemes and the Subterfuges That Lie in Wait For Them.

Many are the uses and the schemes that are devised for the purpose of getting the paying tellers in banks, and the cranks are as much to be feared as the crooks. "That odd man who has just left the bank," said the teller as he ran his fingers quickly over the new bill, "has come to this place every day for the past two years calling for money. He comes in every morning exactly at 11 o'clock and asks quietly if his check has arrived. I always have to tell him no, and he thanks me graciously and goes away. I was new at the bank when he came in the first time, but I saw at a glance that he had something the matter with his headgear. When he asked about his money, I told him that we had nothing, and he looked greatly surprised and worried. He asked many other questions and then left. He returned the next morning and the next, and he has been coming ever since. One day he failed to show up and I thought he had given up the hunt as a bad thing. For a month he kept away, but by and by he bobbed up serenely again.

"I've been sick," he said, "and I hope I have not caused you any inconvenience in holding my money. No money here? What? That is strange." "With this he thanked me and went away. He will be here again in the morning, and he'll keep coming day after day until death sends him to a bigger bank. The man is just a sample of what we get every day, although he is the most regular chap of the kind I have ever seen. The boys around the bank feel rather superstitious now if he fails to come in, and I'll gamble that that black porter porter will tell him to get out of the bank. He will not be here again until he has made his daily visit."

THE DEMOCRACY DENOUNCES TRUSTS.

At the same time the leaders are in all kinds of trusts, even to an ice trust. The barbarity of the Chinese in China equals the barbarity of the North American Indian when the European was taking possession of the country. If reports from China are true their barbarity equals that of the Indian. They have completed the catalogue of Indian atrocities, excepting they have not resorted to the scalping of Europeans.

COUMBERS—FIVE CROPS.

I raise five crops instead of one on the same ground and on the same vines with hardly any extra work. Plant in the usual way. When a cucumber is taken from the vine let it be cut with a knife, leaving about an eighth of an inch of the cucumber on the stem. Then slit the stem with a knife from its end to the vine twice, leaving a small portion of the cucumber on each division. On each separate slit there will be a cucumber as large as the first. By this method you will only need one-fifth of the ground that you would need if growing cucumbers in the old way.—Exchange.
