SHORT LOCALS.

Cut Canada thistles before they seed. Mrs. Daniel Pannebaker is visiting in Ebensburg.

Mrs. Daniel Pannebaker is visiting in Ebensburg. Thomas & Co., are head-quarters for green groceries.

Mrs. Enoch Shellenberger will open a store in place of residence at Mt. Pleasant. Boyd Parker spent several days of last week at Philadelphia and Atlantic City.

Barwin Deen, Harrisburg ticket agent, was among old friends in town last week. Snyder county peach growers estimate their crop this year at 100,000 bushels.

Mr. Joseph Dowling and wife of Philadelphia are visiting Mr. Thomas McClellan. Miss Minnie Stouffer of Cedar Springs is visiting her aunt Mrs. Slagle at Bloomsburg.

Miss Ida Zellars of Mifflin was a recent guest of her friend Miss Bertha Etka of Mt. Pleasant. Miss Maude Robison of Academia, has been the guest of Miss Ella Boden for the past several weeks.

Altoona Tribune—W. H. Thomson and R. V. Massey of Mifflin were visitors in the city Saturday. Mrs. J. C. Barton of Patterson, accompanied by her two children, is visiting friends and relatives at Reed's Gap.

Rev. H. H. Stiles says the Altoona Tribune took 60 pounds of honey from a bee hive in the parsonage yard. A number one ripper—the democratic platform. It looks as if it was especially made to trip the democratic party.

WANTED.—A man to cut woods. Call at this office. New Jersey has the best crops it has had in many years.

Ten eggs have the nutritive quality of one pound of meat. An accident insurance company was doing the town last week. Port Royal people say the late circus in that town was a good one.

Junata county is the largest peach producing county in the state. James McCauley sells peach baskets. Address him at Mifflintown. Monday night was the warmest night of this uncommonly warm summer.

Mr. John Tyson and Mrs. Tyson his wife are both prostrated with paralysis. Mr. Howard Gundy and wife of Lewisburg are visiting the family of Mr. Henry Penny. Mrs. James Speddy of Harrisburg, visited her sister Mrs. Darwin Crawford last week.

Mrs. Wm. Pannock of Pittsburg, is visiting her parents Mr. and Mrs. J. B. M. Todd in Patterson. The Tuscarora Telephone Company now connects with the line at Mifflinsburg, Dauphin county. Friday evening a lawn party will be given at the home of Mrs. Mary Thomas in Fermanagh township.

Henry Moyer was in town on Tuesday. He is a Snyder county man by birth, but now a resident of this county. Mrs. Fred Walker and little daughter of Philips, are visiting at the home of her parents Mr. and Mrs. S. S. Showers.

People who used to live in Juniata county, but who now live in Altoona will hold a re-union on the 28th day of July, near Bellwood. The democratic ice trust has well nigh frozen the life out of the trust thunders that the democrats thought to inject into the coming campaign. Boss Bryan has knocked the cry of boss out of the democracy. He has bossed them so thoroughly that they don't say boss in a whisper now.

Thomas Carmon the oldest Odd Fellow in Huntingdon died on the evening of the 10th inst., aged 75 years. He was an Odd Fellow 53 years. Everyone in America came to America to expand. Bryan went to Nebraska to expand. They want to change the name now. They now call expansion imperialism. The Boxers in China are rebels against the regular government.

Mr. and Mrs. D. C. Deen of Harrisburg, visited at the home of J. S. Hollabaugh on Washington avenue, East End on Tuesday. Mrs. Cloyd Gilson had a stroke on Monday morning at the home of her father Mr. Clark in Tuscarora valley where she had gone to visit. E. Leslie Allison of the Fourth street National Bank, Phila., is spending a few days at home recuperating from an attack of malaria.

It is a source of regret to learn that the interests of the people who moved from Juniata to North Dakota, are suffering from the effects of a drought. Mr. Amos Stouffer of Mifflin and Mr. John and Miss Mary Stouffer of Fermanagh township, were recent visitors of the former's sister Mrs. Bashore at Van Dyke. Harry S. Laird has been appointed Supervisor of the Lewis-town division, P. R. R., to fill the vacancy caused by the death of former Supervisor R. H. Myers. Citizens of Turbett township, claim that they have a greater drought than Mifflintown and vicinity. They have had fewer showers than Mifflintown and vicinity. The bones of an Indian were dug from a water-pipe ditch in Mark-et street, Lewisburg. The bones of the red-skin were put in a window in a drug store of that town as an advertisement. The thermometer at 100 degrees and the added reflection from the stones was too much for the masons at work on the foundation walls of the Lutheran church on Tuesday afternoon. They were compelled to quit work. There is complaint from Mill-ford township that some unknown parties are breaking into spring houses and out-houses and grain houses and stealing therefrom such things as suits the occasion and the wants of the thieves. Which would be the right thing to do. Withdraw everything and every American from China and help to restore law and order throughout the kingdom. The American, the Russian, the British, the French and the Japanese, are fighting for the regular Chinese government against the rebel Chinese the Boxers, who are charged with having murdered the foreign missionaries in Pekin. The erection of the new Lutheran church comprehends a parsonage with the meeting house and Sunday school house. The foundation for the parsonage is almost finished. Reuben Reynolds, James Frenz, William Rowe and James Peck put up the foundation wall. Grant Swartz was mason tender.

Andrew Reed, Esq., one of Lewis-town's prominent citizens, died on the 5th inst. As far as heard from some two hundred people were killed on independence day by 4th of July accidents. Mr. Harry Moore had 14 head of sheep killed by a bolt of lightning. The sheep were under a cherry tree on his farm in Fayette township. There was a mark of lightning on tree or sheep. Will P. Maclay of Huntingdon, Pa., who is now doing duty in the U. S. Army in the Philippines in honor of gallant service in the saving of the life of Capt. Lucius E. Polk, during the engagement at Hiloigas, island of Leyte on May 6, has been recommended for a medal of honor for his bravery.

There was a wreck of a freight train in the vicinity of Spruce creek last Monday night. A fast passenger train westward bound, train No. 19, ran into the wreck. The engineer Stewart Groninger, son of Mr. Leonard Groninger of Port Royal was killed and the fireman H. E. Crum of Harrisburg was severely injured. The remains of the unfortunate engineer were taken to Port Royal for interment. The stones in the 3rd lock in the abandoned canal north of town are being hauled to town to be used in the foundation walls of the new Lutheran church. Mr. Irvin Beahor had his team in the work of hauling and gave a helping hand at the hauling. Emery McCahan was engaged in the good work; John F. Moyer was engaged in the good work for his Lutheran friends. The 3rd lock north of town is the lock at Macedonia Gap.

In Quemahoning Valley, Somerset county, Pa., several hundred farmers residing therein, have assumed a threatening attitude due to civil engineers surveying the land for the construction of a large dam on a long ravine at a point directly at the head of their valley by the Cambria steel company. Johnstown, Pa. The property owners living below the dam aver that their lives will be constantly in danger and they fear a flood equal to the Johnstown. In order to prevent a clash the engineers have abandoned their work for the present. Arthur Meyers had an elbow broken on Atlantic Express near Ryde station, Mifflin county. He is aged about 21 years from New port, Ky. He is a member of a company of United States marines on their way to Washington, D. C. He was sitting at the window side of the car seat with the elbow of his arm resting on the window sill. A projection of some kind from a passing freight train scraped the side of the passenger train, breaking the windows. Whatever it was, it struck his elbow and broke the arm. The train was stopped here and Dr. Dowd Crawford was taken aboard and gave the arm the surgical attention it required while the train was running from this place to Harrisburg. The doctor returned from Harrisburg on the next train. The old accounts of Indian barbarities when the Red Men roamed through the wilds of Pennsylvania, tell of the awful tortures inflicted on certain white people. Sometimes they tied white captives to a stake or tree, piled wood around the captive, stuck his body full of sharpened pine sticks and then set fire to the pile of wood and roasted their victim, all of which is horrible. The Chinese are reported to be doing the like horrible things to Europeans and Americans in China. It makes one shudder to think of man's inhumanity to man. Within the history of the New England States of the United States the New Englanders burned women at the stake for witchcraft. Horrible! horrible! that such things should have ever taken place among the New England Yankees.

Hardware merchant Jerome Sieber had a horse ran away on Saturday evening. It was after 9 o'clock in the evening that Mr. Sieber stepped into the buggy in front of his store in Patterson to come to this side of the river. He had scarcely started till a front wheel slid off the axle. In the drop of that side of the axle-tree Mr. Sieber was thrown out and severely hurt. The beast became frightened and started on a run for this side of the river by way of the river bridge. It had made but a few leaps till it encountered a spring wagon owned by Benjamin Renninger. The wagon was driven by an employee. The horse was running on a side track. The cow was following. Both were intended for shipment on the cars. The collision between the wagon and the buggy was a wrecker. The wagon was knocked out of running order. The horse, the driver and calf were unhurt, but the cow was stampeded and left her calf and fled for this side of the river. The contact with the wagon was sufficient to tear the harness and the horse freed of his load started on a wild run across the river bridge and out in the valley for Mr. Sieber's farm some four miles distant. He ran out the McAlisterville road to the Rothrock farm and there took the cross-road to the Cedar Springs road. When he came to that highway he did not take time to turn, but dashed across the road and over the fence onto the farm of the heirs of Jonas Kauffman and ran through a number of wire fences and came across the farm to the Sieber farm. Renninger's cow also started east on a run and was not found until Sunday when she was discovered quietly grazing along the road-way between Cedar Springs and Mexico. Mr. Sieber was severely hurt and for a time it was feared his injuries might prove fatal. No bones were broken and he is recovering from the shock and from the bruises on his body.

HARVEST HOME. Pannabaker's Island Harvest Home will be held, Saturday August 4, 1900. Only Thirteen. A round million sheepmen are waiting for a chance to vote for Wm. McKinley. There may be others, but so far we have heard of but 13 sheepmen, who positively refuse to vote for McKinley. Thirteen is an unlucky number. "American Sheep Breeder, Chicago. Most all the printers in town grouped in Repleg's gallery on Saturday at 2 p. m., and had their pictures taken. A Frenchman with a dancing bear fell in with a party of Italians at a place called Listie, Blair Co., last Thursday. The Italians had keg of beer. The Frenchman drank freely. So did the bear. The bear became drunk and ran through the streets of the town driving everyone indoors. One man was severely bitten on an arm.

Ex-County Commissioner Neal M. Stewart of McCoyville was in town on Friday. He had with him a demi-john full of water that flows from the well that was drilled for coal oil near McCoyville some years ago. The water has medicinal qualities. Who knows? McCoyville may become a sanitarium by and by. The drilled well is in black slate—marcellus slate. While engaged in picking berries west of Altoona, Pa., one day recently, William Van Allman was bitten on a finger by a large rattlesnake. Having coolly dispatched the reptile, he took out his pocket-knife, cut off the finger at the first joint and then hurried to Altoona and had the injured finger properly dressed. No ill results have as yet resulted. How's that for wonderful nerve! Bellwood Bulletin, July 13:—One day last week George Confer was cutting rye on the Swartz farm a mile north of Howard. After finishing his pipe he threw the burning match on the ground and went to get a drink of water, but upon looking up from the fountain of aqua after he had quenched his burning thirst George discovered the rye field on fire. About an acre of grain was destroyed before the fire could be put out.

Bryan and his friends turned to denounce expansion, but they discovered that the word expansion is to well understood for much wool-pulling and that in point of fact all the Americans are practical expansionists. Almost every American wants to expand. It is the aim of almost every American to expand. Foreigners came to America to expand. Well the democratic leaders have discovered that they use the wrong word. So they have dropped the word expansion for the word imperialism. So then in this campaign they will write and talk about imperialism. Information by wire from China is of the wildest kind of barbaric outrage. The reports are true or they are not true, but they are of the most deplorable nature that man can conceive of foreigners that have been murdered; their bodies dragged through the streets of Pekin; women were outraged, their eyes and tongues cut out; some were burned; some were left to lie where murdered and outraged. The outrages are like those that the Indians inflicted on the white settlers. It is hoped that the reports may be proven not true. All the Chinese in Pekin who had become Christians have been murdered.

The Altoona water supply is short. The thermometer ranged high among the nineties on Sunday. Charles Adams who has been in Pike county the past number of months is home on vacation. Sugar has advanced in price owing chiefly to the fact that the time for canning fruit and berries has come in the northern states. David A. Patterson of Academia and of Company H, 105th regiment Pennsylvania volunteer infantry has had his pension increased from \$12 to \$17 per month. The Improvement Association of Huntingdon, Pa., has donated 15 lug iron cans to the borough. These cans will be used as receptacles for waste paper, etc., and will be placed at convenient points along the coast traveled streets.

The first fruit of the Spanish war was Manila. It was the first Spanish possession to fall into the lap of Uncle Sam. Bryan says away with Manila and the Philippines, we'll have none of them. He calls it imperialism. The voters will settle the question. After the November election Mr. Bryan and imperialism and expansion will not be mentioned.

Philadelphia has a divine healer named Gentry, who seems to be ahead of other healers of the same kind in this day and generation. He claims that he holds talk with an angel. He is not the only lunatic in the country who makes the same declaration. Lavatics of that kind may be found in every asylum in the country. The man or woman who is troubled with such hallucinations should try and get rid of the unfortunate imagination.

\$75,000 for Bucknell University. Lewisburg, July 10.—The fund of \$75,000 for Bucknell University of which Mr. John D. Rock-feller contributes \$15,000, is completed. Of the amount \$23,000 has been paid in. Rev. Wm. Barrows of Oxford, Pa., gives \$500 to establish a prize in Classical Philology in memory of his son, Herbert G. Barrows, deceased. It has been decided to install a central heating plant from which all the buildings of the University will be warmed and lighted.

Prof. T. H. Hamblin of the faculty spends the summer in Athens, Ga. Aviragnet in Paris. Dr. Scovill in Madrid and Miss Hanna of the Institute in Germany.

The Kidneys and Blood. If you want to be well, see to it that your Kidneys and Blood are in healthy condition. It is an easy matter to learn what state your Kidneys are in. Place some of your urine in a bottle or tumbler, and leave it stand one day and night. A sediment at the bottom shows that you have a dangerous Kidney disease. Pains in the small of the back indicate the same thing. So does a desire to pass water often, particularly at night, and a scalding pain in urinating is still another certain sign. Dr. David Kennedy's Favorite Remedy is what you need. It will cure you surely if you do not delay too long in taking it. Kidney diseases are dangerous, and should not be neglected a single moment. Read what P. H. Krip, of Union, N. Y., a prominent member of the G. A. R., says:—"I was troubled with my Kidneys and Urinary Organs and suffered great annoyance day and night, but since using Dr. David Kennedy's Favorite Remedy I have greatly improved, and that dreadful burning sensation has entirely gone. I had on my lip what was called a pipe cancer, which spread most across my lip, and was exceedingly painful; now that is almost well. I also had several a great deal better. I have gained nine pounds since I commenced taking the Favorite Remedy, and am greatly benefited in every way, and cannot praise it too much." Favorite Remedy is a specific for Kidney, Liver and Urinary troubles. In Rheumatism, Neuralgia, Dyspepsia, and Skin and Blood Diseases, it has never failed where the directions were followed. It is also a specific for the troubles peculiar to females. All druggists sell it at 25c a bottle. Sample Bottle Free! If you will send your full postoffice address to the Dr. David Kennedy Corporation, Rondout, N. Y., and mention this paper, we will forward you, prepaid, a free sample bottle of the Favorite Remedy, together with full directions for its use. You can depend upon this offer being genuine, and should write at once for a free trial bottle.
