The Kidneys and Blood

If you want to be well, see to it that your Kidneys and Blood are healthy condition. It is an easy matter to learn what state your Kidneys are in. Place some of your urine in a bottle or tumbler, and leave it stand one day and night. A sediment at the bottom shows that you have a dangerous Kidney disease. Pains in the small of the back indicate the same thing. So does a desire to pass water often, particularly at night, and a scalding pain in urinating is still another certain sign.

Dr. David Kennedy's Favorite Remedy in hat you need. It will cure you surely if you do not delay too long in taking it. Kidney diseases are dangerous, and should not be neglected a single moment. Read what P. H. KIPP, of Union, N. Y., a prom

but since using Dr. David Kennedy's Favorite Remedy I have greatly im-proved, and that dreadful burning sensation has entirely gone. I had on my lip what was called a pipe cancer, which spread

'most across my lip, and was exceeding painful; now that is almost well. I also had severe heart trouble, so that it was difficult to work; that is a great deal better. I have gained nine pounds since I commenced taking the Favorite Remedy am greatly benefited in every way, and cannot praise it too much."

Favorite Remedy is a specific for Kidney, Liver and Urinary troubles. In Rheumatism, Neuralgia, Dyspepsia, and Skin and Blood Diseases, i
