His friends stepped into a boat and pushed out to rescue his body. After four hours search they found it. It is believed the stroke killed him instantly. The lightning had dis-embowled him.

On Saturday morning about six o'clock, a special excursion train of ten passenger cars filled with pleasure seekers bound for Atlantic City, ran into the rear end of a milk train that was standing on the track at Hatfield on the Reading railroad. The milk train consisted of five cars. The special was running at the rate of 40 miles an hour and plowed its way through two of the milk train cars in which were a dozen people. The cars were split apart as if by a mighty wedge. The locomotive was turned completely around and the tender was pitched into the air and fell on the 1st passenger car of the special, carrying under it a half dozen passengers. The car was on fire by the flying coals from the demolished engine. The hose at the station put out the fire and thereby saved many lives. Fourteen persons were killed and thirty some injured. There were some six hundred people on the excursion train. Almost all the injuries and deaths occurred on the two rear cars of the milk train and the first car of the excursion train.

THE WAR IN CHINA.

The war in China goes on though the Allies have rescued their friends in Peking. The United States and Russia have both expressed a willingness to withdraw their troops from Peking and there seems to be a disposition on the part of all concerned to help restore order, if the Chinese can establish a government capable enough to preserve order and keep the lawless element in check, and recognize the amenities between nations and the inter-national rights between nations. The Chinese, however distrust the powers. The only people they seem to have trust in are the Americans and their trust in Americans is greatly limited. The legations are all safely out of Peking, and the situation has a more peaceful appearance. Missionaries from the different parts of China where missionaries have been stationed are being heard from and they are all right.

OBITUARY RESOLUTIONS.

Resolutions of respect adopted by the Congregations of the U. E. Church of Juniata Circuit, Carlisle District, Central Pennsylvania Conference on the death of their pastor Rev. H. H. Douty.

Whereas, the angel of death laid his relentless hand upon our highly esteemed, efficient and faithful pastor.

Therefore, Resolved, That in the death of our dear Bro. H. H. Douty, we have sustained a loss that will be long and not easily replaced, and that although he has joined the "Church Invisible," he will always abide with us as an incentive to a higher and nobler life.

Resolved, In consequence of his departure there is left an empty place, which he graced; there is left a constant void in the meetings once enlivened by his presence; there lie unused books once employed by his hands in various fields of useful labor. Forever is silenced his voice so frequently heard from the pulpit in the home and abroad. A reply comes to our anxious inquiry from all these wanted places, "know him, but shall know him no more forever."

We are sad at heart. Resolved, God's ways though often veiled in mystery, have their beginning in infinite love and mercy and their end in man's highest good. We bow in humble submission to his will and by the faith that can see and know, are led to say, "It is well."

Resolved, We desire to place upon record our testimony to his earnest persevering, efficient labors, his kind, moral, social qualities and his upright, moral and Christian character.

COMMITTEE.

How to Prolong Life

No man or woman can hope to live long if the Kidneys, Bladder, or Urinary Organs are diseased. Disorders of that kind should never be neglected. Don't delay in finding out your condition. You can tell as well as a physician. Put some urine in a glass or bottle, and let it stand a day and night. A sediment at the bottom is a sure sign that you have Kidney Disease. Other certain signs are pains in the small of the back—a desire to make water often, especially at night—a scalding sensation in passing it—and if urine stains linen there is no doubt that the disease is present.

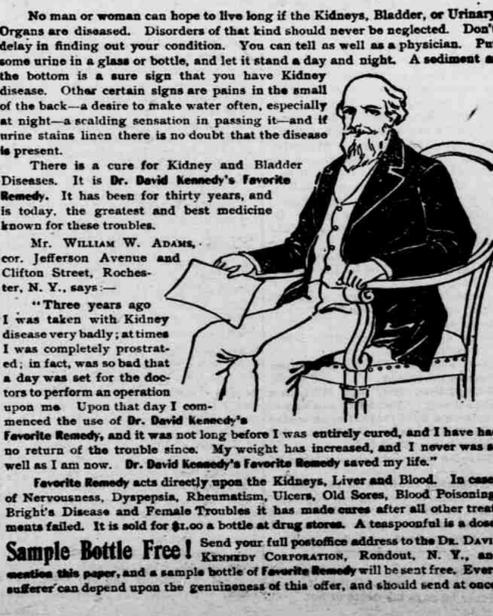

There is a cure for Kidney and Bladder Diseases. It is Dr. David Kennedy's Favorite Remedy. It has been for thirty years, and is today, the greatest and best medicine known for these troubles.

Mr. WILLIAM W. ADAMS, cor. Jefferson Avenue and Clifton Street, Rochester, N. Y., says:—

"Three years ago I was taken with Kidney disease very badly; at times I was completely prostrated; in fact, was so bad that a day was set for the doctors to perform an operation upon me. Upon that day I commenced the use of Dr. David Kennedy's Favorite Remedy, and it was not long before I was entirely cured, and I have had no return of the trouble since. My weight has increased, and I never was so well as I am now. Dr. David Kennedy's Favorite Remedy saved my life."

Favorite Remedy acts directly upon the Kidneys, Liver and Blood. In cases of Nervousness, Dyspepsia, Rheumatism, Ulcers, Old Sores, Blood Poisoning, Bright's Disease and Female Troubles it has made cures after all other treatments failed. It is sold for 50 cents a bottle at drug stores. A teaspoonful is a dose.

Sample Bottle Free! Send your full postoffice address to the Dr. David Kennedy, Esq., 100 Broadway, New York, N. Y., and a sample bottle of Favorite Remedy will be sent free. Every sufferer can depend upon the genuineness of this offer, and should send at once.
