The boss wing of the democratic party in Juniata county are on top in this Congressional district. They were cunning enough to get their henchman the jolly rotund Dr. Heading on the ticket for Congress. Should Bryan be elected the boss wing will control the federal patronage in this Congressional district over which they would take a laugh all round at the silly republican for voting for Heading and Keller. Vote for Mahon and McKee.

His brother Abram accompanied him to this his native place and will remain here awhile among his friends and relatives. John made some real estate investments at a place called Ensley. The Federal office-holders have a thin veneering of republicanism when they electioneer against McKee and electioneer for Keller. A McKee kicker and a Keller embracer is quite a political combination man and means that if Keller gets to the Senate he'll vote for a United States Senator, who will be a kicker of republican Federal office holders. That would be a political situation for Keller to smile a smole as broad as his face to see the tears as big as horse chestnuts run down the federal office holder's face.  
One or two words. How can you vote with the men who are traveling up and down throughout the land sowing the seed of discontent and jealousy and denouncing the men who are engaged in enterprises that employ other men. Who will you vote for, for the growers who have not a good word for anyone or will you vote for the men who are engaged in business and give employment to other men and thereby help to bear their burdens in the journey of life. Vote for McKee for State Senate for he will vote in the Legislature for a United States Senator who will stand by the industries.
