----Some of our citizens were startled on Sunday morning last, by the report of great domestic infelicity in one of our prominent family circles. In the early part of winter a family of three strangers came to our borough, one male and two females, which caused a great amount of attention and gossip among our people, but they had seemed to conduct themselves in such a manner as not to outrage the moral tone of our society and like many other worse cases had ceased to further excite madam gossip, until Sunday morning last, when a fourth party appeared on the scene, and this another biped of the male gender, who was seen at the residence of the three strangers who had caused the former excitement. Mrs. Grundy is on the quivice of excitement to know whether this new comer is the deserted spouse of one of the The thirty-sixth anniversar, of the eloping dames or a new suitor. There is trouble of some kind in this "high circle" as the males have been seen in serious combat sever al times. We have never before made any allusion to matters of this kind in the DEMOCRAT but this is of such a public character that we feel called upon to refer to it, and having said as much as we have we may as well not omit names. The parties to this affair were very favorably introduced among us last fall as the "eminent foreigners," the European sparrows.

GLENWOOD.—F. P. Grow is moving his store house from its old position to a place near his dwelling. E. Vangorder has taken the job for \$110. FIRE IN SCHARTON.-The Scranton Times of Thursday says: The night operator in the tel egraph office in the basement of the Second National Bank was startled at 1:30 a. m., by a light over the back door, and it was found that the back portion of the building had been fired and was burning. An alarm aroused the firemen and the fire was extinguished without serious loss or damage. Before this was out the Opera House was discovered in flames, the fire leaping from the bac't windows.

We learn from members of the Harrigan & Hart Company, who exhibited in the Scranton Opera House on Wednesday evening, that only the opera house and the Boston store were destreyed. The loss on the opera house building was estimated at \$50,000, and on the store at \$60,000, on the latter of which there was an insurance of \$40,000. The fires were evidently the work of incendiaries,

Messrs. Harrigan & Hart bad left their baggage in the opera house after their performance and only succeeded in securing it by breaking the doors open with an ax, contrary to orders, and removing their property.
