

TOWN, COUNTY, AND VARIETY.

The new time table of the Montrose Railway appears on the seventh page of this paper.

Ninety thousand dollars were subscribed in one day to build a new Methodist church in Wilkesbarre, Pa.

A new lot of summons and subpoenas just printed at this office. Other blanks in pro fusion, all prepared with care.

Read the advertisement of "French Millinery," at Rozelle's, 97 Court street, Binghamton. Mr. Rozelle is a French gentleman himself and therefore guarantees his goods as represented.

Conductor Walters has changed his headquarters to Tunkhannock on account of the new arrangement of trains. Mr. Luckenbill, engineer, has also moved his family to Tunkhannock.

Avery Crouse, late of the firm of Seabury & Co., is now conducting the retail department of that establishment and offers inducements to purchasers of furniture and house-keeping goods. Read his advertisement.

It will be seen by advertisement elsewhere that Abel Bennett & Co., have become successors of W. N. Wilson. The firm consists of Hon. Abel Bennett, Prof. G. Furman, and Charles P. Bennett. They will keep a very large stock of fashionable and desirable goods for the wholesale and retail trade. Mr. Sprague will have charge of the Merchant tailoring department as heretofore.

The new county bill, which has been a bone of contention for some time past and which has been vigorously opposed and as vigorously pressed in the Legislature, was killed in the House by the decisive vote of 74 yeas to 87 nays. This settles Luzerne as well as the rest of the counties of the State. The new Constitution requires that some Legislation should be had on the subject.

Judge McDermitt, of Mercer county, on a rule to set aside the service of a Sheriff's writ decided last week that the duty of a Sheriff in the appointment of his deputies is ministerial, and he can no more depote it than a Court can depote the exercise of its judgment. The writ in question was sent by the Sheriff to the plaintiff at Sharon with a blank deputation written thereon, which blank was filled by the plaintiff's attorney.

The Hancock Herald reports that in regard to the quantity of lumber on the banks of the Delaware throughout that region, old lumbermen and competent judges say that there is only about one half the usual quantity of sawed lumber, and about one third the amount of round timber to be run to market this spring. The prospects for far better sales than last season are good, some of the lumbermen expecting to realize prices as high as ten dollars per thousand for round timber and twelve dollars for sawed lumber.

By the report of the Committee on the erection of a County Soldiers' Monument, published elsewhere, it will be seen that action has been taken and a resolution passed to expend the money on hand in a memorial to the soldiers of this county and we can give our readers the full assurance now, that this will be done, and unless unforeseen obstacles arise, the corner stone will be laid on the Thirtieth of May, and the unveiling will take place on the Fourth day of July. The books of the past are closed and unchangeable, in regard to this neglected duty, but the present and future yet remain in which to record better deeds.

Attorney General Lear having been addressed in relation to the law on the question of the time when assessors elected in February last would be inducted into office, replies that their terms will commence as heretofore, at the expiration of the terms of those elected on the third Tuesday in February, 1875, and will continue until the first Monday in April following the expiration of their respective terms. In other words, the assessors elected in February will commence their terms of office next fall and continue until the first Monday in April, 1876. There can be no election in February next year, and assessors will not be chosen until the spring election of the year following. Those who are chosen at that time will commence their duties on the first Monday in April ensuing, and thereafter the elections and terms will be regular, and occur annually.

Well executed bogus five-cent nickel pieces are reported in circulation. This piece is worth less than the genuine only because it is bogus, for it is identical in weight and fineness with the genuine coin, and worth just as much had it been made at the mint. The five-cent piece is a sham and deceit at best, for it costs the government, including material, labor, etc., less than half a cent apiece, or ten per cent. on its nominal value. Some of them were recently sent to the superintendent of the mint by treasurer for the purpose of making inquiries and to test their value. The superintendent says the counterfeiters have been assayed and found to contain copper and nickel in the legal proportion, that the coin are of proper weight, size and finish, and just as valuable as the good coin. The only way to detect the spurious coins is by the imperfect impression of the legend "In God we trust."

Easter was very appropriately celebrated at St. Paul's (Episcopal) church. The sacrament of the Lord's supper was administered at 8 o'clock in the morning, regular services at 10:30. Sunday School celebration and Easter offering at 2:30 p. m., at which time the rite of baptism was administered to thirteen candidates. The day closed with the usual evening service at 7:30 p. m. The chancel was very neatly and tastefully adorned with Easter buds and blossoms and beautiful foliage plants. The sermons, by the rector, Rev. E. A. Warriner, both morning and evening, were remarkable for their grandeur and power and are noted among the best of his usually eloquent discourses. The Easter songs and chants were well rendered by the Sunday School and choir. The church offerings amounted to \$113. The Sunday School offering was \$78. The Presbyterian church also recognized the day by social decorations.

The Montrose Drum Corps, under the management of Wm. Keep, proves fair to be a first-class corps.

Mr. James Birney has the frame of his new house up on Locust street and nearly enclosed.

At a meeting of St. Paul's church, Montrose, on Easter Monday, the old Vestry were re-elected.

The mail for Tunkhannock will hereafter close at 9:45 a. m., and leave the office at 10 o'clock precisely.

Woman's Temperance Prayer-meeting, Thursday, (to-morrow) at the house of Mrs. G. V. Beutley, at 3 p. m.

On Easter Monday at St. Andrews church, Springville, the following named persons were elected Vestry, for the ensuing church year: Arad Wakelee, Albert Beardley, Wm. Baker, S. B. Lathrop, M. D. Dennison, Thomas Emery Culver and Philander Stevens. Rector's Warden, Arad Wakelee.

The General Committee of thirty and all Township Committees appointed to make arrangements for a general county celebration of the 4th of July, at Montrose are requested to meet at the Court House on Friday, April 28th, at one o'clock p. m., for organization and to perfect the arrangements.

W. H. Jessup, one of Committee.

The commencement exercises of the graduating class of the Montrose Graded School on Thursday evening last were a credit to all concerned. The chapel was crowded to overflowing. The essays, addresses, and music were varied and well received by the audience, which was manifested by frequent applause. The names of the graduating class were as follows: Miss E. Dora Newton, Miss J. Etta Scott, Miss Lillian Carlisle, Miss Anna H. Jessup, Mr. S. M. Horton, and Mr. W. K. Dolan.

The Silver Lake B. B. Association reorganized under the old title, "Pastimes," April 8th, 1876, by electing the following officers: President, John Powers; Secretary, Edson Hill; Treasurer, Herbert Meeker. It is expected to send the same little team of "Ponies" into the field this season as last, with one or two changes and will be coached under the same "genial Jerry" and his intentions are to make it "hot" for any nine that may take up the ash against them (not excepting those that offer prize bats.) Hoping to hear from some of our County B. B. Associations before long for "exercise" as Jerry styles it. We remain, Edson Hill, JOHN POWERS, Secretary.

Our ex-Chief of Police, Cora Kishpaugh, reported at headquarters at Philadelphia for duty on the Centennial police force, but being interested in a "suit" pending in Susquehanna county, he obtained a short leave of absence. The suit was satisfactorily terminated at Montrose, April 11th, having been referred to Rev. Dr. Cheshire for arbitration, the defendant declining to contest the case, and surrendering the hand of his daughter, Miss Ruth A. Morse, the object for which the plaintiff sued. The chief with his fair prisoner unbacked, though closely guarded, after kindly allowing her to take a fitting leave of friends and to receive many elegant presents, as souvenirs of former associations, conducted her to the train, and via Tunkhannock, they were whirled away toward their place of destination. Tunkhannock Republican.

Mrs. Anna Bailey of Liberty, this county committed suicide by drowning, on Friday last. She was heard to go out of the house about 2 o'clock in the morning. Her daughter, Mrs. Mary Mitchell, who resided with her, soon after, becoming anxious about her, went in search of her, but was unable to find her and she aroused the neighbors and a search was made. About 4 o'clock her body was found in Bailey brook a short distance from the house. The water was very shallow where she was found. Coroner Halsey summoned Isaac Comstock, jr., J. B. Chalker, John Pope, Harrison Smith, Simeon E. Warner, and Palfio C. Luce as the jury. The verdict was death by voluntary drowning. Mrs. Bailey was sixty years of age on the day of her death and a woman who was highly respected by her neighbors.

Last Friday afternoon about three o'clock Mrs. Wm. Hasbrook, of Clifford township this county, was accidentally drowned while crossing a foot bridge over the stream near Henry Riverburg's residence. Mr. Hasbrook went to Carbondale in the morning of that day, and his wife went with him as far as J. C. Decker's for the purpose of having a dress fitted. In returning she decided to take a shorter way home, than by the traveled road, which leads across the foot bridge above mentioned. The stream was greatly swollen by the storms, and, undoubtedly, she became dazed by its rapid flow, or the tottering condition of the bridge, and fell into the stream below. She was seen as she fell off by Mrs. Riverburg and Preston Ayres a young man who works for Mr. Riverburg, who gave the alarm. Mr. John Bolten who lives near by hearing the alarm ran for the creek together with young Ayres, both of whom were some sixty or eighty rods from the creek. When they arrived they saw Mrs. H. floating rapidly down stream and young Ayres plunged in, being a good swimmer, and strove to overtake her but was unable to do so and would have been drowned himself had he not been rescued by Mr. Bolten. When Mr. B. pulled him out upon the bank he said "I am all right, go after the woman" and Mr. B. did so, but having lost sight of her in rescuing young Ayres, she was not seen again until her body was found the next morning lodged among the flood wood some distance below. When Mr. Bolten returned to young Ayres he found him insensible but he rolled him about some when he began to recover. He is about now but at this writing, our informant says he is suffering considerably from the effects of the water. Mrs. Hasbrook was a heavy woman weighing 180 or 200 pounds and about thirty-five years of age. She leaves a family of four children, the oldest about fifteen and the youngest about five years of age, together with a husband, to mourn this sad and sudden, and to them, most terrible bereavement.

I. O. O. F. ANNIVERSARY.—M. R. D. Lodge, No. 7, and Montrose Lodge, No. 151, will unite in a sociable and festive, April 28th, afternoon and evening, at the Hall. All members and their ladies are cordially invited. Supper at 6 1/2 o'clock. A committee will be at the rooms during the afternoon to receive and arrange supplies. A good Centennial time is anticipated by the Committee.

SOLDIERS' MONUMENT.—At the meeting of the soldiers' Monumental Association, of Susquehanna county, called by the president, Hon. Wm. J. Turrell, held at his office on Friday evening, April 17th, 1876, after discussing several matters relating thereto, and finding that the fund on hand and subscribed for the monument, amounted to about \$2,000, it was, on motion, "resolved that we go to work and expend the money raised and pledged on a monument, and try and erect the same by the 4th of July next." "Resolved that when we adjourn we adjourn to meet Monday evening, next after Court, April 24th, and that the several committees may be ready to report at that time for action."

The committees to report are: On Design, Lyons, Searle, and Watrous. On Location, Jessup, Read, and Tyler. On Subscription, Blakeslee, Crocker, Warner, Watrous, and Searle. The members of said committees will please take notice, and be ready to report. It is hoped that at our next meeting all the members of the Association will be present for business. Let us do the best we can with the fund we have, it by further effort we cannot add thereto; and then if the county is not proud of our work, they can only blame themselves for not furnishing the funds needed when they had the chance.

REPORTER.

WYOMING CONFERENCE.—The annual session of the Wyoming Conference of the M. E. Church, was held at Binghamton, commencing on Wednesday, April 5th, and continuing one week. The attendance was full. The reports from the various churches showed a very prosperous year, and unusually large accessions to the membership. Among the items of local interest here, was the dropping of the name of Rev. INSURANCE NOTICE.—On or about the 10th of Nov. A. D. 1875, came into my office Mr. Wm. Mair, special agent of the National Board of Underwriters, claiming authority to inspect all my Fire Insurance Registers. I gave him my registers, belonging to the National Board Companies, for his inspection. He then demanded to see the registers belonging to the non-board Companies, which I positively declined to assent to, as there was no law of the National Board giving him such authority. He then telegraphed to the Hartford Fire Ins. Co., of Hartford Conn.—a Board Company—of my action in the matter. I soon received a dispatch from the President of the Hartford, Geo. L. Chase, esq., that the honor of his Company demand an inspection of all my Registers. I immediately replied, by letter, that I should decline to accede to their demands and that the books and papers belonging to them were subject to their orders. I now understand that they have succeeded in finding an agent here to represent them in my stead.

I give this notice to put my customers on their guard and to advise them to keep clear of a Company that are not only arbitrary in their rules, but want to control every other company which I represent; and some of my Non-board Companies are head and shoulders above them relative to assets and in honorably adjusting losses at this Agency. I had an honest loss in this county, over ten months ago, in the Hartford Ins. Co., which, up to this time, they refuse to pay, viz: that of George L. Lenheim & Co. of Great Bend, Pa.

As my policies in the Hartford expire I will take good care of my customers, holding them and place them in other good and responsible Companies.

Whenever any other National Board Fire Ins. Co. adopts the same arbitrary rule I shall take the same action as with the Hartford, viz: notify them that their books and papers are subject to their orders.

Drugs and Medicine.

WHAT IS

It is a liquid Liniment for House and stable use. A valuable combination, discovered by a celebrated English chemist and horse-farrier. Was introduced in the United States in the year 1856, and since that time, by its great success, in the cure of diseases, it has for itself that world wide reputation it so richly deserves, and now stands at the head of all Liniments un-rivalled.

AS A FAMILY MEDICINE.

It has already gained the confidence and admiration of thousands of households for its many cures of diseases were external applications are of so much importance. It is especially adapted as a family remedy for its peculiar chemical combination, possessing no harsh ingredients, (like tincture of Cayenne or red-pepper, of which cheap and valueless Liniments are largely composed,) which increase instead of diminish the inflammation, making it by nature a speedy cure for

RHEUMATISM, HEADACHE, SORE THROAT, COLIC, COUGHS, CHOLERA, TOOTHACHE, BRUISES, SPRAINS, LUMBAGO, CHAMPS, COLDS, CHILLS, FROST, TIC DOLORÉ, RUX, BURNS, CUTS, BITES OF POISONOUS INSECTS, &c.
