important at this particular time and is generiv misunderstood by the people.

-Now that the picnic season has about desed we expect to be relieved from that sterearped expression which nearly every one who poorts these affairs uses, to wit, "groaning ables." It's the invariable thing for the non molessional reporter to do, to refer at least once to the tables groaning beneath the weight of Il the luxuries of the season. It's past, that phase is, and it's a lie. Nobody ever heard ables groan at a picnic or anywhere else. Probably the donors of viands may groan in pirit at seeing their culinary beauties disappearing so rapidly, or the children-and grown ilks too, for that matter-may groan with pin at their uncomfortable insides, overloa led with indigestible food; but the tables don't roan. They may crack and tumble, but nevpetic and elaborately nonsensical phrase upon the English speaking world ought to be resurneted, reanimeted, and made to groan for his isbolical and hyperbolical invention.

THOUGHTS FOR SATURDAY NIGHT .- There is psurer test of integrity than a well proporwood expenditure. In all the affairs of this world so much repuution is ir reality so much power, Countries are well cultivated, not as they are ttile, but they are free. Republics come to an end by luxurious habis monarchs by poverty. Nobody looks any longer at the rainbow thich has lasted a quarter of an bour.

Let no man who wants to do anything for te soul of a man lose a chance cl doing somebing for his body.

People are never made so ridiculous by the falities they possess as by those that they afki to have.

Love never reasons, but profusely gives, like boughtless profligate, its all, and trembles hen lest it has done too little. Do not try to pass for more than you are with; if you do your duty, your good-qualis of head and heart, will be discovered and opreciated.

TIME AND PLACE ! NOW IS THE TIME TO PAINT. Lead and Oil cheaper than they have been known for years. Burn's Hagle Drug Store is the place to buy anything in the PAINT and DRUG line at the very lowest figures. A large assortment of Brushes and Varnishes constantly in stock. The celebrated Hall, Bradley, & Co.'s Pure White Lead constantly on hand, for which BURNS is the SOLE AGENT for Montrose

and vicinity. Montrose, April 19, 1876tf.

WE TAKE pleasure in calling the attention of our readers to the fact that the popular Dry Goods house of C. F. Sisson & Co., Bingham-ton, are now receiving an unusually large and complete assortment of new spring goods. Not-withstanding the cry of "hard times," this bouse informs us that their trade is larger than at any former season. This is easily accounted for by the fact that they always offer the most reliable goods at the same prices that many houses sell a very inferior grade. All the novelties of the season, both of toreign and do-mestic manufacture, may now be found upon their shelves, and a visit to their store, will con-yince anyone that that is the place to trade.

STANDARD CHARACTER AND STERLING MERIT

OF SANDERS' UNION READERS, &C., published in an appeal to their patrons, only a short time since, on the occasion of a determined effort, similar to the one now being made in this county, by agents of rival publishers, to displace these books.

The undersigned, residents of the 5th Normal District of Pennsylvania, comprising the counties of Bradford, Lycoming, Potter, Susquehanna, Sullivan, Tioga, and Wyoming, would respectfully represent, that since

SANDERS' UNION READERS AND SPEL-LERS, ROBINSON'S SERIES OF MATHE-MATICS AND SPENCERIAN COPY BOOKS. have been quite generally introduced into and are now in use as a whole, or in part, in a large inajority of the Public Schools of this Normal District, and believing, as we do, that these books are Standard Works of Sterling Merit, and among the very best published ; and, seeing no sufficient reason for a change, would earnestly advise any who may be tempted, by interested parties, to displace these books, to exercise great caution, and to be fully satisfied of the superior merit of the books proposed as substitutes, be-fore subjecting the Patrons to the additional expense of purchasing new books, as well as the schools to the great inconvenience and trouble incident to the Introduction or displacement of Text-Books-besides thereby preventing uniformity so nearly attained in this District.
