

Joseph Powell.

AN APPEAL TO THE FARMERS, MECHANICS, LABORERS, AND BUSINESS MEN OF THE XVTH CONGRESSIONAL DISTRICT.

We wish to make no appeal to partisan prejudice or passion. We would simply invite the laboring people—farmers, mechanics, laborers and business men, who make up the great mass of voters in this county—yes, in this whole country—to take a calm and dispassionate view of the situation, at this present time, irrespective of party bias. Let us candidly ask ourselves who can best represent our interests in Congress.

Many of you are practical farmers. If you were taken sick, or obliged to leave home, just when the plowing needed to be done, or the crops harvested, would you hire a laborer to take your place on the farm who did not know a plough from a pruning-hook, and could not tell one kind of grain from another? Would it be any recommendation to you that he could mount the first stump and talk beautifully of the "nobility of labor?"

Many of you are skillful mechanics. Would you send a workman to select the materials for a building who did not know an oak from a pine, or a basswood from a black walnut? Would you trust him any the sooner because he was in the habit of climbing dry goods boxes, and delivering long winded harangues upon the prosperity of the laboring classes?

Many of you are engaged in various kinds of business operations, requiring experience and judgement to conduct your affairs successfully. Would you confide your most important interests to one who had no practical knowledge of the specialties of your calling? Would it enhance his merits in the slightest degree because he could *orate* fluently upon questions of finance?

Voters of the XV District, whether farmers or business men, we ask you to exercise the same practical good sense at the polls in November, as you do in the daily avocations of life. The question before you is one of the gravest import. Can any flaunting campaign falsehoods blind you to the fact that your most vital interests are at stake?

Fellow workmen, remember that Joseph Powell was not reared in luxury. His early life was devoted to the labors of the farm upon which he was born. Since then he has been engaged in mercantile and other business pursuits. He is one of your class, and knows your wants through a long and practical experience. He has not a dollar in the world that has not been earned by honest and unremitting industry. You respect him because instead of *hoarding* wealth wrung from the poor by *extortion* and *usury*, he has proved himself your generous and helpful friend. Did the story of your needs ever meet from him a cold indifference or brutal contempt?

Ask yourselves whether you need as a Representative in Congress, a capable, loyal and efficient worker or a glib-tongued talker. Mr. Powell is not a public speaker. The unassuming modesty of his character is only equaled by its sterling merits. Jefferson never made a speech in his life. Kosuth was gifted with marvelous powers of oratory. Which did the most for his country? We leave you to draw your own inferences.

We wish to make no unfavorable comparisons. We only ask you to consider this question fairly and deliberately. Which of the two candidates is most likely to serve you faithfully and efficiently, the one whose interests now are, and always have been identified with yours; or the one who both by *precept* and *practice* is placed in direct antagonism with the laboring classes? Can you doubt the man who has had the courage and independence to *work* and *vote* for your interests; and whose stainless integrity of character not the vilest partisan demagogue dare *openly* to question. Can you fully trust the agent of the Towanda Ring, who will be *compelled* to serve the selfish purposes of the men who made him a candidate, however much the interests of the people may suffer?

Choose whether you will re-elect your *true* and *tried* friend, whose honesty and fidelity in your service have been proven by a life spent in working with, and for you, or whether you will elect as the real representative of your interests, one who by *birth, habits and profession*, can have no understanding of, or sympathy with, the wants of the people of this district.

THE EXTRA PAY OUTRAGE.

The Court House Ring Republicans are, as might be expected, filled with dismay at our exposure of their responsibility for the Extra Pay Bill, whereby an extra burden of thousands of dollars will be placed on the backs of the taxpayers of this county.

1. That the bill to increase the pay of County Commissioners, while building a new Court House, was READ IN PLACE by Senator Watson of this district.

2. That Senator WATSON REPORTED THE BILL FROM THE COMMITTEE, on the first day of March 1876.

3. That the bill came up for final passage in the Senate on the 16th day of March following, when the following proceedings were had. (See page 1124 of the *Legislative Record*):

"PAY OF COMMISSIONERS."

"Agreeably to order, the Senate proceeded to the third reading and consideration of Senate Bill, No. 198, entitled 'An act to further regulate the pay of County Commissioners.'"

"Said bill was read at length the third time."

"On the question."

"Will the senate agree to the bill?"

"Mr. Watson—Mr. President, I don't wish to take up a moment's time about this bill, but if there is to be any misunderstanding about it that it is to increase the pay of Commissioners where they are already paid a certain rate per day for all their services, I would like to say something about it. I don't wish any misunderstanding. There are certain counties where they are allowed three dollars per day for a certain number of days and one dollar and fifty cents after that. Now, IT OCCURS THAT ONE COUNTY IN MY DISTRICT where their salary is regulated in this way that THEY DESIRE VERY MUCH TO BUILD COUNTY BUILDINGS, and to do that the Commissioners MUST be allowed to draw pay for that time. This bill does not interfere with any of the regulated salaries of the Commonwealth with regard to County Commissioners."

"The bill passed finally."

As there are only two counties in Senator Watson's district—Wayne and Squehanna—and the Jail Ring of the latter had already misappropriated about \$90,000 of money extorted from the taxpayers to put up their new county buildings, we presume there will be no longer any denial of the fact that our Republican Senator had his mind's eye on the new Court House of Wayne county when urging the passage of the above act. *

This is a question which cannot be shirked. One of two things is sure. Either Senator Watson introduced and procured the passage of an act taking thousands of dollars from the pockets of our taxpayers without consultation with them as to whether it was or was not wanted; or he took the course he did upon the solicitation of certain citizens of Wayne county. The first proposition is so unlikely that it is needless to dwell upon it. It may be regarded as absolutely certain then, that some one in this county drew up the bill in question, forwarded it to Mr. Watson, assured him that its passage was necessary to the new Court House project, and urged him to bring it to a final vote at the earliest possible date?

What we want to know, Mr. Watson, is this: Was that active and officious personage any other than George G. Waller, who is now seeking to be your successor as Senator from this district?—Was not the Extra Pay Bill drawn up in his office, either by himself or one of his law-partners? Did not George G. Waller write you while the bill was pending urging you to hasten its passage? Did any Democrat in Wayne county write you in relation to the bill, or petition for its passage?

These are plain questions, Mr. Watson, and questions to which your constituency in Wayne county are entitled to plain answers.

Let us hear from you.—Wayne County Herald.

KIDNEY COMPLAINT.

Probably there is no complaint that afflicts the human system, which is so little understood at the present time, as some of the varied forms of Kidney Complaints.

There is no disease which causes such acute pain or more alarming results than when the kidneys fail to secrete from the blood the uric acid, and other poisonous substances, which the blood accumulates in its circulation through the system.

If from any cause the kidneys fail to perform the functions devolving upon them, the accumulations are taken up by the absorbents and the whole system thrown into a state of disease, causing great pain and suffering, and very often immediate death. Hence the importance of keeping the kidneys and blood in a healthy condition, through which all the impurities of the blood must pass.

PAIN IN THE BACK.

There is no remedy known to medical science which has proved itself more valuable in cases of Kidney Complaints than the *Vegetine*. It acts directly upon the secretions, cleanses and purifies the blood, and restores the whole system to healthy action.

The following extraordinary cure of great sufferer, who had been given up by the best physicians as hopeless cases, will speak for themselves, and should challenge the most profound attention of the medical faculty, as well as of those who are suffering from Kidney Complaint.

THE BEST MEDICINE.

East Marshfield, Aug. 22, 1870.
Mr. Stevens: Dear Sir—I am seventy-one years of age; have suffered many years with kidney complaint, weakness in my back, and I was induced by friends to try your *Vegetine*, and I think it the best medicine for weakness of the kidneys I ever used. I have tried many remedies for this complaint, and never found so much relief as from the *Vegetine*. It strengthens and invigorates the whole system. Many of my acquaintances have taken it, and I believe it to be good for all the complaints for which it is recommended.

Yours truly,
JOSIAH H. SHERMAN.

Boston, May 30, 1871.

Mr. Stevens: Dear Sir—I have been badly afflicted with Kidney Complaint for ten years; have suffered great pain in my back, hips and side, with great difficulty in passing urine, which was often, and in very small quantities, frequently accompanied with blood and excruciating pain.

I have faithfully tried most of the popular remedies recommended for my complaint; I have been under the treatment of some of the most skillful physicians in Boston, all of whom pronounced my case incurable.

This was my condition when I was advised by a friend to try *Vegetine*, and I could see the good effects from the first dose. I took a dose, and from that moment I kept improving until I was entirely cured, taking in all, I should think, about six bottles. It is indeed a valuable medicine and I should be afflicted again, in the same way, I would give a dollar a dose, if I could not get it without.

Respectfully,
J. M. GILE.

361 Third Street, South Boston.

NEARLY BLIND.

H. R. Stevens: Dear Sir—I am expressing my thanks to you for benefit derived from the use of *Vegetine*, and to benefit others, I will state—

When eight or nine years old I was afflicted with Scrofula, which made its appearance in my eyes, and I was very near blind for two years. All kinds of operations were performed on my eyes, and all to no avail. I finally the disease principally settled in my body, limbs and feet, and at times in an aggravated way.

Last Summer I was from some cause weak in my spine and kidneys, and it was at times very hard to retain the urine. Seeing your advertisement in the Commercial, I bought a bottle of *Vegetine*, and commenced using it according to directions. In two or three days I obtained great relief. After using four or five bottles I noticed it had a wonderful effect on the rough, scaly blotches on my body and legs. I still used *Vegetine* and the humors were one after another disappeared until they were all gone, and I attribute the cure of the two diseases to *Vegetine* and nothing else.

If I am ever afflicted with any thing of the kind again I shall try *Vegetine* as the only reliable remedy.

Once more accept my thanks, and believe me to be, Very respectfully,
AUSTIN PARROTT.

Dec. 1, 1872. No. 35 Gano St., Cincinnati, Ohio.

Diseases of the Kidneys, Bladder, &c., are always unpleasant, and at times they become the most distressing and dangerous diseases that can affect the human system. Most diseases of the kidneys arise from impurities in the blood, and the humors which settle on these parts. *Vegetine* excels any known remedy in the whole world for cleansing and purifying the blood, thereby causing a healthy action to all the organs of the body.

VEGETINE is sold by all Druggists.

Testimony of the Whole World.

HOLLOWAY'S PILLS.

Extracts from Various Letters:

"I had no appetite; Holloway's Pills gave me a hearty one."

"Your Pills are marvellous."

"I send for another box, and keep them in the house."

"Dr. Holloway has cured my headache that was chronic."

"I gave one of your Pills to my babe for cholera morbus. The dear little thing got well in a day."

"My nausea of a morning is now cured."

"Your box of Holloway's Ointment cured me of noises in the head. I rubbed some of your Ointment behind the ears and the noise has left."

"Send me two boxes. I want one for a poor family."

"I enclose a dollar; your price is 25 cts, but the medicine to me is worth a dollar."

"Send me five boxes of your Pills."

"Let me have three boxes of your Pills by return mail for Chills and Fever."

I have over 200 such testimonials as these, but want of space compels me to conclude.

For Cutaneous Disorders,

and all eruptions of the skin, this ointment is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

Holloway's PILLS

invariably cure the following diseases:

Disorder of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they are afflicted with stones or gravel, or with aches and pains settled in the loins, over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bedtime. This treatment will give almost immediate relief when all other means have failed.

For Stomachs out of Order.

No medicine will so effectively improve the tone of the stomach as these Pills; they remove all acidity occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of Spasm—in fact they never fail in curing all disorders of the liver and stomach.

HOLLOWAY'S PILLS are the best known in the world for the following diseases: Ague, Asthma, Bilious Complaints, Diarrhoea on the Skin, Bowels, Constipation, Debility, Dropsy, Dysentery, Erysipelas, Female Irregularities, Pains of all kinds, Piles, Rheumatism, Indigestion, Inflammation, Jaundice, Liver Complaints, Lumbago, Piles, Rheumatism, Detention of Urine, Scrofula, or King's Evil, Sore Throat, Stone and Gravel, Tic-Donneur, Tumors, Ulcers, Worms of all kinds, Weakness from any cause, &c.

IMPORTANT CAUTION.

None are genuine unless the signature of J. Haydock, as agent for the United States, is engraved on each box of Pills and Ointment. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be so.

*Sole and the manufactory of Professor Holloway & Co., New York, and by all respectable druggists and dealers in medicine throughout the civilized world, in boxes at 25 cts, 50 cts, and \$1 each. *There is considerable saving by taking the larger sizes.

N.B.—Directions for the guidance of patients in every disorder are affixed to each box.
