A Scranton girl has two breach of promise cases before the courts.  
The M. E. Church at Mt. Pleasant cleared \$75 by the celebration on the 4th of July.

Col. V. E. Polette has been engaged to deliver the address at the Fair of the Berks county Agricultural Society next September.

County treasurer McNeish and City treasurer Durkin have both been enjoined from collecting mercantile tax in Scranton on a test case.

The Northeastern Convocation of the Episcopal church was held at Wilkes-Barre last week. Rev. E. A. Warriner of Montrose preached the Convocation sermon.

The Scranton Journal says the steel works in that city are successfully manufacturing railroad rails 60 feet long. They are rolled that length and then cut into two rails.

The Bradford delegates to the Democratic State Convention are as follows: Senatorial, Colonel J. F. Means; Representative, W. S. Dobbins, James S. Murry and S. W. Buck.

It is reported that two young ladies are about to start a weekly paper at Canonsville, Delaware county, N. Y. They will, undoubtedly, be welcomed to the ranks of journalism.

Thursday next, the 26th inst., is the third anniversary of the organization of the St. Patrick Total Abstinence Society, and the members will celebrate the day by a festival in Leonard's Grove.—Binghamton Times.

The Board of Pardons refused to entertain the Beamish case at their meeting last week. The next meeting of the Board will be on the first week in Sept., and will be the earliest time that application can now be made for pardon.

Judge Harding, on Saturday, June 30th, delivered his decision in the Barber-Trimmer contested election case, awarding the office to the present incumbent, Col. A. P. Barber, by dismissing the complaint of Dr. Trimmer.

Judge Harding, of Luzerne county, recently sentenced a man who had been found "not guilty" to eighteen months' imprisonment. He promptly revoked the sentence when informed by the clerk of the court that he had incorrectly announced the verdict of the jury.

The Honesdale Citizen says that Richard Magenty, who was concerned in a stabbing case at Waymart, over three years ago, has returned to his home in Clinton, having served the term for which he was sentenced to the penitentiary, three years and ten months.

Doc Sweeney, the Carbondale bank robber, died in the eastern penitentiary a few days ago. Two other convicts from Luzerne county have died in that institution the past few months—one of them, Hen Detrick, a burglar and would-be assassin, who had been sentenced to a term of seventeen years.

The Scranton Republican says: Tuesday, the 26th ult., was the most fatal day of the month in the mines of this district, no fewer than three men having been killed in this locality, from the active agent of death, the falling roof.

Scranton has a man whose child died two years ago in great agony by hydrophobia. He then swore to poison every dog he could. The Republican thinks from the manner in which the canines have been suddenly expiring in his vicinity of late, he means to keep his oath.

A tornado, the track of which was

only ten rods in extent, passed over Abington, Luzerne county, on Tuesday night, 28th ult., and did considerable damage, uprooting trees, unroofing houses, leveling fences and prostrating grain in its course.

We learn from the Pittston Gazette that a mysterious murder was committed below Wyoming village, Saturday night, the 24th ult. A special train on the L. & B. R. R. ran over a man named Patrick Connolly, whose head was upon the track, completely decapitating him. Upon investigation it was discovered that he had been shot and stabbed, and it is supposed he had been placed on the track by his assassins. A pistol was found near the dead man. It is reported that he attended a party in the neighborhood that night and had some trouble while there.

The Susquehanna Medical Society held a session at Factoryville on the 27th ult., at which Dr. Richardson, of Montrose, presided; Dr. Pennypacker delivered the address, and short speeches were made by Drs. Dana and Smith of Tunkhannock, Prof. Harris of Keystone Academy and Elder Cole of Factoryville, after which the clinic and other business was brought before the Society, the members adjourned to the residence of Dr. Brundage and enjoyed a season of social reunion. The next meeting will be held at Montrose the second week in October.

A severe thunder storm passed over Milford, Pike county, July 5th. During the progress of the storm a sad and fatal accident occurred within the borough limits. A young man named Joseph Meekins, a resident of Delaware township, aged 24 years, and a near neighbor of his named A. J. Doty, came to Milford with a load of bark. Having sold and unloaded it at the tannery of A. D. Brown, they started for a store down town to do some trading. Meekins was driving his team being a valuable span of mules which only a short time previously cost him \$500—while Mr. Doty sat on the same seat to the left. They were ascending a small hill leading from the tannery to Broad street, when Meekins and both mules were struck by lightning and instantly killed. Doty suffered but little from the effects of the shock. Meekins never moved after he was struck.

## State Items.

A Norristown man, after being idle for months, broke his collar bone the first day he got work.

Twelve persons have been hung in Dauphin county since its organization. Six of these were colored.

With the exception of wheat, the crops in Berks county are reported unusually good. The crop of hay is very heavy.

A man named Joseph Gillett fell from the roof of the Catholic church at Pittsburg and was instantly killed.

While a Reading man was hauling hay from a meadow his horse sank in a quicksand, and it took four men and two horses several hours to drag it out.

Mayor Evans, of Reading, has just received notice of the death of a relative in Wales who leaves half a million dollars in the division of which the Mayor will participate.

Steinsville, Lehigh county, seems to be a great cabbage producing locality. One man sold this spring 384,000 plants at from \$2 to \$2.50 per thousand, realizing the neat sum of \$1,000 out of his product.

The Washington county farmers have sold several hundred thousand dollars worth of wool during the past three weeks. Green county grangers, too, have made big sales. Forty-five cents per pound is the ruling price.

On Thursday evening of last week, Mrs. Susan Hugue, the oldest inhabitant of Philadelphia, died at the residence of her daughter, Mrs. Mary Edwards, No. 1025 Hanover street, in the one hundred and sixth year of her age.

In breaking eggs for use, Mrs. John Bohler, of Jalapa, Schuylkill county, found a small but perfect egg with speckled shell, inside of a hen's egg. On breaking this little egg it was found to contain a partially developed but perfectly formed snake.

One of the biggest bluffs ever made in this State occurred on Thursday at the Lamberton quarries, in Bucks county. The ledge was sixty-three feet long, twenty-seven feet high and thirty-nine feet wide. The whole mass thrown out, weighing 5,478 tons, was the result of a dozen kegs of powder.

The dust that accumulates in the Philadelphia mint is all carefully gathered and sold to smelters. Recently that which gathered on the asphalt roof was taken off and submitted to the usual process, and the result shows that 42 ounces of standard gold and 96 ounces of standard silver—a total valuation of about \$850—had been conveyed in the upward flight of the smoke of the chimney to the place where it became located for a season.

Mr. George Crane, an amateur bee culturist, of Columbia, has been recently rewarded with the most gratifying success. Upon removing the caps, six in number, from one of the hives of the usual size, they were found to contain no less than one hundred and sixteen pounds of comb, not including that contained in the body of the hive, estimated at about fifty pounds, but which was not removed. The caps were replaced with new ones, and the bees are once more at work in their new storehouse. This is an extraordinary yield.

## News Gleanings.

John Babbleton, author of "Helen's Babies," has left the editorial staff of the New York Herald and will devote himself to book-making.

"Did anybody ever see Soldene eat corn off the cobb?"—New York Herald.

Certainly. We've seen her with an ear at each end of her mouth.—Pittsburg Post.

One of Henry C. Bowen's sons let the cat out of the bag at Woodstock on the Fourth by calling for three cheers for Mr. Blaine, the next President of the United States.

The Bank of Pike County, at Louisiana, Mo., has stopped business. Its liabilities are \$160,000. It was considered one of the soundest institutions in that part of the state.

Bishop Lynch, of Charleston, S. C., has denied a report that has gained circulation to the effect that he is to be transferred to the Archbishopric of New York as coadjutor to Cardinal McCloskey.

When a London World reporter went to interview Grant, the General gave a long sigh and ejaculated: "This seems like home. I feel as if I were in the States once more. Jesse, order up a julep for the young man."

Mrs. Nicholas Smith, formerly Miss Ida Greeley, has a son two months old. He is named Horace Greeley, his parents saying: "We have no right to make Smith a tender for Horace Greeley to drag through the world."

Only three persons have life-passes on the Hudson River Railroad. One is John B. Jervis, the first engineer of the road; another is his wife; and the third is Gov. Kimball, of West Point. The passes are made of solid silver, on which is engraved the name of the holder, date when given, and occupation.

A Springfield (Mass.) man made a will and a miscalculation at the same time. In devising his estate, he left one-third to his wife, one-third to his child, and the other third to a child unborn. The party unborn proved to be twins, and the executor is in a sorrowful fix as to the disposition of the property, begging the Probate Court in vain for help.

## VEGETINE

AN EXCELLENT MEDICINE.  
SPRINGFIELD, O., Feb. 18, 1877.  
This is to certify that I have used Vegetine, as recommended by H. R. Stevens, Boston, Mass., for Rheumatism and General Prostration of the Nervous System with good success. I recommend Vegetine as an excellent medicine for such complaints.

Yours very truly,  
C. W. VANDERGRIFT.  
Mr. Vandergrift, of the firm of Vandergrift & Huntman, is a well-known business man in this place, having one of the largest stores in Springfield O.

LOUISVILLE, Ky., Feb. 16, 1877.  
Dear Sir—Three years ago I was suffering terribly with inflammatory Rheumatism. Our minister's wife advised me to take Vegetine. After taking one bottle, I was entirely relieved. This year, feeling a return of the disease, I again commenced taking it, and am being again benefited greatly. It also greatly improved my digestion.

Respectfully,  
MRS. A. BALLARD.  
1011 West Jefferson street.

SAFE AND SURE.  
Mr. H. R. STEVENS.  
In 1872 your Vegetine was recommended to me, and, yielding to the persuasions of a friend I consented to try it. At the time I was suffering from general debility and nervous prostration, superinduced by overwork and irregular habits. Its wonderful strengthening and curative properties seemed to affect my debilitated system from the first dose; and under its persistent use I rapidly recovered, gaining more than usual health and good feeling. Since then I have not hesitated to give Vegetine my most unqualified indorsement as being a safe, sure, and powerful agent in promoting health and restoring the wasted system to new life and energy. Vegetine is the only medicine I use, and as long as I live I never expect to find a better.

Yours truly,  
W. H. CLARK,  
120 Monterey Street, Allegheny, Pa.

THE FOLLOWING LETTER FROM REV. G. W. MANSFIELD, FORMERLY PASTOR OF THE METHODIST EPISCOPAL CHURCH, HYDE PARK, AND AT PRESENT SETTLING IN DOWELL, MUST CONVINCE EVERY ONE WHO READS HIS LETTERS OF THE WONDERFUL CURATIVE QUALITIES OF VEGETINE AS A THOROUGH CLEANSER AND PURIFIER OF THE BLOOD.

HYDE PARK, Mass., Feb. 15, 1876.  
MR. H. R. STEVENS.

Dear Sir—About ten years ago my health failed through the depleting effects of dyspepsia; nearly a year later I was attacked by typhoid fever in its worst form. It settled in my back, and took the form of a large deep-seated abscess, which was fifteen months in gathering. I had two surgical operations by the best skill in the State, but received no permanent cure. I suffered great pain at times, and was constantly weakened by a profuse discharge. I also lost small pieces of bone at different times. Matters on this about seven years, till May, 1874, when a friend recommended me to go to your office and talk with you of the virtues of Vegetine. I did so, and by your kindness passed through your manufactory, noting the ingredients, &c., by which your remedy is produced.

By what I saw and heard I gained some confidence in Vegetine. I commenced taking it soon after, but felt worse from its effects; still I persevered, and soon felt it was benefiting me in other respects. Yet I did not see the results I desired till I had taken it faithfully for a little more than a year when the difficulty in the back was cured; and for nine months I have enjoyed the best of health.

I have in that time gained twenty-five pounds of flesh, being heavier than ever before in my life, and I was never more able to perform labor than now.

During the past few weeks I had a scrofulous swelling as large as my fist gather on another part of my body. I took Vegetine faithfully, and it removed it level with the surface in a month. I think I should have been cured of my main trouble sooner if I had taken larger doses, after having become accustomed to its effects.

Let your patrons trouble with scrofula or kidney diseases understand that it takes time to cure chronic diseases; and, if they will patiently take Vegetine, it will in my judgment, cure them. With great obligations I am  
Yours very truly,  
G. W. MANSFIELD,  
Pastor M. E. Church.

FABREIRA'S CONTINENTAL BALSM.—The great Diarrhoea Antidote. A few of the many reasons why every person should keep a bottle of the Continental Balsam in their house: First, it will cure almost instantly all cases of pain, cramps, colic, dyspepsia, or looseness of the bowels. Second, it will cure the chronic diarrhoea of long standing. Third, it is one of the best remedies in the world for children while teething, as it gives instant relief without subjecting them to any injurious effect. Fourth and last, The price being so low, 25 and 50c per bottle, that the poorest can afford to buy it. Sold by John Fabreira, Sole Proprietor, 224 North Ninth Street, Philadelphia, and druggists generally.  
June 6, 1877.—1c

TAKE NOTICE.  
LOOK OUT FOR YOUR OWN INTEREST.  
The result of Spring trade has shown the amount of goods that had to be slaughtered to pay debts, yet, whilst the masses go down before the sweep of the panic, live men, who have the money to buy, are able to quote prices that ought to deride the bare whisper of competition, and whilst the credit houses are tottering on the verge of Bankruptcy or ruin, the cash man marches over the road the unquestioned master of the situation.  
From the sheriff to the assignee sale and bankrupt, and from every sale the want of the Mighty Dollar is known, and these are unanswerable arguments. The sledge hammer drives to show the difference between cash and credit—between the right and wrong. R. Winters of Friendsville, Susquehanna Co., Pa., after coming from New York city and paying cash for his goods at the lowest price, defies competition, and has bought a general stock of goods to numerous to mention—such as Dry Goods, Groceries, Boots and Shoes, Ready made Clothing, Groceries, Hats and Caps, etc. and everything the honest country wants.  
Remember the place—close to the Post Office.  
Friendsville, July 11, 1877. R. WINTERS.
