

From the New York Tribune.
Riots at Montreal.
Several telegraphic dispatches announce that on Wednesday last, in consequence of the Royal Assent having been given to a bill passed by a very large majority in the House of Assembly of Canada, and agreed to in the Legislative Council, appropriating \$400,000 toward the payment of losses and injuries sustained by individuals during the troubles in 1837 and 1838, a body of the Tory, or Orange party, under its chiefs, some of whom are said to have been since arrested for High Treason, appeared in front of the Parliament Buildings, which they injured with stones and set fire to, despoiling the whole of the Journals and Records of the Legislature since 1761, and one of the most valuable libraries in America (a loss which is, in many respects, irreparable); also, the splendid pictures, furniture, &c.

Arrival of the Cambria at Boston.
The Cambria arrived at Boston this morning about 6 o'clock, upon examination of the papers, we find the following highly interesting news from Constantinople. Numerous changes have taken place in the ministry of the Sublime Porte, by which Suliman Paisha, the great enemy of Russia, has become minister of War. The Turks have seized a Russian Custom House, and are administering the affairs themselves. It is also stated that the Egyptian army are coming up, and everything presents the most warlike appearance.

Corroboratory Evidence in Mississippi.—Mr. D. O. Williams, of Hinds, has addressed a letter to the Vicksburg Sentinel upon this subject, which he closes by expressing the belief that it is only a question of time as to the general introduction of manufactures in Mississippi; he has no doubt but the individual is now living to see Mississippi Lowells and Linseys keep out of the market all other goods of the same description; nor is the time distant when bagging made from cotton will as effectually take the place of Kentucky and Missouri hemp bagging, as the writer himself has seen the Kentucky bagging drive entire from the market the Inverness and Dundee, the only kinds of bagging used twenty-five or thirty years ago. Slave labor will be found cheaper and better adapted to manufacturing purposes than free labor. When capital and labor are properly divided, the South will become the most prosperous section of the Union.

Howe & Co's United States Circus.
The immense Establishment, the largest and most complete ever organized, comprising the best Equestrian and Gymnastic Trains ever collected, with a Staff of HORSES and PONIES superior to any other in the country, will exhibit in Montreal, Monday, May 10th, 1853.
The U. S. Circus in its progress through the country will be preceded by the great triumphant band of the Grand Colored Horse, and followed by the celebrated New York Brass Band. The magnitude and splendor of this immense vehicle baffles description. It is the only one of modern times which approaches the colossal achievements of art described in ancient history. Its weight exceeds five tons, and its elaborate carving and gilding surpasses anything of the kind ever witnessed. The famous John May is acknowledged universally as the best Clown in the World, is a member of this Company. Also, Mr. Richard Rivers, the best Principal Rider living; together with Mr. B. R. Roberts, the Hercules 2 and 4 Horse rider; CHAMP WOOD, the wonderful Chinese Riddle Performer; Mr. G. W. Spencer, the great Dramatic Equestrian; Moss, HUNTER, the celebrated Cannon Ball performer; Mr. Cole, the unrivalled Contortionist; Miss Johnson, and Mesdames Cox and Johnson, Female Equestrians of celebrity; Mr. B. W. Smith, the prince of can-can-singers; Messrs. ANDERSON, BLISS, KENNEY, T. SALL, JOHNSON and MILLER, first class Gymnasts, and others of acknowledged talent in the various departments. The greatest wonder of any age.
Major Little Finger, the smallest Human Being in existence, will be exhibited in the ring, together with his Fairy Equipped, &c. Without extra charge.
Admission, Box 25 cents; Pit 25 cents; Children under 9 half price. Doors open at 2 and 7. Performance commences at 2 1/2 and 7 1/2 P. M. The same will be exhibited at Glasgow, May the 5th.

Notice
To Wholesale Dealers and Retailers of Merchandise, &c., within the County of Susquehanna.
In pursuance of the act of Assembly of this Commonwealth, of the 15th day of May, A. D. 1841, entitled an act to provide a mode to meet the demands upon the treasury and for other purposes, and an act of April 16th, A. D. 1845, entitled an act to increase the revenue and diminish the legislative expenses of the Commonwealth, also an act passed the 22d day of April, A. D. 1846, entitled an act to provide for the reduction of the Public Debt, the undersigned, Appraiser of Mercantile Goods for Susquehanna County, has prepared a list of all Merchants trading or doing business within said county, and placed each of the said Merchants in that class which to him appears right and just according to the provisions of said acts, of assembly as follows, viz:

CHERRY PECTORAL
For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, CROUP, ASTHMA, WHOOPING-COUGH AND CONSUMPTION.
The most distinguished Physicians in the United States and Europe, have testified in the most unequivocal manner, that this preparation has been laid before them, and that it is an article of rare excellence and one better calculated to cure all forms of Pulmonary disease than any other remedy known. Read the following testimony and judge carefully for yourself—it is from men of known respectability, not from persons of whom you have never heard.
Dr. J. V. Smith, Surgeon of the Fort of Boston, says:—It gives me pleasure to speak with appreciation of such a medicine as is here offered to the public. I fully prepared to give my name to the longest Cherry Pectoral ever known.
The Editor of the London Lancet says: We can speak with confidence of its intrinsic merit.
Dr. Perkins, the venerable Professor of Medicine at the Medical College of Philadelphia, has given his excellent for the most formidable type of disease in our climate—Consumption.
Prof. Cleveland of Bowdoin College, writes: I have witnessed the effects of your Cherry Pectoral in my own family, and that of my friends, and it has given great satisfaction in cases of both adults and children.
Valentine Mott, M. D., Prof. of Surgery, New York City, says:—It gives me pleasure to testify in favor of this beautiful and truly invaluable remedy in diseases of the Lungs.
Dr. R. S. Physical Examinationer writes:—This new Medical Chemical adds another proof that the sciences and arts are rapidly advancing in America.
The Rt. Rev. Lord Bishop of New Foundland writes in a letter to his friend, who was not asking similar the affection of the Lungs—Try the Cherry Pectoral and if any medicine can give you relief with the blessing of God, I will be glad to state that "the prevailing Asthma of this insalubrious climate has yielded with surprising rapidity to Ayer's Cherry Pectoral, and we cannot too strongly recommend this skillful preparation to the Profession and public generally."
The distinguished Prof. Hare, of the American College of Medicine, says, in the lecture before his class: "This elegant compound by an eminent chemist of New England affords you an invaluable remedy in treating the various diseases of the lungs. By its skillful use, you can rely upon curing, and often with surprising rapidity, the most violent and dangerous attacks of pulmonary disease."
If there is any value in the judgment of the wise, here is a remedy on which the public can depend. Prepared by J. C. AYER, Lowell, Mass. Sold by ADEL TURRELL, Druggist &c., Montreal, Pa. April 26, 1849.
