The winter session, of five months, commences on the first day of November. Circulars with full particulars furnished on application.

Valuable testimony from the south
We like, at all times, to give credit when credit is due, and if at the same time we can relieve the distressed, we are doubly gratified; we therefore give the following voluntary testimony as to the beneficial effects of Wistar's Balsam of Wild Cherry, by the editor of the Columbia South Carolina, who appears to have obtained great relief by its use—*Old Dominion, Portenouth, Virginia.*
Dr. Wistar's Balsam of Wild Cherry.
We seldom resort to patent medicines, having a great respect for the skill of the regular profession, but chance threw into our way the above named medicine, immediately after the close of the last session of the Legislature, when our lungs were almost dried up by the high rarified atmosphere of stove warmed state House. The Balsam immediately relieved us of a most harassing cough, which threatened our health, in a serious degree. We feel that we are indebted to it for some fifteen pounds of animal weight—which addition once felt, cannot be forgotten.
None genuine unless signed *J. Butts* on the wrapper.
For sale by ABEL TURRELL, Montrose.

Goods for ready pay.
And at Ready pay prices, by Wright & Bennett.
HAVING determined hereafter to sell goods cheaply to our large and excellent stock of merchandise. It is our intention to keep a more extensive and complete assortment than any other store in this vicinity, and to sell goods at lower prices than any one can sell who is doing business on the credit system. We wish it distinctly understood that we can sell cheaper for cash or produce than our neighbors can for cash or produce, as we shall have no expenses for collecting accounts, no expenses for collecting debts, and no bad debts to make up. In addition to the articles usually kept in a country store, we shall keep an assortment of Parlor and Cooking Stoves of the newest and most approved patterns; Stove Pipe and Zinc, Iron and Steel, Bedsteads and Chairs, Sole and Upper Leather and Shoe Findings. To the Boot and Shoe trade we give particular attention, keeping a larger stock on hand than any other store in the county.
A Grain of all kinds, Hemlock Bark, Socks, Flannel, Wool, Butter, Cheese, Dried Apples, Hides, Pelts, Skins, Furs, Cattle, Sheep, Pork, and almost every other description of farming produce taken in exchange for goods.
Believing that the Ready Pay system is calculated not only to promote our own interests, but to benefit the farmers and mechanics of this country generally, we ask a fair trial from our old customers, and solicit the trade of all who are willing to try the plan of paying down.
TO THOSE INTERESTED.
All persons indebted to us on notes due, or on Book account, are requested to settle the same immediately, as we are determined to bring all matters of credit to a close at an early date.
WRIGHT & BENNETT.

Whiteites Improved Double Oven Hot Air Cooking Stove.
THE above stove was patented in the fall of 1847, and was got out the last year. It is considered in many respects to be a decided improvement on every other kind of Cooking Stoves. It undoubtedly requires less fuel for cooking and baking than most if not all other stoves now in use.
The subscriber has obtained the exclusive right of vending this stove in the county of Susquehanna and Wayne, and having a large number of them manufactured at the "Eagle Foundry" in this village in a neat style, offers them for sale. They can be had at the Foundry, at the store of Messrs. Rose and Simpson's or of the subscriber.
