IBAAC POST, Sec y. Mov. 32, 1949. 1000 Lat same Land You you be Goder's Lady's Book for 1850.

"The book of the Nation," the oldest Magazine in America. Published by the present proprietor for twenty years. Edited by Mrs. Sarah J. Hale. The publisher of the Lady's Book, knowing how completely he put down all opposition in 1849, and being assured that the public is also acquainted with the feet with this fact, deems it only necessary to say that in 1850 he will improve on 1849; and he will, as in 1850 he will improve on 1849; and he will, as usual, give more reading and more engravings than his cotemporaries. Perhaps a little comparison of what he did last year, and what his adversaries did, may be amusing, if not instructive to those about to subscribe for a monthly magazine. One thing the public may be assured of, that the public reads to be a post of the line of the Reservation to lisher of Godey's Lady's Book will not falsify his progreeties as he described as follows, to wit: Beginning at a post standing in the Reservation: I do not have been supported by the north east corner of Josiah B. Chamberlin's lot, thence west eighty perches and eight tenths of a perch to the line of the Reservation to lisher of Godey's Lady's Book will not falsify his dred and one perchase and eight tenths of a perch to the line of the Reservation to lisher of Godey's Lady's Book will not falsify his his prospectus, as he deems it as great a sin to tell schood in print as it is to give utterance to a verbal one. Listen to the universal voice of the American Press-

Comparison between Godey and the other Philadelphia Monthlies .- In 1849, the Lady's Book gave delphia Monthites.—In 1849, the Lady's Book gave 916, pages—which is 116 more than one, and 148 more than the other Philadelphia monthly. He gave 281 engravings—among which were 20 colored, and 93 full page—which is 136 more than one, and 180 more than the other.

We gave, in each number a piece of music, printed separately on tinted paper, making 24 pages, or 12 pieces in a year. To show the cheapness of the Lady's Book, this same music, if bought repar-ately at the music store, would cost exactly the

price of the wholo year's subscription—§8.

It will be seen, at a glance, which is the cheapest magazine for §3 when you get 116 pages of reading more than one magazine, and 148 more than another; 136 engravings more than one, and 180 more than the other; to say nothing of the superiority of our engravings, among which are 20 colored, and their usefulness to ladies. The Colored Fashion Plates alone cost as much as nearly all the engravings of either of the other magazines.-These endeavors to please our subscribers have cost us an immense sum of money; but if honesty of purpose and a positive dislike to falsehood in pros-pectuses, will entitle a publisher to a large sub-Some of our peculiar embellishments.—Ladies'

Most of the old features of the Book that were so popular last year, will be retained, and new ones added as they may suggest themselves to the publisher. A new Novel, by W. Gilmore Simms, will be one of the features of 1850. Our reading matter.-We have long stood at the head of the magazine world for our contributors they are always moral and instructive, and such may be placed before a family without hesitation.
This department is under the control of Mrs. Sarah Josepha Hale whose name alone is a sufficient guarrantee for the propriety of the Lady's Book. We may say the same of our engravings. We will never, as is done by a cotemporary, publish indecent model artist pictures, such as no parent would allow a child to look at.

Birds of America; Colored Flower Plates; Mode

We will not here parade the names of our con tributors; it is not necessary. Godey's Lady's Book and its proprietor are too well known for us Paints.—Pure White Lead ground in Oil, and to take up space to enumerate the names of those dry, Red Lead, Ven. Red. One thing our frends will oblige us by not doing—conferring upon us the title of "The Blackwood of America. We do not wish to bear the appellation of a magazine that is oppposed to the interests of this country, and always loud in its denunciations of it; and sides, Blackwood does not publish fashions. To sum up all, we unhesitatingly state, that we have much more than fulfilled all our promises, and enter upon the year with a new one, which those who know us—and who does not!—will believe. Godey's Lady's Book for 1850 shall surpass that for 1849, and exceed all magazines past, present, and
