Godey's Lady's Book for 1850.

"The book of the Nation;" the oldest Magazine in America. Published by the present proprietor for twenty years. Edited by Mrs. Sarah J. Hale. The publisher of the Lady's Book, knowing how completely he put down all opposition in 1849, and being assured that the public is also acquainted with this fact, deems it only necessary to say that in 1850 he will improve on 1849; and he will, as usual, give more reading and more engravings than his cotemporaries. Perhaps a little comparison of what he did last year, and what his adversaries did, may be amusing, if not instructive to those about to subscribe for a monthly magazine. One thing the public may be assured of, that the pub-lisher of Godey's Lady's Book will not falsify his his prospectus, as he deems it as great a sin to tell

elphia Monthlies .- In 1849, the Lady's Book gave 916 pages—which is 116 more than one, and 148 more than the other Philadelphia monthly. He gave 281 engravings—among which were 20 color-ed, and 93 full page—which is 136 more than one, and 180 more than the other. We gave, in each number a piece of music, prin-

ted separately on tinted paper, making 24 pages, or 12 pieces in a year. To show the cheapness of the Lady's Book, this same music, if bought separately at the music store, would cost exactly the price of the whole year's subscription-\$3.

It will be seen, at a glance, which is the cheapest magazine for \$3 when you get 116 pages of reading more than one magazine, and 148 more than another; 136 engravings more than one, and 180 more than the other; to say nothing of the superiority of our engravings, among which are 20 colored, and their usefulness to ladies. The Colored Fashion Plates alone cost as much as nearly all the engravings of either of the other magazines.-These endeavors to please our subscribers have cost us an immense sum of money; but if houesty of purpose and a positive dislike to falschood in prosbectuses, will entitle a publisher to a large sub-IN pursuance of an order made by an orphan's Court held at Montrose, in and for the county of Susquehanna, on the 19th day of November, A. D. 1849, will be exposed to public sale on Satur-day the 29th inst, at one o'clock P.'M., at the Court House in Montrose, the following real estate, to wit: The undivided moiety or half part of all that certain lot piece or parcel of land situate in the bo-t tard; also, Mustard Seed, white and black, Ext. rough of Dundaff, in the county of Susquehanna of Lemon, Cassia, Soda, Soda Crackers, Starch, Bar scription list, the Ludy's book is entitled to it. etc. All the above are illu-trated by engravings, and, in 1850, will also be given a set of engravings, illustrative of the costume of all nations, with descrption by Mrs. Hale. Most of the old features of the Book that were so popular last year, will be retained, and new ones added as they may suggest themselves to the publisher. A new Novel, by W. Gilmore Simms, will be one of the features of 1850. Our reading matter .- We have long stood at the head of the magazine world for our contributors; they are always moral and instructive, and such as may be placed before a family without hesitation. This department is under the control of Mrs. Sarah Josepha Hale whose name alone is a sufficient guarantee for the propriety of the Lady's Book. We may say the same of our engravings. We will never, as is done by a cotemporary, publish inde-cent model-artist pictures, such as no parent would allow a child to look at.

We will not here parade the names of our con-tributors; A fis not necessary. Gódey's Lady's Book and its proprietor are too well known for us the head of the authors of this country. One thing our fiends will oblige us by not doing-conferring upon us the title of "The Blackwood of America." We do not wish to bear the appellation of a magazine that is oppposed to the interests of this country, and always loud in its denunciations of it ; and besides, Blackwood does not publish fashions. To sum up all, we unhesitatingly state, that we have much more than fulfilled all our promises, and en-ter upon the year with a new one, wh ch those why know us-and who does not !- will believe. Go. dey's Lady's Book for 1850 shall surpass that for 1849, and exceed all magazines past, present, and to come.
