be proclaimed by the President of the Assembly. This remarkable proposal was received in solemn silence by the majority, and by decisive sneers from the Mountain; but at length the proposal was negatived; it having fallen to the ground in consequence of not being seconded, and the previous question was immediately voted unanimously.

The members of the Mountain received the announcement with a cry of "Vive la Republique." It is said that the President of the Republic is so deeply in debt, that nothing but the possession of the imperial crown can extricate him and that he is at present engaged in negotiations with Russia for the purpose of possessing that, to him now necessary protection. The government are perseveringly employed in introducing their measures of coercion, in which the majority of the Assembly support them.

The Parisian correspondent of the *London Standard*, of a late date, says that the government is said to have received despatches from Germany, which lend to the belief that a collision between Austria and Russia is almost unavoidable. The language used by both powers is partaking more and more of a hostile character.

Greece.

Advices from Athens are to the 19th of March, and they furnish only a confirmation of previous reports. Eleven of the captured vessels had been given up by Sir William Parker. A courier arrived with despatches from London on the 16th.

Rome.

A recent number of the *Roman Observer* says that the return of the Pope to Rome has been definitely fixed for the 6th inst.—The speedy return of his Holiness appears to give general satisfaction.

Advices from Lisbon state that Com. Martin was concentrating his squadron at the Tigris in anticipation of a hostile visit from the American naval forces to enforce a settlement of the long standing claims of the American government.

Tuscany.

The Tuscan government has refused to accede to Lord Palmerston's demand of indemnity for losses sustained by their subjects Leghorn last year. The difficulty has been submitted to the arbitration of the Sardinian government.

Russia.

An imperious note has been addressed by the Russian Government to that of Prussia, on the subject of the Schleswig Holstein dispute. After enumerating all the points at issue, the note says there are so many facts which the Emperor cannot regard with indifference, and from which he cannot in conscience release the Prussian Cabinet from.—The note concludes by distinctly intimating the determination of the Emperor to employ decisive measures, if necessary, in support of the Danish side of the controversy.

Prussia.

A serious rupture has occurred between the Governments of Prussia and Wurtemberg in consequence of the tone assumed by the king of the latter country in opening the chambers. The Government of Prussia has addressed a note to that of Wurtemberg, conceived in very strong terms, expressing the astonishment of the king's Government at the speech, regrets with most profound indignation that suspicions, and accusations it contains, and declares its dignity to reply thereto, or to discontinue diplomatic relations with Wurtemberg.

The Prussian Ambassador has been recalled.

Germany.

Berlin, it is said, is to be surrounded with fortified barracks, which have already been commenced near one of the gates of the city.

The German parliament assembled at Erfurt on the 20th of March.

Advices are received to the 20th at which time little had been done beyond organising the Assembly.

It is said that negotiations have been opened by the Central Power of Germany, with the United States, for the purchase of American vessels of war, completely equipped for service.

Spain.

The report from Madrid is a speedy reconciliation between the English and Spanish governments is confirmed.

The state of Cuba causes the greatest solicitude to be felt on the part of the Spanish government.

Turkey.

Recent advices from Constantinople state that preparations were being made to conduct Kossuth and the other Hungarian refugees to Kutahia, in Asia Minor, where they are to be confined, it is said, five years.

PINE LUMBER.

A few hundred feet of *seasoned pine lumber*, either panel or common stuff, would be received on account if brought immediately. Also, *Lath*.

GARGLING OIL.

I hereby certify that I procured of Abel Turrell, Druggist, &c., Montrose, one bottle of G. W. Merchant's celebrated Gargling Oil, for which I paid one dollar. I applied it to a sprain in the leg of one of my horses, that would if neglected undoubtedly have become a confirmed spavin—indeed, the sprain and lameness was so great, that I considered the horse nearly ruined. And in the course of one week, to my utter astonishment, the horse was *perfectly cured!* I think nearly all diseases, lameness, &c., to which the limbs of horses are subject may be cured by this Oil. No farmer, or owner of horses, should be without this valuable remedy constantly on hand. SILAS HALSEY.

The buildings and land are in good condition, and on the premises are about five miles of good Stone Wall, and the other fences are also good, and on the woodland are large quantities of Chestnut Timber, which will supply the farm for many years to come, and which will also be valuable for building the Railroad which is soon to be built up Martin's Creek.—Said farm has a very pleasant and desirable location about seven miles from Great Bend, through which the New York & Erie Railroad passes, and about one mile from the probable Depot on the Martin's Creek Railroad, which will lead from the Lackawanna Coal and Iron Mines to intersect the New York & Erie Railroad at the Great Bend. It can be very advantageously divided into five farms, on four of which would be the necessary Dwellings and Out-houses, Fruit Trees, &c.

With the above will be sold a very large stock of Cattle, Horses, &c., including Durham Cows, Working Oxen and young Cattle, and also all necessary implements of husbandry for carrying on said farm or farms.
