Highly Important from New Mexico. A State Constitution Formell Slavery

Forever prohibited. The associated press of N. York published the subjoined important news by Telegraph: Sr. Louis, Tuesday, June 25.
Advices from Santa Fe to May 25 have

been received in this city. The Convention previously called had met and formed a State Constitution, which had been formally promulgated as the Constitution of the State of New Mexico, which was to go into effect the 1st of July. The Boundary question was deferred. The Constitution prohibits Sla-

soon to be elected. The following has just been received from Santa Fe :

The convention of delegates called has been held here. They have formed and promulgated a constitution for the Government of New Mexico.

The convention assembled on the 15th May and the session lasted 8 or 9 days, in which a Constitution was formed, which would go into operation about the first of July. The boundaries of the State were defined

and Slavery prohibited. The Constitution was adopted on the 25th May. In fifteen days afterwards, an election was to take place for the election of Members

of the State Legislature.
Two Senators and Representatives in Congress would soon be elected, and efforts would also be made to procure them acceptance at Washington.

The intelligence does not wear a pacific aspect. The British Ministry has received another rebuff in the Commons, showing that their tenure of office is frail, and the pulse of their supporters languid indeed. The French Cabinet is endeavoring to continue dissatisfied about the Greek settlement, and evident ly considers the misunderstanding with England one to be cultivated and made the most of. The perplexing Schleswig feud seems as far from settlement as ever. Prussia is still aiming; Denmark is resolute, being openly backed and urged on by Russia. Rome is pressy under the ecclesiastical rule, and a M orish army is reported to be marching traight against the French in Algiers.

France maintains a quiet, which is not stagnation. Emile de Girardin, the potent Editor of La Presse, has been elected to the Assembly from the Department of the Lower Rhine by a large majority. Louis Napoleon's modest demand for an addition of \$400,000 per anum to his pay for doing worse than nothing meets with obstacles in the Assembly. We presume it will be crowded thro'

OUTRAGEOUS .- The rowdies of Pittsburgh have a refined way of showing their rowdyism. It is by throwing oil upon all ladies they see with silk dreses on. Four ladies had their dresses spoiled in this way on Tuesday last.
