ILET EVERYROUT READ THIS. CLASSING. There is a Sarsaparilla for sale in the different towns of Fed S. P. Sarsaparilla. In sale in the different towns of Fed S. P. Townsend's Sarsaparilla. It is advertised is the ORIGINAL, GENUINE, and all that. This Townsend remodeled and never was: but was forngily a warker on rationals, can all, and the tike—yer he assumes the title of Dagtor for the purpose of gaining credit for what he is not. He says. The has attended two medical echools, and practiced for fifteen years! In Now the truth is, he never practiced medicine a day in his life! Such withd, wicked misrepresentation looks bad to the character and veracity of the man. I wish most smeerly, he had never made those statements of himself or of me. When will men learn to be honestond truthful in all their dealings and intercourse with their fellow men! He applied to one Ruel Clapp to assist him in manufacturing his mixture, stating the large sums he would make, as an inducement to embark in the business. These men have been insulting and libelling me in all possible forms, in order to impress the public with the belief that the Old Doctor's Strasparilla was not the genuind, original Saranparilla, made from the Old Doctor's Original Recipic. This S. P. Townsendrays! I have sold the use of my name for 87 a week. I will give him \$500'i he will produce one single solitary proof of this. His statements of Thompson, Skillman & Co., are nothing but altissue of falsehoods, simply made to deceive the public, and keep the truth down in regard to his souring, fermenting compound. This is to caution the public to nurchase none but Old Dr. JACOB Townsend's Sarasparilla, having on have old Doctor's likeness, his family Coat of Arms, and his signatureacross the Cost of Arms.

THE ORIGINAL DISCOVERER OF THE Genuine Townsend Sarsaparilla.

Old Dr. Townsend is now about 70 years of age, and has long been known as the AUTHOR and DISCOYERER of the GEN I'S NE ONIGINAL "TOWNSEND SARSAPARILLA." Being poor, he was compelled to SARSAPARILLA." Being poor, he was compelled to limit us manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved troth death, procaimed its wonderful

canned its wonderful

This GRAND AND UNEQUALLED PREPARATION is manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S.-P. Townsend's, it improves with age, and never changes but for 'the better: because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's Sarsuparilla. The Sarsuparilla post, it is well known to medical nen, constitutions many medicinal properties, and some properties which are inert or uscless; and others, which if retained in preparing it for use, produce fermentation and actor, which is injurious to the system. Some of the properties of Sarsuparilla are so tolatific that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Morpover, these volution principles, which fly off in vapor, or as an exhalation, guider heat, are the very essential medical properties of the root, which give to it all its value.

Any person can boil or sew the root till they get à dark colored formal, which is more from the coloring matter in the root than from anything else: they can then strain this insign or vapid dignal, sweeten with sour indiassek, and then call it "SARSAPARILLA EXTRACT or STRUP."

But such is not the article known as the GENUINE OLD DR JACOB TOWNSE D'S SARSAPARILLA.

This is no prepared that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or fermentation is extracted and rejected; then every particle of malical virtue is scienced in a pure and concentrated formy and thus it is readered incapable of losing any of its valuable and bealing properties. Prepared in this way, it is pacte the most powerful accent in the Cure of innumerable Disenies. HEALING POWER.

Heaven forbid that we should dealin sin article which would bear the most distant resemblance to S. P. Townsend's article?

We wish it understood because it is the absolute truth, that S. P. Townsend's article and old Dr. Jacoh Townsend's Sarsagarilla are heaven write apart, and infinitely distimilar; that they are unlike in every particular, having not one sincle thing in common.

As S. P. Townsend's article and old Dr. Jacoh Townsend's Sarsagarilla are heaven write apart, and infinitely distimilar; that they are unlike in every particular, having not one sincle thing in common.

As S. P. Townsend's remove the public hever was, is not chemist, no pharmaccuist—knows no horse of medicine or disease than any other common, junscientific, improfessional man, what guarantee can the public heve that they are receiving a genuine scientific medicine, containing all the virtues of the articles used a preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health?

But what else should be expected from one who knows nothing comparatively of medicine or disease? It requires a person of come experience to cook and serve up even a commoni decent meal. How much more important is it that the persons who manifacture medicine designed for WEAK STOMACHS AND ENFERBERDED SYSTEMS, should know well the medical preporties of plants, the best manner of securing and encentrating their healing virtues.

Is now put up in QUART BOTTLES, and is of the same medical strength and discay as that in the small bottles.

The great superiority of This Punisher over Sarsaparilla and all other similar medicines, may in some measure be under, stood from the following factor. First—because in not only pussesses, as portions of its medication, the Pure Essence of

Sarsaparilla, Yellow Dock, Cherry and Sassafras Barks,

Cherry and Sassafras Barks,
more strongly, more powerfully concentrated, and larger quantities of each of these purifiers in each bottle of it-than can be found
in anythottle of medicine, called Extract of Sarapapills.
But, Sacconduy-because This Purifierate possesse the

The above comparison does not yet show the great difference in calue between the medical efficacy of Brant's Punfiera and Sarsararita. This will appear by the certificates of cures in Brants Funfields, showing that

ONE BOTTLE OF BRANT'S PURIFIER more efficacy, and cures more impure blood disease, than TEN Bottles of Sarsaparilla. If, then, ONE BOTTLE Of PURIFIER sells for ONE DOLLAR, Inc Bottle of Saraparilla should sell for Ten Cents.

CANCEROUS SCROFULA

Mr. J.B. Haskin of Rame, Oneida Co., N. Y., who was cared of Scrofthla in 1836, swore to the facts as related below, in an action in the Supreme Court in the City of New, York, on the 28th of December, 1849, under the following circumstances:

A person in the City of New York had, manufactured and vended a spurious article of medicine, dailing it Brant's Indian article of medicine, dailing it Brant's Indian and the City of New York had, manufactured and vended a spurious article of medicine, dailing it Brant's Indian Medicine, in institution of the genature medicine. He was prosecuted to obtain damages, in the visurpreme Court of the City of New York, and the case was referred by the Court to J. S. Bonworth, Esq., 51 Liberty street, an eminent Lawyer, as heferre to take the testimony. The defendant pleaded in satington of damages, that the Proprietors of Brant's Medicine had in some cases published places for the Proprietors of Brant's Medicine had in some cases published a frand on the public, and therefore, was not enritted to damages. The case of Mr. Haskin was selected as being false, and Haskina was stood Mr. Haskin was selected as being false, and Haskina was stood for the Partition of the publication.

Mr. HASAIN said, I am well hequainted with Brant's Purifying Extract—have used if for New fields. About three years since, I was very nody affected by it; I was attended in several docture—they all told on I could not live—that no medicine could care me. In convenience of such information, for the wishing the force I used Brant's Purifier. Mr. Z. S. Terry, merchant, Byron, Genesee County, N. Y., wrote, Aug. 24. 1846: Hrz. 23 Medicine is doing wonders here—it has caved aimm to Poasumption, that all the physicians had said must die. When he commenced taking Brant's Medicine, heicould no roise his hapd to his head; he bird at the lungs, and every symptom seemed to indicate that he must die; but, astonishing to all, he is now able to labor and rides all over the county. He used only fine bottes. I will also show you, when I visit the city of New York in the spring, what great things Brant has done for me. It has also cared a young ladylof Consumption in Orleans county, which her father says no doctor could care:

RAISED FROM THE GRAVE. Mesers. Pratt & Foster, merchants of West Cornwall, Conn., called on us at New York, April 21st, 1847, and said Breat's Balsam had effected cures of such hopeless cases of Chaumpton in their town, that now no other cough medicine could be sold there; that it had roised some as if from the grave—some that physicians and all the friends said must die. One gentleman, in particular, was so far gone that his physician told him it were sucless to take any more medicine. He then, when no hope was left, began to take Brant's Balsam—got well—and is now as well as he ever was.

Doctors could give no Help. Mr. Wm. D. Jennings, a merchant at Pierpost Centre, Ashtabula co. Ohio, wrote to us, October 2d, 1868, and stated a cure of Consumption which the use of Baant's Indian Pulmonary, Balsam had effected in Mr. William Crocket of an adjoining town. Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for the fatal hand of that unrelenting monster Consumption, had taken fast, hold on his vitals, and was so destroying and debilitating his body that he was a more station. He was given up by his physician, and all friends as one who would soon inability agrees. But even in this last extremity, strange and marrellous as it may seem, yet it is true that the use of only fee battler of Bhant's Invita Pulmonary Balsam has unclinched the hand of the destroypr, and restored Mr. Crocket to health, and he is now a feathtry, Balsam has unclinched the hand of the destroypr, and restored Mr. Crocket to health, and he is BLEEDING AT THE LUNGS.

Mr. W. Chapman, merchant, Middlebury, state of Vermont, stated to us that his son was afflicted with bleeding at the lungs; and after all other remedies failed, and his physicians said he would die, hie made use of Brant's Indian Pulmonary Ralson, which soon restored him to health. SHE COULD NOT SLEEP IN BED. Mr. James Ivius, a merchant and miller of Rirkland, Lake Co., Ohio, wrote, Sept. 18th, 18th that Brant's Pulnionary Balsan was effecting some astoniahing cures in that vicinity: one case in particular, was the wife of his head miller. She had been diseased for fointers years, and her husband had spent almost all his earnings in paying doctors, and is rying all kinds of medicines but to no purpose. She had not taid or slept in her bed for several years, in consequence of her disease; but now after using a few bottles of Brant's Phinosary Balsans, she could lie and sajor sleps in her bed as well as ever she could.

FEMALE WEAKNESSES AND COMPLAINTS. No remedy offered to the public has ever been helf an certain and effectual in restoring ALL the incidental weatnesses and urregularities of the sex, as Brant's Pulmonany Balbam. It makes no difference whether the derangement be suppression, excess, or other weatness. It REGULATES ALL, by strengthening the system, equalizing the circulation, and SOOTHING and ALLAYING NERVOUS IRRITABILITY. See Pamphlets.
