Is now got up in QUART BOTTLES, and is of the same medical strength and efficacy as that in the small bottle.

The great superiority of This PURITIES over Sassarantia and all other similar medicines, may in some measure be understood from the following facts: First-because it not only possesses, as portions of its medication, the Pure Essence of

Sarsaparilla, Yeliow Dock

Cherry and Sassafras Barks, Cherry and spanning bearing the concentrated, and larger suffice of each of these purifiers in each bottle of it than can be in each bottle of medicine, called Extract of Savetparks But, Sacontal-bearing This Pariser also posses medical efficacy and healing virtues of several other Rootin, Barks, and Vegenbles,

the Puriffing properties of which are greatly superior in Sarsuparilla, and when these are compounded with Sarsuparilla, and when these are compounded with Sarsuparilla, Vellow Bock, Cherry, and Sassafres, they make the saccinetie most certain and active Purifier of the Blood in the world. So, true is this, that to have every desired medical effect the Boost. the Dose is not so that the possible po

positius at a survey isottle of it in Four, Five, or Six Days, Which show that a bottleen Brane?s Purifier, will has too Twelve to Sixteen Days tager than a bottle of Savarilla; and if its daily medical efficacy (In small does, be a Purifying and Healing as the daily flarge does) of Savarilla, then it Paovès that One bottle of the Purifix worth Three, Four, or Fire times more than a bottle of Savarilla.

Parilla.

The above comparison does not yet show the great lifeence in reduce between the medical efficacy of Brant's Prunta
and Sarsaparilla. This will appear by the crificuse of
cures in Brant's Pamphiets, showing that

ONE BOTTLE OF BRANT'S PURIFIER one more efficacy, and cures more impure blood dimus,
TEN Bettles of Sarsaparilla.
If, then, One Bottle of Purities sells for One Dot
One Bottle of Sarsaparilla should sell for Ten Cents.
