Later From California.

The steamship "Alsbama" arrived at New Orleans, Friday, May 2d. from Chagres, with 170 passengers and a large amount of gold dust.

The exports from San Francisco of Gold Dust on the day the steamer Tennessee left, amount to \$2,000,000.

There has been frequent rains in the valley and snow on the mountains, thus enabling miners to renew their digging operations;

Gold from quartz rock has been procured with better success, but no machinery is suitable for the purposes.

Agriculture, this year, will be an important feature in California. A large portion of the population having turned their attention that way.

Politics are exciting attention, and the people are marshalling for a contest. The Legislature is still in session, but no further attempts have been made to elect a U.S. Senator. Probably something will be done this session.

A great many murders are reported as having occurred in different parts of the coun. try, the most cruel, of which is the murder of Capt. Jarvis of Texas. The papers literally teem with fights, murders and robberies. The city of San Francisco is to be supplied

with water from a Lagoon, four miles dis-

By the burning of Nevada City, the loss is estimated at \$2,000,000.

The markets are dull, with an immense stock of merchandise on hand.

The price of gold dust, through the operations of the U.S. Assayer, has risen. Extensive preparations are making to rebuild Nevada.

Ladies and Gentlemen: WISH to call your attention to the arrange ment I have made, which is intended for your benefittas well as my own. On account of the in-crease in welch repairing I am unable to do it all myself, and as I intend to spend more of my time in trade, I have engaged a workmin of the first in New York to spend his time with mo, after a bout the first of April. In speaking of his capa-bilities I cannot say that he has worked in Livezroot until his dancing days are over and is obliged to go into the country and do jobs at half. price in order to get a living, but I can say that he comes recommended by the first workmen in our own
