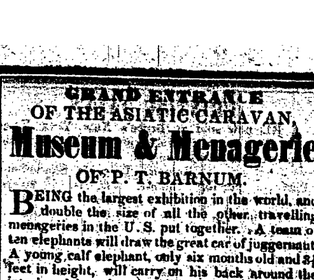
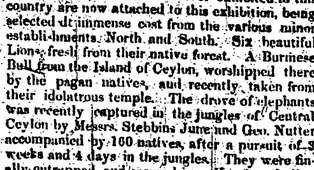
GRAND ENTRANCE OF THE ASIATIC CARAVAN,
Museum & Menagerie
OF P. T. BARNUM.

BEING the largest exhibition in the world, and double the size of all the other travelling menageries in the U. S. put together. A team of ten elephants will draw the great car of juggernaut. A young calf elephant, only six months old and 3½ feet in height, will carry on his back around the interior of the colossal pavilion the Lilliputian Gen. Tom Thumb. The magnificent cortege comprises 110 Horses and 90 Men. The pavilion of exhibition will accommodate 15,000 spectators at once. All the finest wild animals ever exhibited in this country are now attached to this exhibition, being selected at immense cost from the various minor establishments North and South. Six beautiful Lions, fresh from their native forest. A Burmese Bull from the Island of Ceylon, worshipped there by the pagan natives, and recently taken from their idolatrous temple. The drove of elephants was recently captured in the jungles of Central Ceylon by Messrs. Stebbins June and Geo. Nutter accompanied by 100 natives, after a pursuit of 3 weeks and 4 days in the jungles. They were finally entrapped and secured in a Kraul or Indian Indian Trap, of enormous dimensions and prodigious strength, where the elephants were subdued. The calf elephant accompanies its dam, and was weaned on its passage from India. A native Ceylon Chief belonging to the wild and wandering tribe of Kaffirs, whose ferocious habits are vividly described by Eugene Sue in his Wandering Jew, accompanies the elephants.

A magnificent Brass Band will play during the exhibition, and accompany the Triumphal Procession.

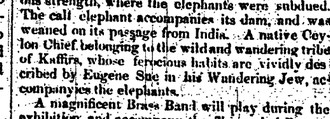


P. T. Barnum, Proprietor of the New York and Philadelphia Museums, has the honor to announce that, encouraged by the brilliant success which has attended his enterprise of bringing Jenny Lind before the American People, he has been led to form the project of organizing a vast travelling



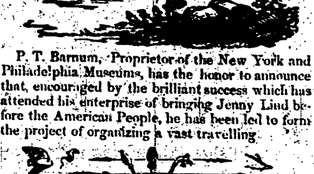
Museum of Wonders!

Which comprises a greater variety of attractions, and more extraordinary novelties, than any travelling exhibition in the world. Every feature of this mammoth establishment is of a peculiar and interesting nature, and the whole produced upon a gigantic scale of magnitude. The travelling paraphanalia of the American Museum, as it enters each town, is preceded by the gorgeous Car of Juggernaut drawn by Ten Elephants, superbly caparisoned, being an accurate model of that terrible engine of idolotrous sacrifice, finished and decorated in all the extravagance of the Hindoo style. Following this monster vehicle, is a long procession of costly cages and carriages, the whole forming a spectacle of more than Oriental splendor. The exhibition will take place within a magnificent variegated Pavilion, composed of American Flags of a water proof fabric. The real, genuine, original



Gen. Tom Thumb,

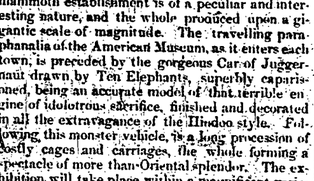
is attached to this exhibition, and will appear in all his performances as given before the principal crowned heads of Europe, including Songs, Dances, Grecian Statutes, and his admired personations of Napoleon and Frederick the Great. The little General is 19 years of age, weighs only 15 pounds and is only 28 inches high. Also engaged,



Mr. Nellis,

the man without arms, who will execute his extraordinary feats of loading and firing a pistol with his toes, cutting profile likenesses, shooting at a mark with a bow and arrow, playing upon the accordeon, violincello, &c. Mr. Nellis, in these performances, exhibits a wonderful example of what indomitable energy and industry can accomplish, even when laboring under disadvantages apparently the most insurmountable.

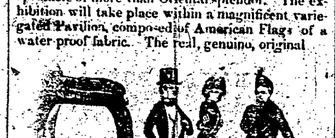
A completete Menagerie of Living Animals is also included in the American Museum, and at a convenient period during the exhibition



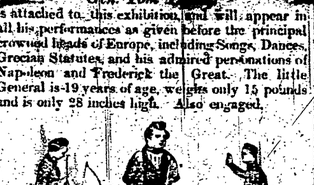
Mr. Pierce

will enter the Dens of the Wild Beasts, and give his classic illustrations of Hercules struggling with the Numidian Lion; Daniel in the Lion's Den; Sampson destroying the Lion, &c.

One of the most interesting portions of the exhibition is formed by the display of a great collection of Wax Statuary, including figures of the size of life of all the Presidents of the United States, and also of a great number of noted characters, American and Foreign, all of which are accurate likenesses, and appropriately costumed. In fact the whole establishment is a vast repository of



wonderful objects of Nature and Art, the full particulars of which it would be impossible to give within the limits of a newspaper advertisement, and which have been brought together at an enormous expenditure of means, forming the largest and most novel travelling exhibition in this or any other country.



A fine military band will perform the most popular airs of the day, as the procession enters town, and also during the hours of exhibition. The American Museum and Menagerie will exhibit in MONTROSE on Wednesday 15th Oct. 1851, and at HARFORD on Thursday 16th. Price of admission, 25 cents—Doors open from 2 to 5 P.M.

WHERE the Proprietor is enabled, by increased facilities, to supply the growing demand for Hover's Ink, which its wide-spread reputation has created.

This Ink is now well established in the good opinion and confidence of the American Public, that it is scarcely necessary to say anything in its favor, and the manufacturer takes this opportunity to say that the confidence thus secured shall not be abused.

In addition to the various kinds of Writing Ink, he also manufactures Adamantine Cement for mending Glass and China, as well as a superior Hair Dye; a trial only is necessary to insure its future use, and a Sealing Wax, well adapted for Druggists and Bottlers, at a very low price, in large or small quantities.

The best and cheapest family medicine in the world.

DR. ROBERTS'

COMPOUND SARSAPARILLA PILLS, An Alterative, Tonic, Diuretic, and mild cathartic.

Price 25 cents per box containing 50 pills.

Each box contains 50 pills, which makes them as cheap again as any other standard pill, and four times cheaper, and warranted much superior in the cure of various diseases, to any of the Syrup mixtures sold; besides being a more convenient and proper form for use.

THE astonishing success which has attended the use of Dr. Roberts' Compound Sarsaparilla Pills is proof abundant and conclusive that they are truly

Nature's own Remedies,

and that they will cure all curable diseases quicker and more pleasantly than any other medicine ever known. The pills are principally an alterative medicine, (their basis being the solid extract of Sarsaparilla, prepared in a superior manner,) but sufficiently cathartic to gently assist nature, without purging unnecessarily, which make them peculiarly adapted to weak and enfeebled persons invigorating and strengthening the body, purifying the system, and producing new rich blood and a healthy action of the stomach and liver.

They are acknowledged by our best physicians to be not only unexceptionable, but efficacious in the highest degree, and as a general

Family Medicine unqualled.

The Compound Sarsaparilla Pills are used for the permanent cure of those diseases which arise from an impure state of the blood, and morbid secretions of the stomach and liver, viz. erysipelas, scrofula or kings evil, ulcers, scald head, obstinate cutaneous eruptions, blotches, boils, pimples, sore weak or inflamed eyes, glandular swellings, rheumatic affections, pains in the bones and joints, dropsy, dyspepsia, asthma, diarrhœa and dysentary, coughs, colds, consumption when caused by capillary obstructions of the lungs in persons of scrofulous constitutions, inflammation of the lungs, influenza, indigestion, headache, jaundice, fever and ague, chill fevers, and fevers in general, general and nervous debility, and diseases arising from an injudicious use of mercury, and whenever medicine is required to invigorate the system.

They are a purely vegetable compound, and may be used by persons of all ages. They are pleasant to the palate, and produce no nauseat, nauseating or griping in their operation. Hundreds of certificates could be given of those who have used them with great benefit.

We ask no person to take our word as to the merits of the medicine, but to call on the agent and purchase a box, and if on trial it does not give the most perfect satisfaction, they can return the box and receive the money paid for the same. Purchasers will be particular to ask for "Dr. Robert's Compound Sarsaparilla Pills," and observe that the green wrapper on each box has a fac simile of the signature of Jos. Roberts, M.D. and to purchase none others.

All applications for agencies, and letters on the subject of the medicine, must be addressed, post paid, to C. P. Fay, Owego, Tioga co. N.Y.

SAYRE & WEBSTER.

B. C. SAYRE. A. L. WEBSTER.

American Life and Health Insurance Company.

THE undersigned has been appointed Agent for the above Company, and is prepared *to insure cheaper* than any other company in the world. To *Temperance men*, extraordinary inducements are offered. A person aged 21 may insure the sum of $1000 on his life, for the small annual outlay of $11,90, and so on. A person under 40 years, in the habit of drinking but one glass per day, expends within the year an amount of money more than sufficient to insure his life for the sum of One Thousand Dollars.

Laboring men by insuring their lives can make abundant provision for their families if they are suddenly taken away. For further particulars inquire of

ÆTNA INSURANCE COMPANY,
OF UTICA, N. Y.

E. H. HOTCHKISS, Agent for the above Company, now offers to insure both real and personal property for the citizens of Susquehanna County against loss or damage by Fire, on as favorable terms, and with as entire safety to the assured as can be effected by them in any other responsible Company whatever. I have obtained a License and am prepared to insure Farmers and others having unexposed risks, at such rates as render it morally certain that I will monopolize the business of the county if those having property to insure will stop to account the cost. We insure all kinds of property, charging for each a fair proportionate rate for the risk run, and when losses happen, pay promptly. It is useless to insure in mutual companies that charge little or nothing for their policies. When you meet with a loss the pay is of the "same sort," and all the insured gets for his pains is a good bleeding in the form of *assessments* to pay the losses and expenses of the company in contesting his claim.

N. B.—We hold ourselves responsible for losses and *damages* by lightning, which is not done by most companies.
