The Enemy Routed.

FLYING FROM THE FIELD!

Amherst Carpenter has ingloriously fled the field! Independent men do not leave your ticket.—Stand your ground and the regulars will all come down. They have abused you, and now would crawl on their bellies to get your support!

Irishmen!

The Locofocos in Philadelphia are sending circulars into this County to get

James Campbell's

Name left off the Democratic Ticket, and when discovered they call it Whig Fraud!

It is a base Lie!

Whigs Beware!

LOOK OUT FOR FALSE VOTES!!

Examine every vote carefully! and do not be humbugged by Locofoco tickets.

Look out for Whig Tickets with Judge Jessup's name left off.

Young Men!

See that your aged Fathers are taken to the Polls early!!

Dont stay at home

if it rains—your country demands your services, the whole of election Day.

REMEMBER THE STATE TICKET!!

Vote for Johnston--Strohm, and Wm. Jessup!

The MORE LIES the Loco's make about Judge Jessup the more votes he will get by!

A Base Lie!

The Whigs had nothing to do with getting ELWELL into the field.

IT'S A HUNKER MOVE!

No two men pull the same way among the Regulars.

Important to Taxpayers.

WHO CONTRACTED THE STATE DEBT?

The following statement of the various loans constituting the State Debt of Pennsylvania, and amounts as they stood on the 1st day of December, 1850, is copied from the annual report of John N. Purviance, late Locofoco Auditor General, made to the Legislature of Pennsylvania:

April 10, 1849,	400,000 00
	$40,677,214 68

The above is taken letter for letter and figure for figure from the *Official Statement* in the last Auditor General's Report, page 120. Let us now see under what administrations this debt was accumulated:

Date.	Administrations.	Debts contracted.
1820	Joseph Heister, (loco)	$20,322 99
1829	Jno. Andrew Shulze, (loco)	6,357,501 35
1829	George Wolf, (loco)	16,032,009 78
1835	Joseph Ritner, (whig)	000,000 00
1838	David R. Porter, (loco)	13,100,856 95
1844	Francis R. Shunk, (loco)	4,786,523 60
1848	William F. Johnston, (whig)	400,000 00
		$40,677,214 68

Examine the above figures carefully and then say whether the Locofoco party of Pennsylvania is not the *debt cheating party*. Except the $400,000 loan of 1849, created for the purpose of avoiding the Inclined Plane on the Columbia Railroad, not one *dollar of the public debt was ever contracted by a whig administration*.

Gov. Ritner came into office in December, 1835, and went out in December, 1838, and, as will be seen, not a single cent was added to the debt during his administration. Then commenced the administration of David R. Porter, under whom the public debt was increased at the rate of over *two millions a year*! Next came the "lamented SHUNK," who added his mite to the sum total at the rate of *over a million a year*, until the debt was swelled up to the enormous amount of *Forty Millions of Dollars!*

In July 1848, Francis R. Shunk resigned. Therehpon William F. Johnston became Governor, and in the following October, the people affirmed the selection at the ballot box. Before this the affairs of the State were in a deplorable condition. The interest on the public debt had not been paid for a considerable time, Pennsylvania had become a by-word and reproach throughout the civilized world. Well what did Gov. Johnston do! Why two months after his induction into office—in August, 1848, he paid the interest promptly, without resorting to the locofoco expedient of a loan—a thing which had not been done for years before; and ever since it has been paid promptly when due in gold and silver. But this is not all. The very first year of his administration he paid off a temporary loan of *two hundred thousand dollars*, and a floating debt of *four hundred and sixty thousand dollars*, left by the previous Locofoco Administration. Nor is this all: *He commenced paying off the main debt* which as appears by his last annual message, was decreased since the 40th of November over *half a million of dollars*! Besides this *one hundred and fifty thousand dollars* has been paid for the completion of the North Branch Canal a work commenced under previous Locofoco administrations and abandoned for want of funds. This work will soon be completed, and then we will have an important source of revenue for the payment of the Locofoco State Debt.

The crowning feature of Gov. Johnston's administration has been the creation of a *sinking fund* for the reduction of the main debt. The act creating this was recommended by Gov. Johnston, and has thus far been eminently successful.—During the years 1849 and 1850, there was received into the Treasury on account of this fund, the handsome sum of $121,832 75, as appears by the last report of the Auditor General, page 126 27. This sum was expended in the purchase of loans of the fundod debt amounting in the aggregate to $459,122 98.

It would be well for the people of Pennsylvania to remember these truths. Gov. Johnston has already paid off a large amount of funded debt, and if continued in office, he will be able during the remainder of his term to continue doing so at the rate of nearly or quite *one million of dollars per annum*, without any additional tax to the people. We have here the acts of the Whigs against the *hypocritical professions* of the Locofocos.—Elect JOHNSTON and STROHM, and this gratifying state of things will continue. But if the destinies of the commonwealth are again committed to the plunderers, we shall have a return of the days of WOLF, PORTER, and SHUNK, and the State will once more be plunged into irretrieveable ruin and embarrassment.—*Reading Journal.*

Hear! William Bigler is in favor of Making More Loans.

Our readers will remember that we charged William Bigler with publicly declaring in his speech at Towanda, Bradford county, on the 15th of August, that he was in favor of BORROWING MONEY to complete the North Branch Canal. THIS HAS NEVER BEEN DENIED!!! On the contrary, we have before us a Locofoco admission that William Bigler did declare he was in favor of making

A LOAN

to complete the Canal.

The Bradford *Reporter*—*a Bigler paper*—of the 27th of September contains the following:

"Gol. Bigler, in his speech at this place, as he has uniformly done, advocated the speedy completion of the North Branch as a matter of justice to the North and of sound policy to the Commonwealth. To effect this desirable object he was not willing to couple it with some shinplaster hobby, but was content it should stand upon its own merits. The money must be had to finish it, and the straightforward *way was to borrow the means*, and complete the canal as soon as possible, trusting to it as a source of revenue to repay the amount loaned."

We don't object to the completion of the Canal. We do object to borrowing money for that purpose. Our debt is already over *Forty Millions* of dollars. Our taxes are already as heavy as our people are willing to bear. William Bigler has announced *openly in a public speech*, that he is in favor of making more debt, and of course more Taxes. He dare not make that declaration in this section of the State. *He never alludes to the question in his speeches here.* But above we publish the admission of one of his party friends that Mr. Bigler did avow his willingness to

INCREASE THE STATE DEBT

to finish this canal. Remember this, Taxpayers.

The Sinking Fund.

MISREPRESENTATIONS *of* W. BIGLER.

The Proclamation of Gov. Johnston issued in obedience to the requirement of the 4th Section of the Sinking Fund Act, of the 10th April, 1849, declaring the final extinguishment of $659,122 98 of the principal of the *Public Debt* is everywhere arresting public attention, and impressing the minds of the TAX PAYERS of the State with the *Truth* of the opinion expressed by the present Democratic State Treasurer, General Bickel, that "*this wise and salutary enactment promises well to accomplish the great purpose indicated by its title*." The gradual and certain *extinguishmtnt of the debt* of the Commonwealth."

To destroy, if possible, the effect of this "wise and salutary enactment" upon the minds and the VOTES of the tax burthened citizens of ALL parties, Wm. Bigler in his public speeches, attempts to DECEIVE the people by the grossest misrepresentation and perversion of facts. He shamelessly avers that the Inclined Plane Loan of $400,000 was negotiated as a 6 per cent loan to purchase the stocks of the Commonwealth bearing 5 per cent!!!

To show the object and character of this loan, we quote the entire law providing for and authorizing its negotiation:

"That the Governor of the Commonwealth be and he is hereby authorized to borrow, on the faith of the Commonwealth and of *the revenue hereinafter mentioned*, and which is hereby *specifically pledged for the payment of the interest and re-payment of the principal*, the sum of four hundred thousand dollars, and issue certificates of loan therefor redeemable in thirty years from date, to be paid into the Internal Improvement Fund, and appropriated to the expenditures under this act; the said loan to bear interest at a rate not exceeding six per cent per annum, payable half yearly—in specie—on the first day of January and July—to be termed the Inclined Plane Loan: *Provided*, That if any surplus remains after the fulfilment of this act, it shall be appropriated together with the proceeds from the iron and old materials and buildings, from the portion of the State Railroad rendered useless by the adoption of the road hereto provided for, to the relaying of the State road west of the junction.

"That there shall be *annually set apart* by the Commissioners of the Internal Improvement Fund, out of the *revenue of the public works for the payment of the interest and final liquidation* of the debt hereby authorized the sum of thirty thousand dollars per annum, and it shall be the duty of the said Commissioners, after paying the interest annually, to *invest the surplus* together with its *accumulation of interest*, in the said loan or in any other loan of the Commonwealth; if said loan cannot be purchased at its par value, the said investment to form a SINKING FUND for the redemption of the principal at maturity."

[See Pamphlet Laws, 1849—page 642—2.]

Thus it will be perceived that the very law, creating this loan, provides a *special* Sinking Fund for its *payment*, and that no part of it can ever become a burthen on the People. The payment of the *interest* is provided for from a fund of $30,000, required annually to be set apart for that purpose out of the public works, being the *same sum* heretofore annually expended in keeping up the Plane. The interest on the entire loan is 24,000; the *surplus* to be applied to the purchase of the principal must therefore be

$6000 00!

the first year, and the principal, by this purchase, being so much reduced, the interest *each year* by the annual reduction of the principal becomes *less*, while the *surplus* applicable to its purchase *increases*, and by this process the entire loan must be liquidated before it is reimbursable or due, without increasing the *taxes* or the burthens of the people. This Sinking Fund is under the control of the "Commissioners of the Internal Improvement Fund" and is entirely distinct from THE Sinking Fund, by the operation of which, without any increase of the taxes on Real Estate, $659,122.98 of the Public debt have been already purchased.

By the avoidance of the Inclined Plane at the Schuylkill the facilities of travel are greatly increased, the delay and danger always encountered in passing over it removed. The $30,000 heretofore expended in keeping up the Plane and feeding the hungry cormorants connected with, and inseparable from it, are now applied as we have stated. *Six thousand* dollars of this appropriation are saved to the Commonwealth on the payment of the *first* years interest on the loan, and an *increased* amount every year afterwards, by the faithful application of the surplus to the payment off the principal. The rapid reduction of the principal and its certain payment finally, by the means provided take away from it even the character of a *permanent* loan.

We will now let the *State Treasurer* say from *what sources* the funds were derived with which the purchase was made of the

$659,122 98!

of the public debt, proclaimed by the Governor to be cancelled, and which seems to have so disturbed the equanimity of Col. Bigler as to have driven him to the most desperate *falcification* of the *Records* and *misrepresentation* of the LAW. Gen. Bickel says:

"BY the act of 16th April, 1849, entitled "*An Act to create a sinking Fund, and to provide for the gradual and certain extinguishment of the debt of the Commonwealth*," certain revenues are pledged to the payment of the debt. These revenues are the tax received from collateral inheritances, premiums on charters, eating house, beer house, and restaurant licences, billiard room, bowling saloon and ten-pin alley licences, theatre, circus and menagerie licences, distillery and brewery licences, tax on new counties, and interest on Sinking Fund loans, and surplus militia fines.

"For the amount received and the State stock purchased *therewith*, I respectfully refer you to the reports of the Commissioners of the Sinking Fund. *It is hoped that this wise and salutary enactment will be continued in force. It promises well to accomplish the great purpose indicated by its title.*"

The commissioners of the Sinking Fund, report to the Governor the purchase of the $659,122.98 of the Public debt, under the provisions and since the passage of the Sinking Fund Act, the *title* and *date of the approval* of which by the Governor, are fully set forth in their certificate, embodied in his proclamation.

Here then, Tax Payers of Pennsylvania, you have the official statements *sworn officers* of the Commonwealth, and the *Records* of the several departments of your State Governments, against the *reckless assertions* of a candidate on the stump canvassing for votes. Judge ye between them.

Forgery! Forgery!

BEWARE! BEWARE!

We have in our hands a Locofoco FORGERY of the Proclamation, which the Governor was required by law to issue, relative to the payment of the Public Debt. The forged document is printed *in official form*, and is likely to deceive at the first glance. Inspection of its contents, however, speedily shows that it is a base forgery, concocted and executed by men who are more fit for the cells of a Jail, than the society of honest men.

This forged Proclamation is dated, as the official Proclamation is, the fifth day of September, although it has been printed within the last ten days, and contains the following assertions: That Ritner increased the State Debt, $16,029,047 19! That Gov. Shunk paid $511,656 29 of the Debt!! That Gov. Johnston paid only $158,374 49!!! That Gov. Johnston in his term, approved acts borrowing $4,480,000!!!! &c., &c. No paper in the State has had the audacity to publish the infamously false statements which are contained in the above Proclamation.—Every one of these assertions is a bald, bold *lie* with *which* desperate and unscrupulous Locofocos on the eve of the Election seek to deceive the People.

We strongly suspect the author of this Proclamation and we pronounce him a base FORGER who should receive for his pains incarceration in the Penitentiary. Does any Fulton County Locofoco feel that the description suits him? Again we say to our friends BEWARE of these Locofoco Electioneering documents.

BELIEVE NONE OF THEM. Locofoco leaders see defeat staring them in the face and they would make oath to falsehoods rather than lose their hold on the Public Treasury! Stand fast! Come to the Poll in solid array! Vote the Whig ticket! And enter your disapproval of the policy of the Locofoco plundering, debt-creating party of the State!! These men die hard. They clench the Public Funds with desperation, and will never stop their thieving until an indignant People drive them from their seats!!

GRAND EXHIBITION

OF THE ASIATIC CARAVAN, THE

Museum & Menagerie

OF P. T. BARNUM.

BEING the largest exhibition in the world, and double the size of all the other travelling menageries in the U. S. put together. A team of ten elephants will draw the great car of Juggernaut. A young calf elephant, only six months old and 5 feet in height, will carry one of the ladies around the interior of the colossal pavilion the Tiny little fairy Tom Thumb. The magnificent cortege of equipages, 110 Horses and 90 Men. The pavilion of exhibition will accommodate 15,000 spectators at once. All the finest wild animals ever exhibited in this country are now attached to the exhibition, having selected at immense cost from the various menageries establishments North and South. The beautiful Lions, fresh from their native forest. A Nylghau Bull from the Island of Ceylon, worshipped there by the pagan natives, and recently taken from their idolatrous temple. The drove of elephants was recently captured in the jungles of Central Ceylon by Messrs. Stebbins Jams and Geo. Maurer, accompanied by 160 natives after a pursuit of 3 weeks and 4 days in the jungles. They were finally entrapped and secured in a Kraal or Indian Indian Trap, of enormous dimensions and prodigious strength, where the elephants were subdued. The calf elephant accompanies its dam, and was weaned on its passage from India. A native Ceylon Chief belonging to the wild and wandering tribe of Kaffirs, whose ferocious habits are vividly described by Eugene Sue in his Wandering Jew, accompanies the elephants.

A magnificent Brass Band will play during the exhibition, and accompany the Triumphal Procession.

P. T. Barnum, Proprietor of the New York and Philadelphia Museum, has the honor to announce that, encouraged by the brilliant success which has attended his enterprise of bringing Jenny Lind before the American People, he has been led to form the project of organizing a vast travelling

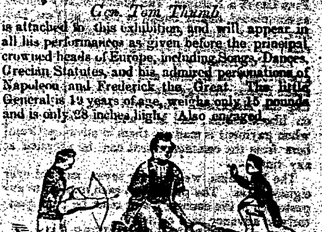
Museum of Wonders!

Which comprises a greater variety of attractions and more extraordinary novelties, than any travelling exhibition in the world. Every feature of this mammoth establishment is of a peculiar and interesting nature, and the whole produced upon a gigantic scale of magnitude. The travelling paraphanalia of the American Museum, as it enters each town, is preceded by the gorgeous Car of Juggernaut drawn by Ten Elephants, superbly caparisoned, being an accurate model of that terrible engine of idolotrous sacrifice; finished and decorated in all the extravagance of the Hindoo style. Following this monster vehicle, is a long procession of costly cages and carriages, the whole forming a spectacle of more than Oriental splendor. The exhibition will take place within a magnificent elevated Pavilion, composed of American Flags of the finest water proof fabric. The vast feminine original

Mr. Pierce,

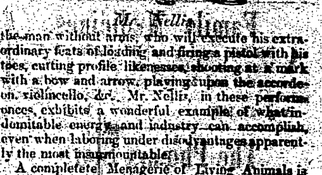
will enter the Dens of the Wild Beasts, and give his classic illustrations of Hercules struggling with the Numidian Lion; Daniel in the Lion's Den; Sampson destroying the Lion, &c.

One of the most interesting portions of the exhibition is formed by the display of a great collection of Wax Statuary, including figures of the size of life of all the Presidents of the United States, and also of a great number of noted characters, American and Foreign all of which are accurate likenesses, and appropriately costumed. In fact the whole establishment is a vast repository of



Wonderful Objects of Nature and Art,

the full particulars of which it would be impossible to give within the limits of a newspaper advertisement, and which have been brought together at an immense expenditure of money, forming the largest and most novel travelling exhibition in the world or any other country.



Mr. Nellis,

the man without arms, who will execute his extraordinary feats of loading and firing a pistol with his toes, cutting profile likenesses, shooting at a mark with a bow and arrow, playing upon the accordeon, violincello, &c. Mr. Nellis, in these performances, exhibits a wonderful example of what indomitable energy and industry can accomplish, even when laboring under the disadvantages apparently the most insurmountable.

A complefete Menagerie of Living Animals is also included in the American Museum, and at a convenient period during the exhibition
