DENTAL SURGERY.

C. D. VIRGIL, tenders his professional services to the citizens of Montrose and vicinity, designing a permanent location among them. An exclusive devotion of several years to the study and practice of Dentistry, encourages the hope of giving entire satisfaction in every department of this highly useful and popular art. Probably the amount of individual and aggregate suffering arising from decayed teeth is much greater than from any other cause, and persons whose teeth are becoming carious, should be admonished to have them attended to in season. Nine tenths of the anguish distracting, which rends the nerves amid the tossings and writhings of a sleepless night, might have been prevented by seasonable precaution. Although a method has been recently discovered by which a tooth that has been a long time painful may be filled and saved, for2 doubtless, a number of years, yet it is much the wiser course to get it plugged before it has ached. Dr. V. respectfully urges attention to these facts and considerations, and for the comfort of the afflicted would further say, that he is in possession of a secret by which

TEETH THAT HAVE ACHED MAY BE FILLED AND SAVED

without any pain to the patient. If you doubt it, make the trial. Give me a call friends, and be assured neither high prices, nor any other conceivable obstacle shall prevent a bargain.

Wyoming Seminary,

KINGSTON, LUZERNE CO., PA.

THIS Institution has one of the most desirable locations in Northern Pennsylvania. Kingston is a quiet, pleasant and salubrious village, one mile West of Wilkesbarre, and accessible by daily stages from all parts of the country. The school has now been in operation seven years, during which its patronage has been liberal and constantly increasing.

Through the munificence of Wm. Swetland, Esq. an additional Seminary building 40 by 42 feet, and three stories high, has just been completed, and by the liberality of Hon. Ziba Bennett, the school is now furnished with a valuable and extensive library, entirely new. The Chemical, Philosophical and Astronomical Apparatus of the Institution is regarded, by all who have knowledge of it, as of a high order and ample for full experiments in Natural Science.

The Board of instruction for the ensuing year is as follows viz:

REV. REUBEN NELSON, A. M. Principal.
REV. YOUNG C. SMITH, A. M.,
Teacher of Ancient Languages.

PHILIP T. MYERS, A. B., Teacher of Mathematics.

Rev. C. H. HARVEY, Teacher of Natural Science.
JAMES W. WESTLAKE, Assistant Pupil.

Miss MARY DIETZ, Preceptress and Teacher of Modern Languages.

Miss ESTHER PATRICK, Assistant Teacher of Modern Languages.

Miss JANE S. NELSON, Teacher of Drawing and Painting.

Miss S. A. GARGENT, Teacher of Music.

All of the above teachers are employed in that school the whole of each day, except the Teacher of Drawing, and Mr. Westlake. The former devotes such a portion of each day to her class as may be necessary, and the latter teaches on half of each day. The public will perceive that by this arrangement the school is under the supervision and instruction of a very full board of teachers, and the trustees confidently believe that no pains will be spared to promote the most thorough improvement of all the pupils.

The necessary expenses at this Institution are moderate. Tuition exclusive of the ornamental branches, from $3 to $5.50 per quarter. Board $1.50 per week, washing 37 1/2 per dozen, and fuel $2.50 per annum.

The discipline of the Institution combines mildness with firmness, inculcating sound, moral and religious principles, persevering industry, strict order and correct deportment.

The present term of this school will continue till the 23d of Dec. next. Students are admitted at any time, but the most suitable time for entering is the beginning or the middle of each term. Those who may wish to attend the school, through the remainder of the Fall, and throughout the winter, would do well to enter as soon as the 20th or 23d inst. There will be a vacation of two weeks at the close of the present term. The next term consists of thirteen weeks, commencing January 7th, and closing April 1, 1852.

Catalogues of the Seminary, and any information relative to it, can be obtained by addressing the Principal or either of the undersigned.
