

## Chenango Water Cure.

**C. B. BARRETT,**  
Formerly of the city of New York, embra-  
ced the opportunity of introducing many  
friends and relatives to the waters of the  
famous mode of Hydro-pathic treatment that he has  
withdrawn himself entirely from the "Mont-  
gomery Water Cure," of which he was formerly  
part proprietor, and its resident Physician, and  
opened an establishment for the relief of Disease  
of an inflammatory and nervous character.

The new is located 21 miles from the  
beautiful and flourishing town of Binghamton, on  
the East side of the Chenango River, and is  
accessible to the cars going East or West by  
a pleasant and picturesque ride of 15 miles du-  
ration, and will hereafter be known as the

## Chenango Water Cure.

Dr. C. B. Barrett would cordially wish  
the attention of the sick and afflicted to a careful and  
considerate perusal of the following statements,  
which if properly heeded will save those afflicted  
from becoming the victims of quackery and base  
imposture.

The Institution will be supplied with a  
large number of powerful Venous, Diuretic and Stimu-  
lating, all of them capable of being used to any  
degree of temperature, applicable to the num-  
erous wants of the patient's case.

The use of these baths as administered by  
Dr. Barrett, (please see directions given from time  
to time in our advertisements) are  
attended to with great care and attention  
and in those beyond the reach of a doctor  
or health officer, of the most grateful and satisfactory  
results will be obtained.

It is a well known fact, that in a climate  
like this, liable at all times to many sudden  
changes, under which a feeble and delicate constitution  
is easily affected, it is difficult in  
any case to determine what is best for the patient.

Those who are so unfortunate as to be obliged to  
become "in-door patients" at any of those large  
boarding houses called "Water Cures," must  
be ready to pay the least of it, of every doubtful  
and suspicious character; and, in a large majority  
of cases, suffer worse than those who are  
under its roof.

It is not frequently happens that the pa-  
tient resources which a patient may have under  
his immediate control, are of a character so limited  
as to render it impossible for him to pay \$6, \$8  
or \$10 per week for Board, etc., especially if it is  
required of him to become an inmate for two or  
three weeks.

It is now open by Dr. Barrett, more than two  
years, and has been, up to the present time, a  
success, living witness to its benign and healthful  
and medicinal qualities are ample on every hand.

The following are the terms on which each pa-  
tient will be received for treatment, and from  
which no case will there be any departure or  
deviations.

One patient—One dollar per sitting.  
Payments by the week, Two dollars, which in-  
cludes Board, Fire, Light and Attendant.

No Box Accesories is ever—Each day pa-  
tient will pay for his and her Bath after having re-  
ceived it, and before leaving the Institution. Pa-  
tients who Board at the Institute, will pay at the  
gate of each week. These regulations will be  
strictly observed.

Day patients will provide themselves, for each  
sitting, with a sheet, coarse cotton, the large  
comfortable and 3 Crash towels.

Hours of treatment from 8 A. M. to 5 P. M. No  
treatment on the Sabbath.

The Subscriber is a regular graduate, and a  
licensed Practitioner of the class of 1831, and a  
member of the American Hygienic and Hydro-  
pathic Association of Physicians and Surgeons,  
and for the past nine years dedicated himself to  
the treatment of diseases by the use of Water, ju-  
diciously administered in his various farms.
