was taken of it. About half past 1 Douglas went up to his room, and found the Mexican had broken into his trunk. He then drew his pistol and shot him three times, one ball entering the man's head and laying open his brain, while the other two only slightly grazed him. The Mexican died Sunday evening.—*Stockton Journal.*

Marriages.

In Auburn, Susquehanna Co. Pa. Nov. 30th, 1851. by Rev. Erastus Smith, Mr. JOHN LOVE, JR., of Wyndham, Wyoming co. and Miss ELIZABETH Ann, daughter of Mr. Jacob Low, of Auburn.

Deaths.

In Bridgewater, on the morning of Nov. 27th., from taking poison, Miss NANCY OCTAVIA, daughter of Thomas N. and Polly Hickcox, age 25 years.

For nearly six months the deceased has been partially deranged. The causes of her derangement are not clearly known. At first her health was found failing, and with it her mind was impaired, so much that much of the time she has regarded her own parents and sisters like enemies. It is supposed that ill health and the confusion that surrounded her, while at her sister's in Waverly, at a railroad station, afflicted her nervous system, and this deranged her mind. About six weeks since it was thought she had recovered her reason entirely, as she seemed different, being more kind, affectionate and anxious to have all things agreeable; but the sequel shows all was not right. It is now thought by her friends that she had been contemplating her destruction for a long time, and probably came to a full conclusion about the time they thought her restored. To complete this, Thursday morning about 4 o'clock, after spending a restless night she arose saying "Yes, I must do it," and then went to an adjoining room and drank about 2 oz. of Corrosive Sublimate. Her sister with whom she slept, instantly gave the alarm to the family. The Physician was sent for but did not arrive till a few moments before her death. She lived two hours only. Thus has passed away in the prime of life a promising girl by her own hand, though guided by a deranged mind. Her funeral was attended by a large concourse of deeply sympathyzing friends on Sunday the 30th. We can only commend the mourner to Him who hath said "thy grace is sufficient for you."

As there has been, and probably may be many more erroneous reports put in circulation in relation to the causes that led to my daughters derangement, therefore to put a stop to some of them I would say it was never caused by her being Mesmerized for she was never even operated upon, neither was she ever opposed by her parents in any thing relating to marriage. T. N. HICKCOX.

Removed to No. 144 Race Street, (between Fourth and Fifth, opposite Crown st.)

Philadelphia.

WHERE the Proprietor is enabled, by increased facilities, to supply the growing demand for Hover's Ink, which its wide-spread reputation has created.

This Ink is now well established in the good opinion and confidence of the American Public, that it is scarcely necessary to say anything in its favor, and the manufacturer takes this opportunity to say that the confidence thus secured shall not be abused.

In addition to the various kinds of Writing ink, he also manufactures Adamantine Cement for mending Glass and China, as well as a superior Hair Dye; a trial only is necessary to insure its future use, and a Sealing Wax, well adapted for Druggists and Bottlers, at a very low price, in large or small quantities.

OYSTERS and refreshments of all kinds may be had at FORDHAM'S

Chenango Water Cure.

DR. C. B. BARRETT,

FORMERLY of the city of New York, embraces this opportunity of informing his many friends and patrons, and those favorable to a judicious mode of Hydropathic treatment, that he has withdrawn himself entirely from the "*Mount Prospect Water Cure*," (of which he was formerly part Proprietor, and its resident Physician;) and opened an establishment for the relief of Diseases of an Inflamatory and nervous character.

The institution is located 2½ miles from the beautiful and flourishing town of Binghamton; on the East side of the Chenango River, and is at all times accessible to the cars going East or West, by a pleasant and picturesque ride of 15 minutes duration, and will hereafter be known as the

Chenango Water Cure.

DR. C. B. BARRETT would earnestly direct the attention of the sick and afflicted to a careful and considerate perusal of the following statements, which if properly heeded will save those afflicted from becoming the victims of quackery and false imposition.

1st. The Institution will be supplied with a series of powerful Vapour, Douche and Shower Baths, all of them capable of being used to any degree of temperature, applicable to the immediate wants of the patient's case.

2nd. The use of these baths as administered by Dr. Brarett, (*provided the directions given from time to time are strictly and unalterably followed,*) ARE GUARANTEED TO CURE ALL DISEASES THAT ARE CURABLE; *and in those beyond the reach of restoration to health, relief, of the most grateful and satisfactory character will be obtained.*

3rd; It is a well known fact, that in a climate like this, liable at all times to so many sudden changes, under which a feeble and delicate constitution is compelled to yield to its debilitating influences, the successful application of *Cold Water!* through a long and rigid winter as applied by the *self styled* "Water Cure Doctors" of the day, on those who are so unfortunate as to be obliged to become "in-door patients" at any of those large boarding houses called "Water Cures," must necessarily be to say the least of it, of a very doubtful and suspicious character; and, in a large majority of cases, leaves the poor sufferer worse than he was before entering its portals. All this arises from a system of Charlatanism, or quackery adopted by those, who eager to be called a Doctor, have only glanced at the shadow whilst the substance of the Practice is far, far beyond their most gifted intellects. Hence they use in a hap-hazard manner a very powerful and, in unskillful hands, a very dangerous agent without any regard to the temperature of that agency, or the temperature, habits of life, &c., of the individuals who may be so very unfortunate as to fall into their hands.

4th. It not unfrequently happens that the pecuniary resources which a patient may have under his immediate control, are of a character so limited as to render it impossible for him to pay $6, $8 or $10 per week for Board, &c., especially if it is required of him to become an inmate for two or three months. In the Institution now opened by Dr. Barrett, more than two-thirds of such an expense is saved to the Patient, from the fact, that the personal attendance of the sick will not be required, even in the very worst cases, more than three times a week, and then only for one hour, (the majority of cases requiring but two visits per week,) enabling each patient immediately after their treatment, to retire to their respective homes, taking with them printed directions for Home Treatment, until the next regular appointed return.

Thus, Time and Money, (both very important items,) are saved to the Patient and his family, by the systematic course of treatment as adopted at DR. BARRETT'S establishment. A system which is exactly the same as that in use at the present day in the principal Hospitals and Private Institutions of this country and of Europe; and for its successful issue, living witnesses to its benign and beneficial influences are around us on every hand.

The following are the terms on which each patient will be received for treatment, and from which, in no case will there be any departure or deviation.

Day Patients—One Dollar each sitting.

Patients by the Week—Five Dollars which includes Board, Fire, Light and Attendance.

☞ No Book Account is kept. Each day patient will pay for his or her Bath after having received it, and before leaving the Institution. Patients, who Board at the Institute, will pay at the close of each week. These regulations will be promptly carried out.

Day patients will provide themselves, for each sitting, with 2 sheets, (coarse cotton) one large Comfortable, and 3 Crash towels.

Hours of treatment from 8 A. M. to 5 P. M. No treatment on the Sabbath.

The Subscriber is a regular graduate, and a Licensed Practitioner of the class of 1851, and a member of the "American Hygienic and Hydropathic Association of Physicians and Surgeons," and for the past nine years has devoted himself to the treatment of diseases by the use of Water, judiciously administered in its various forms.

CLEMENT B. BARRETT, M. D.

N. B. Persons living at a distance from the Cure, and desiring professional advice, by sending Age, sex, Occupation, Habits of Life, and symptoms of their Disease, and enclosing One Dollar current funds, postage pre-paid will receive immediate attention, accompanied with full directions.

Diseases Treated at the Chenango Water Cure.—(Kept and Established by DR. C. B. BARRETT,) By the use of pure water in its various forms of application.

DENTAL SURGERY.

C. D. VIRGIL, tenders his professional services to the citizens of Montrose and vicinity, designing a permanent location among them. An exclusive devotion of several years to the study and practice of Dentistry, encourages the hope of giving entire satisfaction in every department of this highly useful and popular art. Probably the amount of individual and aggregate suffering arising from decayed teeth is much greater than from any other cause, and persons whose teeth are becoming carious, should be admonished to have them attended to in season. Nine tenths of the anguish distracting, which sends the nerves amid the tossings and writhings of a sleepless night, might have been prevented by seasonable precaution. Although a method has been recently discovered by which a tooth that has been a long time painful may be filled and saved, for doubtless, a number of years, yet it is much the wiser course to get it plugged before it has ached. Dr. V. respectfully urges attention to these facts and considerations, and for the comfort of the afflicted would further say, that he is in possession of a secret by which TEETH THAT HAVE ACHED MAY BE FILLED AND SAVED without any pain to the patient. If you doubt it, make the trial. Give me a call friends, and be assured neither high prices, nor any other conceivable obstacle shall prevent a bargain.

Wyoming Seminary,

KINGSTON, LUZERNE CO. PA.

THIS Institution has one of the most desirable locations in Northern Pennsylvania. Kingston is a quiet, pleasant and salubrious village, one mile West of Wilkesbarre, and accessible by daily stages from all parts of the country. The school has now been in operation seven years, during which its patronage has been liberal and constantly increasing.

Through the munificence of Wm. Swetland, Esq. an additional Seminary building 40 by 49 feet, and three stories high, has just been completed, and by the liberality of Hon. Ziba Bennett, the school is now furnished with a valuable and extensive library, entirely new. The Chemical, Philosophical and Astronomical Apparatus of the Institution is regarded, by all who have knowledge of it, as of a high order and ample for full experiments in Natural Science.

The Board of instruction for the ensuing year is as follows viz:

REV. REUBEN NELSON, A. M. Principal.
REV. YOUNG C. SMITH, A. M.,
Teacher of Ancient Languages.
PHILIP T. MYERS, A. B., Teacher of Mathematics.
Rev. C. H. HARVEY, Teacher of Natural Science.
JAMES W. WESTLAKE, Assistant Pupil.
Miss MARY DIETZ, Preceptress and Teacher of Modern Languages.
Miss ESTHER PATRICK, Assistant Teacher of Modern Languages.
Mrs. JANE S. NELSON, Teacher of Drawing and Painting.
Mrs. S. A. GARDNER, Teacher of Music.

All of the above teachers are employed in that school the whole of each day, except the Teacher of Drawing, and Mr. Westlake. The former devotes such a portion of each day to her class as may be necessary, and the latter teaches on half of each day. The public will perceive that by this arrangement the school is under the supervision and instruction of a very full board of teachers, and the trustees confidently believe that no pains will be spared to promote the most thorough improvement of all the pupils.

The necessary expenses at this Institution are moderate. Tuition exclusive of the ornamental branches, from $3 to $5.50 per quarter. Board $1.50 per week, washing 37 1-2 per dozen, and fuel $2.50 per annum.

The discipline of the Institution combines mildness with firmness, inculcating sound, moral and religious principles, persevering industry, strict order and correct deportment.

The present term of this school will continue till the 23d of Dec. next. Students are admitted at any time, but the most suitable time for entering is the beginning or the middle of each term. Those who may wish to attend the school, through the remainder of the Fall, and throughout the winter, would do well to enter as soon as the 20th or 23d inst. There will be a vacation of two weeks at the close of the present term. The next term consists of thirteen weeks, commencing January 7th, and closing April 7, 1852.

Catalogues of the Seminary, and any information relative to it, can be obtained by addressing the Principal or either of the undersigned.
