Hail to the Chief!

THE United States of America, conscious of their glorious calling, sent a vessel to distant Turkey to break the chains by which the mightiest despots of Europe fettered the activity of the illustrious Exiled Hungarian Chief, whose very name disturbed the proud security of their slumbers. He is now the Nation's guest! He comes to arouse our sympathies, and to ask our aid for his people and their cause. In view of the Kossuth mania and other considerations, the late firm of Drs. J. W. & D. F. Brundage is dissolved by mutual consent. It has become necessary "positively" to close up the affairs of our old Books, which have been from one to sixteen years standing: and would respectfully beg leave to call the attention of those indebted, to a settlement of the same without further notice or delay. The notes and Books may be found in the hands of J. W. Brundage for a short time. Payment can be made to either of the late partners.

Chenango Water Cure.

DR. C. B. BARRETT,

FORMERLY of the city of New York, embraces this opportunity of informing his many friends and patrons, and those favorable to a judicious mode of Hydropathic treatment, that he has withdrawn himself entirely from the "*Mount Prospect Water Cure*," (of which he was formerly part Proprietor, and its resident Physician;) and opened an establishment for the relief of Diseases of an Inflamatory and nervous character.

The institution is located 2½ miles from the beautiful and flourishing town of Binghamton, on the East side of the Chenango River, and is at all times accessible to the cars going East or West, by a pleasant and picturesque ride of 15 minutes duration, and will hereafter be known as the

Chenango Water Cure.

DR. C. B. BARRETT would earnestly direct the attention of the sick and afflicted to a careful and considerate perusal of the following statements, which if properly heeded will save those afflicted from becoming the victims of quackery and base imposition.

1st. The Institution will be supplied with a series of powerful Vapour, Douche and Shower Baths, all of them capable of being used to any degree of temperature, applicable to the immediate wants of the patient's case.

2nd, The use of these baths as administered by Dr. Barrett, (*provided the directions given from time to time are strictly and unalterably followed,*) ARE GUARANTEED TO CURE ALL DISEASES THAT ARE CURABLE; *and in those beyond the reach of restoration to health, relief, of the most grateful and satisfactory character will be obtained.*

3rd; It is a well known fact, that in a climate like this, liable at all times to so many sudden changes, under which a feeble and delicate constitution is compelled to yield to its debilitating influences, the successful application of *Cold Water!* through a long and rigid winter as applied by the *self styled* "Water Cure Doctors" of the day, on those who are so unfortunate as to be obliged to become "in-door patients" at any of those large boarding houses called "Water Cures," must necessarily be to say the least of it, of a very doubtful and suspicious character; and, in a large majority of cases, leaves the poor sufferer worse than he was before entering its portals. All this arises from a system of Charlatanism, or quackery, adopted by those, who eager to be called a Doctor, have only glanced at the shadow whilst the substance of the Practice is far, far beyond their most gifted intellects. Hence they use in a hap-hazard manner a very powerful and, in unskillful hands, a very dangerous agent, without any regard to the temperature of that agency, or the temperature, habits of life, &c., of the individuals who may be so very unfortunate as to fall into their hands.

4th. It not unfrequently happens that the pecuniary resources which a patient may have under his immediate control, are of a character so limited as to render it impossible for him to pay $6, $8 or $10 per week for Board, &c., especially if it is required of him to become an inmate for two or three months. In the Institution now opened by Dr. Barrett, more than two-thirds of such an expense is saved to the Patient, from the fact that the personal attendance of the sick will not be required, even in the very worst cases, more than three times a week, and then only for one hour, (the majority of cases requiring but two visits per week,) enabling each patient immediately after their treatment, to retire to their respective homes, taking with them printed directions for Home Treatment, until the next regular appointed return.

Thus, Time and Money, (both very important items,) are saved to the Patient and his family, by the systematic course of treatment as adopted at Dr. Barrett's establishment. A system which is exactly the same as that in use at the present day in the principal Hospitals and Private Institutions of this country and of Europe: and for its successful issue, living witnesses to its benign and beneficial influences are around us on every hand.

The following are the terms on which each patient will be received for treatment, and from which, in no case will there be any departure or deviation.

Day Patients—One Dollar each sitting.

Patients by the Week—Five Dollars, which includes Board, Fire, Light and Attendance.

☞ No Book Account is kept. Each day patient will pay for his or her Bath after having received it, and before leaving the Institution. Patients, who Board at the Institute, will pay at the close of each week. These regulations will be promptly carried out.

Day patients will provide themselves, for each sitting, with 2 sheets, (coarse cotton) one large Comfortable, and 3 Crash towels.

Hours of treatment from 8 A. M. to 5 P. M. No treatment on the Sabbath.

The Subscriber is a regular graduate, and a Licensed Practitioner of the class of 1831, and a member of the "American Hygienic and Hydropathic Association of Physicians and surgeons," and for the past nine years has devoted himself to the treatment of diseases by the use of Water, judiciously administered in its various forms.

CLEMENT B. BARRETT, M. D.

N. B. Persons living at a distance from the Cure, and desiring professional advice, by sending Age, sex, Occupation, Habits of Life, and symptoms of their Disease, and enclosing One Dollar current funds, postage pre-paid will receive immediate attention, accompanied with full directions.

Diseases Treated at the Chenango Water Cure.—(Kept and Established by DR. C. B. BARRETT,) By the use of pure water in its various forms of application.

Amaurosis, if in its incipient stages; Aphonia or loss of voice; Asthma when spasmodic; Aneurism, Abscess, Ague and Chills, Atrophia or Nervous consumption, Atony of the stomach, Ammenorhœa, Bronchitis, Blindness, if from recent inflamation, or paralysis of the Iris; Brain—with congestion and concussion; Chorœa, or St. Vitus' Dance; Cataract—if in its incipient stage; Chlorosis, Curvatures of the spine, Cramps or Spasms, Colic, Coldness of feet and hands, Contraction of muscles Cold feet, Depression of spirit, Deafness, Dysmen, norhœa, Dyspepsia, Diseased Spine, do of Liver-do of Stomach, do Kidneys, Epilepsy, Fever and Ague, Gout, Hemiplegia, Headache, either nervous or sick, Hypocondriacism, Incontinency, of urine, Leuchorrhœa, Lumbago, Loss of muscular tone or power, mental depression, muscular contraction, menstruation difficult, suspended or painful. DENTAL SURGERY.

C. D. VIRGIL, tenders his professional services to the citizens of Montrose and vicinity, designing a permanent location among them. An exclusive devotion of several years to the study and practice of Dentistry, encourages the hope of giving entire satisfaction in every department of this highly useful and popular art. Probably the amount of individual and aggregate suffering arising from decayed teeth is much greater than from any other cause, and persons whose teeth are becoming carious, should be admonished to have them attended to in season. Nine tenths of the anguish distracting, which rends the nerves amid the tossings and writhings of a sleepless night, might have been prevented by seasonable precaution. Although a method has been recently discovered by which a tooth that has been a long time painful may be filled and saved, for doubtless, a number of years, yet it is much the wiser course to get it plugged before it has ached. Dr. V. respectfully urges attention to these facts and considerations, and for the comfort of the afflicted would further say, that he is in possession of a secret by which TEETH THAT HAVE ACHED MAY BE FILLED AND SAVED, without any pain to the patient. If you doubt it, make the trial. Give me a call friends, and be assured neither high prices, nor any other conceivable obstacle shall prevent a bargain.
