Export of Specie.

Another million and a half of dollars of specie were exported from New York and Philadelphia during the past week viz:

From New York,	$1,381,093
From Philadelphia,	288,000
	$1,619,093

The following statement shows the amount of specie exported from the port of New York alone from the first of January last, which readily accounts for the present stringency in the money market.

Shipments of specie from the port of New York 1851:

January,	$1,266,000
February,	1,007,000
March,	2,368,000
April,	3,482,000
May,	4,506,000
June,	6,462,000
July,	6,004,000
August,	2,640,469
Total,	27,735,469

What is the cause of this heavy exportation of specie? Excessive importation of foreign goods. We have run into debt in Europe for these goods and now must send our specie to make payments. We have bought more than we have sold and are now compelled to make up the balance in gold and silver. What is the consequence? Financial embarrassments and threatened bankruptcy. Looking at our specie basis, we are everywhere weak. The banks of the whole country held, on the first of January last, only 48 millions of coin, with a circulation of 155 millions, and loans and discounts amounting to 412 millions. New England floats a circulation of more than thirty two millions, on the slender support of less than five millions of specie. This with characteristic thrift, is getting a currency dog cheap. Ohio and the Southern States are inflated to nearly the same extent. New Orleans alone is impregnable, having had, on the 31st of May, an amount of specie exceeding her whole circulation. Can this state of things continue long without bringing upon us a financial crisis like that of 1837. We think not.—*Daily News.*

A NEW RAILROAD ROUTE.—We learn that at the last session of the Pennsylvania Legislature, a charter was obtained, on the application of a few gentlemen, for a direct Railroad route from the stone bridge at Lanesboro' to the Lackawaxen in that state, cutting off *Deposit*, and which will shorten the distance to New York 28 *miles*. The length of this new road will be about 60 miles.

We understand that the grade on this new route will be about 20 feet per mile less than that on the present *summit*, and that the New York and Erie Railroad Company intend making their arrangements to use it, when completed, and that its construction will be speedily effected.

If we are correctly informed in what we have stated, an additional inducement is presented for the speedy construction of the Syracuse and Binghamton Railroad.—*Broome Republican.*

ANOTHER SCIENTIFIC WONDER—IMPORTANT TO DYSPEPTICS.—Dr. J. S. Houghton's *Pepsin*, the true Digestive Fluid or Gastric Juice, prepared from Rennet or the fourth stomach of the Ox, after directions of Baron Liebig, the great physiological Chemist, by J. S. Houghton, M. D. Philadelphia. This is truly a wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation and Debility, going after Nature's own agent, the Gastric Juice. Pamphlets, containing Scientific evidence of its value, furnished by agents gratis.—See notice among the medical advertisements.

Deaths.

In Gibson on Wednesday Evening Jan. 21st, after a short illness of twenty-nine hours, of Spotted Fever, (*Typhus Detechialis*) FRANCES ELLIS, aged 22 yrs.

In New Milford, on the 5th inst., Mrs. MARY SUMMERS, wife of Mr. Calvin Summers, in the 62d year of her age.

Forty years she has acted the part of a hostess, an honor to her house, the joy of her husband and friends, and a delight to all who have ever reclined at her table or sought rest for their weary limbs beneath her roof.

She did not openly confess Jesus Christ and Him crucified until upon her death-bed, when she became a member of Christ in the holy sacrament of baptism.

In her death, the Church, the poor, the sick, and the way-worn traveller have lost a friend whose place very few of the human family are capable of filling. Her house was the minister's home to whom she gave unwearied attention. The poor were not only fed at her door, but were sought out and cared for whenever the sound of their wants reached her ears; and this too while she herself was not able to go beyond the thresh-hold of her door. There was no place that the sick and way-worn traveller delighted to reach, (home excepted) more than this. There was a heart to sympathise and a hand to relieve. Truly a mother in Israel, though lately adopted, has fallen. She was a martyr to the public; for she spared not herself in any thing that she thought would add to the comfort of her guests. She has now gone, we trust, to the home of the redeemed in Christ, awaiting the resurrection day. And may God grant that all who have knowledge of her life and death, may so live in this world, that they may in the world to come, have life everlasting through Christ our Lord.

Hail to the Chief!

THE United States of America, conscious of their glorious calling, sent a vessel to distant Turkey to break the chains by which the mightiest despots of Europe fettered the activity of the illustrious Exiled Hungarian Chief, whose very name disturbed the proud security of their slumbers. He is now the Nation's guest. He comes to arouse our sympathies, and to ask our aid for his people and their cause. In view of the Kossuth mania and other considerations, the late firm of Drs. J. W. & D. F. Brundage is dissolved by mutual consent. It has become necessary "positively" to close up the affairs of our old Books, which have been from one to sixteen years standing; and would respectfully beg leave to call the attention of those indebted, to a settlement of the same without further notice or delay. The notes and Books may be found in the hands of J. W. Brundage for a short time. Payment can be made to either of the late partners.

J. W. BRUNDAGE,
D. F. BRUNDAGE.

Gibson, January 1, 1852.

DR. D. F. BRUNDAGE respectfully asks leave to tender his sincere thanks to the citizens of Susquehanna, Wayne, Luzerne and Wyoming Co's. for their very liberal patronage and many proofs of friendship, and would assure them he designs a permanent residence in Gibson, and may be found as usual at the old office of Drs. J. W. & D. F. B. when not professionally engaged.
