The Great British Quarterlies and Blackwood's Magazine.

Important reduction in the rates of postage.

Leonard Scott & Co.

NO. 54 GOLD ST. NEW YORK,

CONTINUE to publish the following British Periodicals, viz:

The London Quarterly Review (Conservative.)
The Edinburg Review (Whig.)
The North British Review (free Church.)
The Westminster Review (Liberal,) and
Blackwood's Edinburgh Magazine (tory)

These reprints have now been in successful operation in this country *for twenty years*, and their circulation is constantly on the increase, notwithstanding the competition they encounter from American periodicals of a similar class, and from numerous *Eclectics* and Magazines made up of selections from foreign periodicals. This fact shows clearly the high estimation in which they are held by the intelligent reading public, and affords a guarantee that they are established on a firm basis, and will be continued without interruption.

Although these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their *literary* character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. *Blackwood*, still under the masterly guidance of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial works of Bulwer and other literary notables, written for that magazine, and first appearing in its columns both in Great Britain and the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer,) "My Peninsular Medal," "The Green Hand," and other serials of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages o Blackwood, after it has been issued by Messrs. Scott & Co., so that subscribers to the reprint of that Magazine may always rely on having the earliest reading of those fascinating tales.

For any two of the four Reviews, 5 00
For any three of the four Reviews, 7 00

REDUCED POSTAGE.

The postage on these periodicals has, by the late law, been reduced, on the average, about for-ty per cent! The following are the present rates, viz:

Another Scientific Wonder!

GREAT CURE FOR

DYSPEPSIA!

DR. J. S. HOUGHTON'S

THE TRUE

DIGESTIVE FLUID,

OR, GASTRIC JUICE.

Prepared from *RENNET*, or the fourth *STOMACH OF THE OX*, after directions of *BARON LIEBIG*, the great Physiological Chemist, by *J. S. HOUGHTON, M. D.* Philadelphia, *Pa.*

This a truly wonderful remedy for *INDIGESTION, DYSPEPSIA, JAUNDICE, LIVER COMPLAINT, CONSTIPATION*, and *DEBILITY*, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of *Pepsin*, infused in water, will digest or dissolve, *Five pounds of Roast Beef in about two hours*, out of the stomach.

Pepsin is the chief element, or Great Digesting Principle of the Gastric Juice—the *Solvent of the Food, the Purifying, Preserving, and Stimulating* agent of the Stomach and Inteatines. It is extracted from the Digestive Stomach of the Ox, thus forming an *artificial digestive fluid*, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of *Indigestion* and *Dyspepsia* are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing case of *Debility, Emaciation, Nervous Decline*, and *Dyspeptic Consumption*, supposed to be on the verge to the grave. The Scientific Evidence upon which it is based, is in the highest degree *curious* and *remarkable*.

Scientific Evidence.

BARON LIEBIG in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be in the human stomach."

☞ Call on the agent and get a descriptive Circular, gratis, giving a large amount of scientific evidence similar to the above, together with reports of remarkable cures, from all parts of the United States.

As a Dyspepsia Curer

Dr. Houghton's *Pepsin* has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement, but authenticated certificates have been given of more than two hundred remarkable cures, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to bilious disorder, liver complaint, fever and ague, and the evil effects of quinine, mercury, and other drugs upon the Digestive Organs, after a long sickness. Also for excess in eating, and the too free use of ardent spirits. It also reconciles Health with Intemperance.

Dr. Houghton's *Pepsin* is prepared in powder and fluid form—and in prescription vials for the use of physicians.

Private Circulars for the use of Physicians may be obtained of Dr. Houghton or his agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a secret remedy, no objection can be raised against its use by physicians in respectable standing and regular practice

Price, ONE DOLLAR per bottle.

☞ OBSERVE THIS.—Every bottle of the genuine *Pepsin* bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, *Philadelphia, Pa.* Copy-right and Trade-mark secured.

☞ Sold by all Druggists and Dealers in Medicines.
