Montrose, Nov. 11, 1852.

Take Notice.

AS it appears that some of our friends did not understand our former notice, we hereby state our case more fully. Besides the reasons mentioned in our former notice, we have still more urgent ones for your consideration. We have liabilities against us that are due, and must be paid, and further, we have no other source whence to raise the money, but from those who are indebted to us. We hope (having stated our case as it really is,) that our friends will meet us promptly, and that this notice will be sufficient. But if it should not be, we shall be obliged to place our notes and accounts in the hands of a proper officer for collection. The books and notes are at the store of L. S. Little, who will attend to the closing of the business until Dec. 1st.

Fall & Winter Arrangements for 1852—3.

Union Hall, Wholesale & Retail

Clothing Warehouse,

Corner of Fulton and Nassau streets, New York.
(Established A. D. 1850.)

THIS immense establishment, which occupies three large six story buildings, contains six leading distinct departments, sub-divided into various minor branches, each having its separate corps of salesmen. These departments are distributed over six floors, and the system upon which they are conducted insures prompt and satisfactory attention to the wants and wishes of every purchaser. The stock of Ready Made Clothing is the most comprehensive, varied, and fashionable in the United States, and the apparel made to measure cannot be surpassed in style, workman-hip or material, by any house in New York; while as regards cheapness, in every department, comparison is invited, and competition defied.

Organization of the Establishment.

The entire system of the concern is under the general superintendance of Mr. J. Souder, whose long experience and thorough knowledge of the various branches qualify him admirably for the situation of manager. The first floors are devoted wholly to the Retail business, and are stocked with an unsurpassed assortment of Fashionable & seasonable clothing for gentlemen and boys. S. H. Noe, Director of the gent's department. The boy's department comprises a complete assortment of the most tasteful and elegantly cut suits for boys ever offered in this city—W. K. Taylor, superintendant. The second floor is the Custom Department, where all styles of fashionable and serviceable goods are kept, and gentlemen's and boy's Clothing made to measure by the best artists.—None but Cutters of the very first class are employed. Managers—James T. Darry and William Bigelon. The third and fourth floors are appropriated to the wholesale branch. Buyers will here have an opportunity of selecting from a stock, the extent and variety, the beauty and cheapness of which must be seen to be appreciated. This department is under the direction of A. Phillips, with several assistants. The fifth and sixth floors form the manufacturing portion of the establishment—superintendent, J. C. Parr. Purchaser of Trimmings, Fancy Goods, &c. T. Scoles—P. L. Rogers purchaser of Cloths, Cassimeres, Vestings, &c.

☞ No advertisement can convey an adequate idea of the vast business done at Union Hall; of its extensive stock; its order and regularity, and the cheap prices which laid the foundation of its popularity, and continue to sustain and increase it. The Proprietor, under whose own eye the whole system works so satisfactorily, respectfully invites buyers and the public generally, to come and see for themselves.

P. L. ROGERS, Proprietor.

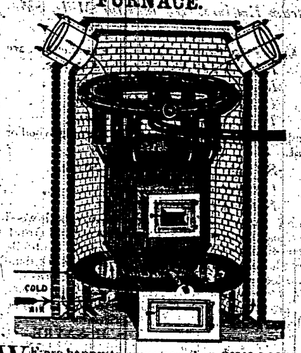
CHILSON'S PATENT.
World's Fair Prize-Medal FURNACE.



WE are happy to announce that CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE, as recently improved and patented is declared by high and reliable authority to be the

Best Furnace in the World.

Not only is this furnace and our system of Ventilation proved and declared to be the best mode of Warming and Ventilating DWELLINGS, CHURCHES, ACADEMIES, SCHOOL HOUSES, COURT and STATE HOUSES, HOSPITALS, STORES, &c. in nearly all the cities and towns in the United States, but is meeting with equal favor in the Canadas, England, Russia, and other Foreign Countries. It has been awarded at the recent Fairs in this country GOLD AND SILVER MEDALS, FIRST PREMIUMS, and lastly, the GREAT PRIZE MEDAL at the WORLD'S FAIR, LONDON. It has been subjected to the most rigid investigation & severe practical tests, and unanimously declared the best (See the printed reports of the Fairs, also City and State public Committees on Public Buildings.) We have more than twenty-five hundred references, many of whom are professional gentlemen, whose scientific attainments in such matters are well known. To attain this desirable object, the inventor of this Furnace first abandoned the manufacture of the common frail hot-air furnaces seven years since, under the settled conviction that reliot iron furnaces burn the oxygen out of the air, producing an unhealthy, scorching, disagreeable odor, unfit to be inhaled by human beings; besides the constant cracking and burning out of the pots, which permits the poisonous gases to escape and mingle with the air; and then the annoyance and expense of repairs, new pots, &c. He now has the satisfaction of knowing that his efforts to secure a HEALTHY, ECONOMICAL and DURABLE APPARATUS, for thoroughly Warming and Ventilating buildings, has been entirely successful. They possess the following advantages: purity of air, powerful heaters, economical plan for burning anthracite, bituminous coals or wood, all equally well—flues easily cleared out—great durability of furnace, not liable to repairs for a life-time; perfect safety against setting buildings on fire in which they are located; may be set in low cellars. Sizes for all classes of buildings. Also four sizes of new and superior PORTABLE FURNACES—Dr. Clark's Improved BOSTON SCHOOL STOVE.

REGISTERS of all descriptions; HOT-AIR GRATES; ROOM VENTILATORS, &c.

Emerson's celebrated VENTILATORS for Roofs of Buildings and smoky chimneys, &c. COOKING Fixtures, Low without Bath Boilers and Hot-Air

Parlor & Chamber Frame Grates,

☞ The best evidence that can be adduced in favor of the efficaciousness of Husband's German Bitters, prepared by Dr. C. M. Jackson is the unprecedented demand for them from all parts of the Union; and although there may be many compounds prepared and represented as being worthy of a liberal patronage, yet we feel constrained to remark, that the vast number of testimonials with which the world's doctor has been honored by persons of the highest character and respectability, who found it necessary to have recourse to his preparation, is testimony sufficiently conclusive, that a more effectual remedy for the almost immediate relief of those afflicted with that direful malady, dyspepsia, has never been discovered.
