

The Farm and the Fireside

For the Register.

Susquehanna County Teachers' Association

Pursuant to notice, the Susquehanna County Teachers' Association convened at Montrose, in the Susquehanna Academy building, on the evening of Saturday, January 28th, 1884.

The Association was called to order by the President, S. T. Scott, and the Secretary being in the chair, the Association immediately proceeded to business.

After disposing of some incidental preliminary business, the Business Committee reported that they had succeeded in procuring the services of Bentley S. Foster in the capacity of lecturer before the Association.

On motion, the President called for the lecture to be delivered, and Mr. Foster being present, immediately responded to the call by proceeding to his delivery. The lecture deservedly secured the marked attention of the Association. He was listened to with all that interest which a decidedly practical, and consequently useful, effort is calculated to secure.

At the close of the lecture, C. W. Deans offered the following resolution, which was unanimously adopted:

Resolved, That the thanks of this Association be due to Mr. Foster for his very able and instructive address.

The reading of the Constitution was then called for, and it was accordingly read by the Secretary. All persons present who were not already members of the Association, were now solicited to affix their names to the Constitution.

During the signing of the Constitution, the Association was addressed by C. W. Deans, on the effects of the Association; also by the Secretary, in regard to the erroneous impressions created in the minds of some in various parts of the county as to the motives which actuated Teachers in the formation of this Association.

On motion a committee was appointed by the President, consisting of B. S. Foster, E. McKenzie and A. B. Johnson to draft by-laws for the association including a Schedule of business.

On motion it was also agreed that the Schedule of business be reported to this meeting, and the by-laws to the next stated meeting of the association.

On motion of the business committee, the topic of School Government was taken up, and discussed with much mutual benefit and good humor.

The meeting was addressed by the President, E. McKenzie, B. S. Foster, C. W. Deans, and others, on this topic.

On motion of the Secretary, S. U. Hamilton, Esq., of Gibson, favored the Association with a very interesting and instructive address as to the nature of its duties and its peculiar attitude before the people of this county.

The Committee on By-Laws now gave notice that they were ready to report a Schedule of business, and the following Schedule was then read by B. S. Foster, Chairman of Committee, and adopted by the Association in committee of the whole:

- 1st. Calling the Roll.
2d. Reading of Secretary's Report.
3d. Miscellaneous Business.
4th. Appointment of committees.
5th. Address.
6th. Report of Committees.
7th. Miscellaneous Business, and Adjournment.

On motion, the President appointed a committee to prepare an address to the people of this county, setting forth the objects and aims of the Association, and, on motion, it was further agreed that the address be published in each county paper.

The said committee consisted of B. F. Tewksbury, B. S. Foster, and C. W. Deans.

The Association then proceeded to select a place and time for its next meeting. Gibson, Harford, and Brooklyn, were severally named as suitable places for the next meeting.

On motion of B. F. Tewksbury, the following resolution was unanimously adopted:

Resolved, That the next meeting of this Association be held at Brooklyn, on Saturday, the 15th day of February, 1884, at one o'clock P. M.

The President then gave notice that the business committee of the last meeting would be continued by reappointment.

No other business being before the Association, with an expression of thanks to the generous Trustees who permitted them to occupy a room in their Building, it adjourned to meet as above stated.

S. T. Scott, Pres.
B. F. Tewksbury, Sec.

Facts about Friday

From time immemorial, Friday has been frowned upon as a day of ill omen, and though this prejudice is less prevalent now than it has been of yore, there are many, even in this latter day of ours, who would hesitate on a day so inauspicious, to begin an undertaking of momentous import.

And how many brave manhoods, whose hearts unquailed could meet the wildest fury of their ocean-hound, would blanch to even bend their necks to the gallows, but to show which much reason this feeling is indulged, let us examine the following important facts in connection with our own settlement and progress as a nation; and we will see how much cause we Americans have to dread the fatal day.

On Friday, August 3d, 1492, Christopher Columbus sailed on his great voyage of discovery.

On Friday, Oct. 12th, 1492, he first discovered land.

On Friday, 4th Jan. 1493, he sailed on his return to Spain, which he had not reached in safety, the happy result would never have been known, which led to the settlement of this continent.

On Friday, March 15th, 1493, he arrived at Palos in safety.

On Friday, June 13th, 1494, he, though unknown to himself, discovered the continent of America.

On Friday, March 5th, 1496, Henry VII of England, gave to John Cabot his commission, which led to the discovery of North America. This is the first American State paper in England.

his return to Spain, which he had not reached in safety, the happy result would never have been known, which led to the settlement of this continent.

On Friday, March 15th, 1493, he arrived at Palos in safety.

On Friday, June 13th, 1494, he, though unknown to himself, discovered the continent of America.

On Friday, March 5th, 1496, Henry VII of England, gave to John Cabot his commission, which led to the discovery of North America. This is the first American State paper in England.

On Friday, Sept. 7th, 1495, Melendez found the United States by more than forty years.

On Friday, Nov. 10th, 1620, May Flower with the Pilgrims, made the harbor of Provincetown. And on the same day was signed that August Compact, the forerunner of our present glorious Constitution.

On Friday, Dec. 22, 1620, the Pilgrims made their final landing on Plymouth Rock.

On Friday, Feb. 22d, 1732, George Washington, the Father of American Freedom, was born.

On Friday, June 10th, Buckler Hill was seized and fortified.

On Friday, Oct. 7th, 1777, the surrender of Saratoga was made, which had such power and influence in inducing France to declare for our cause.

On Friday, Sept. 22, 1780, the treason of Arnold was laid bare, which saved us from destruction.

On Friday, 7th, 1776, the motion in Congress made by John Adams, and seconded by Richard Henry Lee, that the United Colonies were and of right ought to be free and independent.

Thus, by numerous examples we see that, however it may be with other nations, Americans need never dread to begin on Friday any undertaking, however momentous it may be. - Norfolk Beacon.
