The Independent Republican.

The publication of a weekly newspaper, with the above title, will be commenced at Montrose on the lat of January next, under the editorial charge of the undersigned. The character and objects of the Indeindicated by its name. While the people of this in substance as follows: 1 country, living under, and reaping the benefits of, a Republican form of government, almost universally claim to be Republicans, it is but too evident that the tendency of late acts of our National Legislature, on of our fellow-citizens, are decidedly anti-Republican. Our efforts, as editors; shall be directed to the mainever guise it may present itself.

But it is useless to make many promises—the paper questions of the day, and which shall serve as a me- to bigotry the make him desire it. dium for expressing the sentiments of the Republican He was in favor of freedom to worship or Free-Soil party in Susquehanna County

Having formerly acted with opposing political parties, one of us having published a Democratic and the other a Whig paper in this county, we have seen old issues gradually disappear, and now finding ourselves united in sentiment, we are willing to unite in action on the great questions that agitate the country.

We confidently call upon all who favor our object of cementing and strengthening the Republican party in this county, the aid us in giving the Independent. Republican an extensive circulation; and would ask them to act promptly in the matter, and send in as ions many names as possible before the first of January. that we may know how large an edition will be re-

quired.

The Independent Republican will be of as large a. size, at least, as either of the papers now published in this county, and will be furnished at one dollar and fity cente per annum, in advance.
