The manufacturers of the Auburn Wagons are making every effort to make the very best wagon possible; and with such success, that they can and do make a better Farm and Lumber Wagon than day wagon-maker can make who has not the unequalled facilities possessed by the E. Nothing but first class timber, thoroughly seasoned, is used, and the woods of the entire running gears are scaked in boiled linseed oil and thoroughly dried before being painted. No malleable irons are used. The Wagon Company
