The Dog Star and Dog Days. Sirius, commonly called the "Dog Star," s now ruling the heavens, astronomically speaking, and is put down in the almanace for a run of about six weeks without regard to the fluctuations of the weather or any-

thing of that kind. Sirius, it may be remarked, brings with him the season known as the "Dog Days," when out of every hundred dogs you meet at least ninety-nine have the hydrophobia, or are supposed to have it, which amounts to about the same thing as far as the dogs are concerned. Now is the time when dogs should be careful not to trot along the streets and highways with their tongues lolling out, or to carry their caudal appendages at a lower angle than at least forty-five degrees. These are the two infallible signs which ever brought into Towarda tradition has handed down from gene-

ration to generation to indicate

perature and pulse are not in a normal ondition. A dog with these signs follow- second hand machine then) has given perng him is a dangerous dog, has no rights fect satisfaction, doing all kinds of family which anybody ought to respect, and should sewing without any repair, except a new be snubbed and shunned, even if you have shuttle just bought. to mount a store-boy or climb a tree to do it. This is the season also when prudent and thoughtful citizens of Towarda send their dogs into the country to some relative, ria, etc., are contagious. If you have sickstensibly to prevent them from biting some town friend, but in reality to avoid the payment of the dog-tax, or license. with the ordinance compelling the payment keepers. See adv. of taxes for keeping them, than in the country, where there is no tax imposed. provided you only know the time the dogtax collector is coming around and then make your arrangements for the prompt

shipment of the dog to the country for brief period. Besides this, Sirius plays havoc with the small bey, who sneaks clandestinely from home and goes swimming, by afflicting him with boils much on the order, it is presumed, of the kind that worried a very worthy gentleman, named Job, several thousand years ago. These facts and many more, "too tedious to men-

Sirius, and the malevolence which he entertains towards dogs and mankind gene

tion," go to show the vicious disposition of

BIRTHDAY SURPRISE. Geo. H. Terry had forgotten that Saturday, July 22d, brought him a year further from his birth in Wyalusing, and a year nearer to a re-union with dear ones gone house filled with brothers and sisters

the preparations for dinner, which evinced a week or more of labor, were not so well so mysteriously. How the chickens which made the pies met their fate so uncomplain anniversary of their marriage, -Wellsboro seriously, for those making the visit, it was

> their way upon the table before him, their "line;" all of which are offered at the Just received a car load of superior harrows nineteen years old, he celebrated his birthday in the Shenandoah Valley, where, as a haste on his mission that he never got back

to the valley again. From the storm of battle which swept over him he returned unscathed, and the one who watched over Flour per barrel..... forming, which drew his heart to the home where is no more parting, a father, and Beans, brother, and brothers' and sisters' children, Potatoes, "Not lost, but gone before," are waiting for the "coming friends from home."
