WHY THEY ARE "SO CHEAP." A visitor at the house of a friend in this city notice I one day that the three youngest children of the family, and also the nurse, had a peculiar affection of the eyes, which were noticeably swollen and bloodshot. He inquired the cause but the women did not know-thought it was a little thing, which would soon pass off. The visitor's enriosity

> was excited, however, and being of a logical and investigative turn of mind, he came to the conclusion that the cause of the trouble must be something in the nursery and prob ably in the bathing arrangements. Upon salt RHEUM. looking further he found one of these Those who have experdeached sponges. He asked the mother where she got it, and the roply was that it was a great bargain, and had been picked up at a five-cent counter. That was enough explain the whole matter. In some sections of the country one death in every three is from Consumption. This can be, and should be avoided; our people are too careless about an ordinary cough or cold, and other symptoms of throat and lung affections that lead to this disease. You should arrest it while it is in the germ. I'wo or three doses of Dr. Bosanko's Cough and Lung Syrup will relieve an ordinary cough or cold. It does not dry up a cough like many preparations on the market and leave the disease behind it, but acts directly on the throat and bronchial tubes, remov-ing all the phlegm and morbid matter that accumulates in the throat and lungs. allays all irritation, and renders the voic clear and distinct.
