FIFTY DOLLARS FORFEIT.

HUNTER WILL FORFEIT \$50 IF failing to cure any case of secret disease that may come under his care, no matter how long standing or affecting. Either sex admitted to his Private Rooms, 44 North SEVENTH St., Philadelphia, without fear of interruption from other patients. Strangers and others who have been unfortunate in the selection of a Physician are invited to call.

IMPOTENCY—Through unrestrained indulgence of the passions, by excess of self-abuse, the evils are numerous. Premature impotency, involuntary seminal discharges, wasting of the organs, loss of memory, a distaste for female society, general debility, or constitutional derangement, are sure to follow. If necessary, consult the Doctor with confidence. He will cure a perfect cure.

HEAD AND NECK—The afflicted should do well to reflect before trusting their health and happiness, and in many cases their lives, in the hands of physicians ignorant of the latest advances in medicine. It is certainly impossible for any man to understand all the ills that may befall him. Every respectable physician has his peculiar branch, in which he is more successful than his brother physician, and to that he devotes most of his time and study.

YEARS OF PRACTICE, exclusively devoted to the study and treatment of diseases of the internal organs, together with ulcers upon the throat, throat, nose, or legs, pain in the head, of bones, rheumatism, neuralgia, erysipelas, gravel, trigeminal, tic douloureux, and all other diseases of the impurities of the blood, which the constitution has become debilitated, enables the Doctor to offer speedy relief to all who may place themselves under his care.

OF MEDICINE forwarded to any part of the United States. Price Ten Dollars per Package. For sale, DR. DICKINSON'S GELERATED MAGNETO-ELECTRIC MACHINE. No said or other ingredients required. Its power was obtained from a permanent magnet. No battery should be without one. Price only \$10.

DR. OLIVERWELL
ON MANHOOD

A MEDICAL TREATISE ON THE NEW, CERTAIN AND PAINLESS CURE OF SPERMATORRHOEA, AC, WITHOUT THE USE OF INTERNAL MEDICINE, OR EXHAUSTION OF ANY MEDICINAL AFFLICTIONS.

For Publishers, the 4th edition, in a sealed envelope, gratis and mailed to any address, post-paid, on receipt of two stamps.

This little work, emanating from a celebrated member of the medical profession, gives the most important information ever published on all persons containing doubts of their physical condition, or who are conscious of having impaired their health and happiness, contains the full and entire new and permanent remedy for Spermatorrhea, or Seminal Debility, Nervousness, Depression, Loss of Energy, Lassitude, Timidity, Involuntary Seminal Discharges, Impaired Sight, Headache, Stomach and Pimples on the face, Irritability, Paralysis of the heart, and all other diseases of the whole system, induced by excessive and mental and physical incautiousness of which every one may be cured, and at a trifling expense.

For sale, G. C. KLINE, far Av. 10th St., Philadelphia, New York, Post Box 1000, No. 30, 3rd St.

INSURANCE AGENCY.

THE HAMMONTON FARMER.
A newspaper devoted to Literature and Agriculture, also setting forth full accounts of the new settlement of Hammonton, in New Jersey, can be subscribed for at only 25 cents per annum in advance.

Enclose postage stamps for the amount. Address to Editor of the Farmer, Hammonton, Atlantic county, New Jersey. Those wishing cheap land of the best quality, in one of the healthiest and most delightful climates in the Union, see advertisement in Hammonton Land.

DR. HUNTER'S MEDICAL MANUAL.
Being an original and popular Treatise on the Physiology, Functions and Sexual Disorders of Man and Woman.

The author of this work, unlike the majority of those who advertise to cure the diseases of which it treats, is a graduate of one of the best colleges in the United States. It affords me pleasure to recommend him to the unfortunate, or to the victims of misapprehension, as a physician and successful practitioner, in whose honor and integrity they may place the greatest confidence.

IOS. S. LONGSHORE, M. D.,
From A. Woodward, M. D., of Penn. University, Phila.

It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual". Numerous cases of diseases of the Genital Organs, some of them of long standing, have come under my notice, in which his skill has been manifest in restoring to perfect health, in some instances where the patient has been considered beyond medical aid.

In the treatment of Seminal weakness, or derangement of its functions produced by Self-abuse, or Excess of venery, I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him, as well as a kindness to the unfortunate victims of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confide themselves.

ALFRED WOODWARD, M. D.,
One copy securely enveloped, will be forwarded free of postage to any part of the United States, for 25 cents, or 6 copies for \$1. Address, post paid, COSDEN & Co., Publishers, box 197, Philadelphia.

Booksellers, Canvasers and Book Agents supplied on the most liberal terms.

BRANDRETH'S PILLS.
PURIFY THE BLOOD.

CONTINUED pain or uneasiness in any organ is generally cured by one or more doses of Brandreth's Pills. Thirty years' personal experience by the undersigned fully justify this assertion.

Dr. James Lull, of Potsdam, N. Y., says: "I have cured the most deplorable constiveness of the bowels with Brandreth's pills, when every other remedy had failed, and the patient was given up to die. Stip diseases of an intricate and painful character, such as erysipelas, rheumatism, and summer heat, I have seen eradicated by their use. I have cured the rheumatic, epileptic, the paralytic and the consumptive with these excellent pills alone."

In jaundice and all affections of the liver, dyspepsia, dysentery and diarrhoea, pleurisy, sudden pains and inflammations, female obstructions, scorbute and scrofulous, even febrile and neuralgic affections, have given way to the use of this medicine, and now, after twenty years' experience, my estimation of Brandreth's Pills continues to increase.

OBSTRUCTION.
A young lady, beautiful and healthy, took cold, which caused a serious obstruction for two years; her health was broken down and her beauty departed. At length Brandreth's Pills were tried; eleven doses, of four to six pills, were taken in fifteen days preceding the usual period. Regularity was restored, and her health and good looks recovered.

WORMS.
Brandreth's Pills are the best vermifuge they are infallible. A little child, six years old, for some weeks was drooping; its mother gave it one of Brandreth's sugar coated pills; the next day there came away a worm sixteen inches long, and as large as a child's finger. The child was well.

PLEURISY.
A gentleman, away from home, was taken with pleurisy; the inflammation was terrible; every breath made him writhe with agony. Eight Brandreth's Pills were swallowed, and warm oil applied locally; the pills operated, and the pain was relieved; plenty of gruel was taken, and six more pills, and the second day the patient was cured.

These statements should have weight, and prevent the use of poisonous drugs, and stop the sad practice of bleeding.

B. BRANDRETH.
Brandreth's Pills are sold at the Principal Office, 92 Canal Street, New York, for 25 cents per box; and the same, sugar coated, 18 cents, warranted to keep as well as the plain. (50¢ in tin.) Sold also by H. Hamlin & Co., Smithport.

FARM LANDS FOR SALE CHEAP.

The McKean and Elk Land Improvement Company having so far completed their surveys as to enable them to purchase the character and quality of the several tracts, now offer them for sale to actual settlers at very low prices. The quality of portions of the land held by the Company for agricultural purposes is very good and can be recommended to those who are desirous of procuring cheap farms, as affording an unusually good opportunity for so doing. For particulars as to price and terms of payment, apply to Thomas L. Kane, Geologist and Agent of the Company in Elk Co., Pa., or to William Biddle, Secretary of the Company, Hall of the Franklin Institute, Philadelphia.

TAILORRESS.
MRS. FLORILLA RUMSEY is prepared to do Sewing of all kinds at her residence on Main street, one door below Williams' law office. She will Cut and Make men's and boys' Coats and Pants, Shirts, &c., in good style and warranted to give satisfaction.

Grain and produce taken in exchange for work.

THE HAMMONTON LANDS.
NEW ENGLAND SETTLEMENT.
RARE OPPORTUNITY TO ALL WANTING FARMS in a healthy place twenty-five miles from Philadelphia, on the Camden and Atlantic Railroad, New Jersey. An old estate has recently been opened for sale and the first division of 10,000 acres divided into farms of twenty acres and upwards. The soil is of the best quality for the production of fruits, grains, &c. The price is \$12 to \$20 per acre, payable in easy quarterly payments within a term of five years, with interest. The terms are made easy in order to insure the rapid improvement of the land, by enabling every industrious man to buy a farm. It is now being extensively improved by good roads, and some of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement out of Philadelphia. Seventy-five houses have been built in four months. Practical farmers and business men from the length and breadth of the Union are settling there. It is an important business place, on account of its being in the midst of a great market. Every article raised upon this land finds an immediate sale. The water is excellent, and no such thing as fever is known. The soil is a sandy or clay loam, with a clay bottom and retention of manure. It is free of stones and easily worked. It abounds largely in the phosphates, and such is its fertility that from the crops produced both upon this land and the large area adjoining under cultivation, it will be found not to be excelled anywhere in the production of crops, most adapted to its market.

The reader may be well aware that the earliest and the best fruits and vegetables come from New Jersey, which are annually exported to the amount of millions of dollars. The land, beside being fertile in every way for fertility, has an abundant supply of the best quality of lumber and building materials can be had on the spot at a cheap price, from the mills. Other mills are now being opened, and brick yards being started on the ground. A person can put up a frame tenement for present convenience for one hundred dollars. On account of the extensive emigration, this is the best course to pursue in order to get a place to live in at first. Carpenters and builders are on hand to put up houses on the best terms.

In settling here the emigrant has many advantages. He is within a few hours' ride of the great cities in the Middle States and New England; he is in a settled country, where every improvement and mode of civilization is to be had; he is in a healthy place, and is subject to the certainty of locating the greater part of his family and his own health by those improvements which make the graves of so many millions of the young and hardy in far distant lands; he has a mild climate and an open winter. There are three trains daily to Philadelphia, and to all those who improve the railroad company gives a free ticket.

The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market, and unless the statements were correct, no one would be invited to examine the land before purchasing. This is all as expected. They will see the land under cultivation; they will meet persons, no doubt, from their own neighborhood; they will witness the improvements; and on judgment of the character of the population. Persons should come prepared to purchase, as many are locating, and locations are not held on refusal.

The Hammonton Farmer, a monthly Literary and Agricultural sheet, containing full information of Hammonton, will be sent to each inquirer, and can be obtained at 25 cents per annum.

This indispensable Warrantee holds a view of all Hammonton, which presents a view of the land to the land. Leave your street name, Philadelphia, for Hammonton by 11 A. M. or half past seven, A. M., and will pay for P. M. when there is no train for M. B. Bures.

Boundaries and conditions will be found. Letters and applications can be addressed to S. B. Conover, 202 South FIFTH Street below Walnut, Philadelphia. Maps and information cheerfully furnished.

THE TRI-WEEKLY PENNSYLVANIAN.
DAILY, TRI-WEEKLY, AND WEEKLY.

The great events of the immediate future, so largely depending upon the political and moral character of the Democratic party, of the country, call for the wisest determination among the people of all facts and arguments, elucidating and sustaining the Democratic National policy, and the duty of an independent Democratic journal in such a crisis of our history, can only be fully and advantageously discharged by the active co-operation of all who desire Democratic success, in extending the sphere of its usefulness. The Pennsylvania, has for over twenty-five years occupied the position of a central organ in Pennsylvania, winning by its boldness and ability, the confidence and warm regard of the Democracy of every State in the Union; and the Proprietor, apprais, with confidence to the Democracy of the country, in desiring now to extend still more widely its influence. He invites attention to the ability with which his paper is conducted, and the care exercised in all its departments. Aside from its high and unquestioned political character, no paper enjoys in a larger degree the confidence of the business community. Its Commercial and Monetary reports are full and comprehensive. Its Marine List unsurpassed. The Proprietor trusts to commend THE PENNSYLVANIAN to the business and reading community for its ability and excellence, and solicits a critical examination of its merits. It is his aim to make it a necessary visitor in the counting room, an exponent of every trading and business interest, while as a news journal, it shall be unsurpassed for reliability, and he would also commend it to business men as a medium of advertising. Its Daily, Tri-Weekly and Weekly issues so far large numbers into every State in the Union. No paper, either in Philadelphia or New York, is so largely circulated and generally read in those sections from which Philadelphia derives her chief trade and where it is especially important that our business houses and interests should be known and appreciated.

TERMS.
DAILY PENNSYLVANIAN, \$3 per annum, in advance. TRI-WEEKLY, \$3 do do do. WEEKLY, \$3 do do do.

The price of the WEEKLY PENNSYLVANIAN is ONE DOLLAR per annum, for the purpose of furthering the circulation, the following inducements are offered to Agents and others to raise Clubs.

One Copy, one year, \$1 00
Six Copies, " " " 5 00
Twelve Copies, " " " 10 00
Eighteen Copies, " " " 15 00
Twenty-five Copies, " " " 20 00

Larger Clubs in proportion.

In all cases, orders for the paper must be accompanied by the cash.

JEFREY'S DOUBLE-ACTING SUCTION & FORCE PUMP.
India Rubber Ball Valves.

THE SUBSCRIBER having purchased the right to make and sell this New Pump, has a confidence that his efforts to bring it into general use, in this country, will be seconded by all who see its construction and operation.

Among the many advantages secured by the use of this Pump, the following may be enumerated:

1. A double action, by which twice the water can be raised at the same time.
2. Great ease in working, thus adapting the Force Principle to common wells.
3. The transformation, in a moment, of the Pump into an efficient fire engine, thus rendering the loss of dwellings by fire, totally unnecessary.
4. Capability of watering gardens, Lawns, or sprinkling walks, washing windows, &c., with the utmost ease and thoroughness.
5. Power to raise water with slight labor of any reasonable height, as in supplying cisterns, &c.
6. The convenience of having the Pump in a Kitchen, or other rooms of your dwelling, without regard to the location of the Well or Cistern.
7. The easy projection of the instrument against Frost.
8. The ease with which it may be mounted on wheels, or in other ways be made portable.
9. A simplicity which ensures great durability, protects it from being thrown out of order, and makes any repairs easy and of little cost.
10. Great Cheapsness for the first time bringing the cost of the Force Pump into the neighborhood of the common Suction and Chain Pumps, while it is immeasurably superior to both.

Manufactured and for sale by the subscriber, only at his shop in Mechanicsburg.

THE WASHBOARD AND BEATER are the two great and most valuable implements ever used in Washing Clothes. Notwithstanding it has been the study of inventors to do them away, and for that purpose several hundred patents have been issued, yet it has been of no effect. They have failed in their attempts. Their machines have been condemned and thrown away, and the Wash Board and Beater remained in their stead.

This machine combines them together, attached to a progressive lever in such a manner as gives great power to the Beater, while either may be used as the operator may desire. The motion of the Beater is quick and easy, the pressure gentle and powerful, which gives it the advantage over all other machines, and is so decided by competent judges.

HOWARD ASSOCIATION
PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Violent and Epidemic Diseases.

For all persons afflicted with Epidemic Diseases, such as TYPHOUS FEVER, CHOLERA, SCARLET FEVER, DYSENTERY, GONORRHOEA, GLEET, SYPHILIS, the virus of CHOLERA, or SELF-ABUSE, &c., &c. The Howard Association, in view of the certain destruction of human life, caused by these Diseases, and the deplorable practices upon the unfortunate victims of such diseases by Quacks, in all their forms, to procure MEDICAL ADVICE GRATIS to all who apply by letter, with a description of their condition, age, occupation, and residence (City, &c.) and in cases of extreme poverty, for medicines FREE OF CHARGE. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that the labor in this sphere of benevolent effort, has been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves with renewed zeal to this very important and neglected cause.

Just published by the Association, a Report on "Symptoms of Seminal Weakness, the Virus of Gonorrhoea, Manufacture, or Self-Abuse, and other Diseases of the Genital Organs, by the eminent Surgeon, Howard Association, Philadelphia, Pa." Free of charge on receipt of two stamps for postage.

Address for Report or treatment, Dr. GEO. B. CALHOUN Consulting Surgeon, Howard Association, No. 10 South Ninth Street, Philadelphia, Pa. By order of the Directors.

THE WASHBOARD AND BEATER are the two great and most valuable implements ever used in Washing Clothes. Notwithstanding it has been the study of inventors to do them away, and for that purpose several hundred patents have been issued, yet it has been of no effect. They have failed in their attempts. Their machines have been condemned and thrown away, and the Wash Board and Beater remained in their stead.

This machine combines them together, attached to a progressive lever in such a manner as gives great power to the Beater, while either may be used as the operator may desire. The motion of the Beater is quick and easy, the pressure gentle and powerful, which gives it the advantage over all other machines, and is so decided by competent judges.
