THE SMETHPORT

"SIDE HILL"

OPENED!

IMPORTANT DEVELOPMENTS TO THE

CITIZENS OF M'KEAN COUNTY!

IMMENSE ATTRACTION

At the New Opening,

IN THE SIDE HILL!

HIGH PRICES RUINED!

OLD FOGYISM DENOUNCED.

And High Prices kicked out of doors.

A brighter day has dawned upon the inhabitants of Northern Pennsylvania. The dark clouds of the Credit System are rolling rapidly away, for the

CASH SYSTEM

IS BOUND TO TAKE THE LEAD!

There is no use in talking. Ready-Pay is the

ONLY TRUE

System, and with that for our motto we fling our banner to the breeze, and boldly proclaim that

WE CAN & WILL SELL

GOODS

CHEAPER

THAN ANY CONCERN THAT

Takes Trust for PAY.

And we would here venture the assertion that we have got a little the

NICEST LOT OF

Family Groceries,

Ever brought into this market.

Bring on your BUTTER, your EGGS and CHICKENS, your PRODUCE, and in fact almost ANYTHING BUT TRUST, and we are in for a Trade.

GIVE US A CALL.

EXAMINE AND PRICE our STOCK, and if we can't please you, then the "SIDE HILL" will "grease up" and "slide out" of town the first dark night.

DE HUNTER'S MEDICAL MANUAL, MAN AND WOMAN!

Being an original and popular Treatise on their Physiology, Functions and Sexual Disorders of every kind, with never-failing remedies for the speedy cure of diseases of a private and delicate character, incident to the violation of the Laws of Nature and of Nature's God.

PRICE TWENTY-FIVE CENTS.

The author of the above volume is a graduate, and having devoted a quarter of a century to the study and treatment of Syphilis and kindred disorders as a specialty, he has become possessed of most valuable information in regard to the same, and is able to compress into a concise and complete the very quintessence of medical science on this important subject; and as the result of the experience of the most eminent physicians in Europe and America is thoroughly demonstrated in his highly successful practice in the treatment of secret diseases in many thousands of cases in the city of Philadelphia alone.

Testimony of the Prof. of Obstetrics in Penna. College, Phila. "Dr. Hunter's Medical Manual." The author of this work, unlike the majority of those who advertise to cure the diseases of which it treats, is a graduate of one of the best colleges in the United States. It affords me pleasure to recommend him to the unfeigned and experienced practitioners, in whose honor and integrity they may place the greatest confidence. J. S. LONGSHORE, M. D., Prof. A. Woodward, M. D., of Penna. University, Phila.

It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of diseases of the Genital Organs, some of them of long standing, have come under my notice, in which his skill has been manifest in restoring to perfect health, in some instances where the patient has been considered beyond medical aid, in the treatment of Seminal weakness, or disarrangement of the functions produced by Self-abuse, or Excess of Venery; I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him as well as a kindness to the unfortunate victims of early indiscretion, to recommend him as one in whose professional skill and integrity they may safely confide themselves. ALFRED WOODWARD, M. D.

One copy securely enveloped, will be forwarded free of postage to any part of the United States for 25 cents, or 6 copies for \$1. Address, post paid, OSBORN & Co., Publishers, box 107, Philadelphia.

JEFFREY'S DOUBLE-ACTING SUCTION & FORCE PUMP WITH India Rubber Ball Valves.

THE SUBSCRIBER having purchased the right to make and sell this New Pump, feels a confidence that his efforts to bring it into general use, in this county, will be seconded by all who see its construction and operation.

Among the many advantages secured by the use of this Pump, the following may be enumerated:

1. A double action, by which twice the water can be raised at the same time.
2. Great ease in working, thus adapting the Force Principle to common wells.
3. The transformation, in a moment, of the Pump into an efficient FIRE ENGINE, thus rendering the loss of dwellings by fire, totally unnecessary.
4. Capability of watering gardens, Lawns, or sprinkling walks, washing windows, &c., with the utmost ease and thoroughness.
5. Power to raise water with slight labor to any reasonable height, as in supplying chambers, &c.
6. The convenience of having the Pump in a kitchen, or other rooms of your dwelling, without regard to the location of the Well or Cistern.
7. The easy protection of the instrument against Frost.
8. The ease with which it may be mounted on wheels, or in other ways be made portable.
9. A simplicity which ensures great durability, protects it from being thrown out of order, and makes any repairs easy and of little cost.
10. Great Cheapness, for the first time bringing the cost of the Force Pump into the neighborhood of the common Suction and Chain Pumps, while it is immeasurably superior to both.

Manufactured and for sale by the subscriber, only, at his shop in Mechanicsburg.

HAMMONTON LANDS NEW ENGLAND SETTLEMENT.

RARE OPPORTUNITY TO ALL WANTING FARMS.

in a healthy place twenty-five miles from Philadelphia, on the Camden and Atlantic railroad, New Jersey. An old estate has recently been opened for sale and the first division of 10,000 acres divided up into farms of twenty acres and upwards. The soil is of the best quality for the production of fruits, grains, &c. The price is \$12 to \$22 per acre, payable in easy quarterly instalments, within a term of four years, with interest. The terms are made easy, in order to insure the rapid improvement of the land, by enabling every industrious man to buy a farm. It is now being extensively improved by good roads, and some of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement ever been built in four months. Each of the farms have a well, in front of the house, and a breadth of the Union are settling there. It is an important business place, on account of its being in the midst of a great market. Every article raised upon this land finds an immediate sale. The water is excellent, and no such thing as fever is known. The soil is a sandy or clay loam, with a clay bottom and retentive of manures. It is free of stones and easily worked. It abounds largely in the phosphates, and such is its fertility that from the crops produced before under cultivation, it will be found not to be excelled anywhere in the production of crops most adapted to its nature.

The reader may be well aware that the earliest and the best fruits and vegetables come from New Jersey, which are annually exported to the amount of millions of dollars. The land beside being accessible in every way for fertilizers, has an abundant supply of the best quality of muck manure. Lumber and building materials can be had on the spot at a cheap price, from the mills. Other mills are now being opened, and brick yards are being started on the ground. A person can put up a frame tenement for present convenience for one hundred dollars. On account of the extensive emigration, this is the best course to pursue in order to get a place to live in at first. Carpenters and builders are on hand to put up houses on the best terms.

In settling here the emigrant has many advantages. He is within a few hours' ride of the great cities in the Middle States and New England; he is in a settled country, where every improvement and comfort of civilization is at hand; he is in a healthy place, and is not subject to the uncertainty of losing the greater part of his family, which make the graves of so many millions of the young and hardy in far off regions away from home and friends. Besides, he has a mild climate and an open winter. There are three trains daily to Philadelphia, and to all those who improve the railroad company gives a free ticket. The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless the statements were correct, no one would be invited to examine the land before purchasing. This all are expected to do. They will see the land under cultivation; they will meet persons, no doubt, from their own neighborhood; they will witness the improvements, and can judge of the character of the population. Persons should come prepared to purchase, as many are locating, and locations are not held on refusal.

The Hammonton Farmer, a monthly Literary and Agricultural sheet, containing full information of Hammonton, will be sent to each inquirer, and can be obtained at 25 cents per annum. Title indisputable: Warrantee deeds given, clear of all incumbrances, when purchas money is paid. Route to the land—Leave Vin Street Wharf, Philadelphia, for Hammonton by railroad at half past seven, A. M., and half past five P. M.; when there inquire for Mr. Byrnes. Boarding conveniences will be found. Letters and applications can be addressed to E. B. Coughlin, 209 South Fifth Street below Walnut, Philadelphia. Maps and information cheerfully furnished.

FARM LANDS FOR SALE 25 MILES FROM PHILADELPHIA BY RAILROAD IN THE STATE OF NEW JERSEY.

Soil among the best for agricultural purposes, being a good loam soil, with a clay bottom. HEADQUARTERS, JULY, 12, 1858.

LATE AND IMPORTANT FROM THE BLOODY FIELDS OF KANSAS!

Once more on the lightning track of the far-reaching wires, comes the glad tidings of peace and contentment, instead of the shrill scream of the death dealing murderer, or the chilling tale of the midnight assassin, who has been imbruing his hands in the blood of the young, the beautiful, and the innocent. Now, instead of the wild cries of despair which but lately schooled from every hill and valley of our wide-spread land, our ears are filled with the glad shouts of old men and maidens, young men and matrons that are continually

FIFTY DOLLARS FORFEIT.

DR. HUNTER WILL FORFEIT \$50 IF unable to cure any case of secret disease that may come under his care, no matter how long standing or obdurate. Office at No. 44 North SEVENTH St., Phila., without fear of infirmary from other patients. Strangers and others who have been unfortunate in the selection of a Physician are invited to call.

IMPOTENCY.—Through unrestrained indulgence of the passions, by excess of self abuse, the evils are numerous. Premature impotency, involuntary seminal discharges, wasting of the organs, loss of memory, a distaste for female society, general debility, or constitutional derangement, are sure to follow. If necessary, consult the Doctor with confidence; he offers a perfect cure.

READ AND REFLECT.—The afflicted would do well to reflect before trusting their health and happiness, and in many cases their lives, in the hands of physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to. Every respectable physician has his peculiar branch, in which he is more successful than his brother professors, and to that he devotes most of his time and study.

YEARS OF PRACTICE, exclusively devoted to the study and treatment of diseases of the sexual organs, together with ulcers upon the body; throat, nose, or legs, pains in the head, or bones, neuralgic rheumatism, strictures, gravel, irregularities, diseases arising from youthful excesses, or impurities of the blood, whereby the constitution has become enfeebled, enables the Doctor to offer speedy relief to all who may place themselves under his care.

Medicine forwarded to any part of the United States. For sale, DR. DICKINSON'S CELEBRATED MAGNETO-ELECTRIC MACHINE.—No acid or other ingredient required; its power being obtained from a permanent magnet. No family should be without one. Price only \$10.

WASHING MACHINES.

Patented Sept. 9, 1858. BY RILEY SMITH

THE WASHBOARD AND BEATER are the two first and most natural implements ever used in Washing Clothes. Notwithstanding it has been the study of inventors to do them away, and for that purpose several hundred patents have been issued, yet it has been of no effect. They have failed in their attempt. Their machines have been condemned and thrown away, and the Wash Board and Beater again used in their stead.

This machine combines them together, attached to a progressive lever in such a manner as gives great power to the Beater, while either may be used as the operator may desire. The motion of the Beater is quick and easy, the pressure gentle and powerful, which gives it the advantage over all other machines, and is so decided by competent judges.

Manufactured and sold at Mechanicsburg, by A. WOLTERS. Mechanicsburg, March 18, 1858.

HOWARD ASSOCIATION PHILADELPHIA.

A Benevolent Institution, established by special appointment for the relief of the sick and distressed, afflicted with Venereal and Syphilitic Diseases, such as GONORRHOEA, SEMINAL WEAKNESS, IMPOTENCY, GONORRHOEA, GLEET, Stricture, &c., &c. of ONANISM, or SELF-ABUSE, &c., &c.

The Howard Association, in view of the awful destruction of human life, caused by Syphilitic Diseases of the such diseases by Quacks, several years ago directed their consulting surgeon, as a CHARITABLE ACT worthy of the name, to open a dispensary for the treatment of this class of diseases, in all their forms, and to give MEDICAL ADVICE GRATIS to all who apply by letter, with a description of their condition, age, occupation, habits of life, &c., and in cases of extreme poverty, to furnish medicine FREE OF CHARGE. It is desired that the association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that the laborers in this sphere of benevolent effort, have been of great benefit to the afflicted who apply to them, and they have resolved to devote themselves with renewed zeal to this very important and distinguished cause. Just published by the Association, a Report on Seminal Weakness, or Sexual Debility, the Vice of Onanism, Masturbation, or Self Abuse, and Stricture of the Sexual Organs, by the consulting Surgeon, which will be sent by mail (in a sealed letter envelope) free of charge, on receipt of two stamps for postage. Dr. GEO. B. CALHOUN, Address, for Report or treatment, Dr. GEO. B. CALHOUN Consulting Surgeon, Howard Association, No. 2 South Ninth Street, Philadelphia, Pa. By order of the Directors. EZRA HEARTWELL, Pr. GEO. FAIRBIRD, Secy.
