

**NEW AGRICULTURAL SETTLEMENT.**

**TO ALL WANTING FARMS,**  
A RARE OPPORTUNITY IN A DELIGHTFUL AND HEALTHY CLIMATE 25 MILES SOUTHEAST OF PHILADELPHIA, ON THE CAMDEN AND ATLANTIC RAILROAD, NEW JERSEY.  
An old estate consisting of several thousands of acres of productive soil has been divided into Farms of various sizes to suit the purchasers. A population of some Fifteen hundred, from various parts of the Middle States and New England have settled there the past year, improved their places, and raised excellent crops. The price of the land is at the low sum of from \$15 to \$20 per acre, the soil is of the best quality for the production of *Wheat, Clover, Corn, Peaches, Grapes and Vegetables.* IT IS CONSIDERED THE BEST FRUIT SOIL IN THE UNION. The place is perfectly secure from frosts—the desecrative enemy of the farmer. Crops of grain, grass and fruit are now growing and can be seen. By examining the place itself, a correct judgment can be formed of the productiveness of the land. The terms are made easy to secure the rapid improvement of the land, which is only sold for actual improvement. The result has been that within the past year, some three hundred houses have been erected, two mills, one steam, four stores, some forty vineyards and Peach orchards planted, and a large number of other improvements, making it a desirable and active place of business.

**THE MARKET,**

as the reader may perceive from its location, is THE BEST IN THE UNION. Produce bringing double the price than in locations away from the city, and more than double the price at the West. It is known that the earliest and best fruits and vegetables in this latitude come from New Jersey, and are annually exported to the extent of Millions.  
In locating here, the settler has many advantages. He is in a few hours' ride of the great cities of New England and Middle States, he is near his old friends and associations, he is in a settled country where every improvement of comfort and civilization is at hand. He can buy every article he wants at the cheapest price, and sell his produce for the highest (in the West this is reversed), he has schools for his children, divine service, and will enjoy an open winter, and delightful climate when the change upon those from the North, has generally been to restore them to an excellent state of health.

In the way of building and improving, lumber can be obtained at the mills at the rate of \$10 to \$15 per thousand. Bricks from the brick yard opened in the place, every article can be procured in the place, good carpenters are at hand, and there is no place in the Union where buildings and improvements can be made cheaper.

The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market, and unless these statements were correct, no one would be invited to examine the land before purchasing. This all are expected to do. They will see the land under cultivation, such is the extent of the settlement that they will not doubt, meet persons from their own neighborhood, they will witness the improvements and can judge the character of the population. If they come with a view to settle they should come prepared to stay a day or two and be ready to purchase, as locations can not be held on refusal.

There are two daily trains to Philadelphia, and to all settlers who improve, the RAILROAD COMPANY GIVES A FREE TICKET FOR SIX MONTHS, AND A HALF-PRICE TICKET FOR THREE YEARS.

**THE TOWN OF HAMMONTON.**

In connection with the agricultural settlement, a new and thriving town has naturally arisen, which presents inducements for any kind of business, particularly stores and manufactures. The shoe business could be carried on in this place and market to good advantage, also cotton business, and manufactures of agricultural implements or Foundries for casting small articles. The improvement has been so rapid as to insure a constant and permanent increase of business. Town lots of a good size, we do not sell small ones as it would effect the improvement of the place, can be had at from \$100 and upwards.

The Hammonton Farmer, a monthly literary and agricultural sheet, containing full information of Hammonton, can be obtained at 25 cents per annum.

Title indisputable—warranty deeds given, clear of all incumbrance when money is paid. Route to the land: leave Vine street wharf, Philadelphia, for Hammonton by Railroad, at 7 1/2 A. M., or 4 P. M. Fare 90 cents. When there inquire for Mr. Byrnes. Boarding conveniences will be found. Letters and applications can be addressed to S. B. Coughlin, 202 South FIFTH Street below Walnut, Philadelphia. Maps and information cheerfully furnished.

**WASHING MACHINE.**

Patented Sept. 9, 1856.  
**BY RILEY SMITH**  
THE WASHBOARD AND BEATER are the two first and most natural implements ever used in Washing Clothes. Notwithstanding it has been the study of inventors to do them away, and for that purpose several hundred patents have been issued, yet it has been of no effect. They have failed in their attempt. Their machines have been condemned and thrown away, and the Wash Board and Beater again used in their stead.  
This machine combines them together, attached to a progressive lever in such a manner as gives great power to the Beater, while either may be used as the operator may desire. The motion of the Beater is quick and easy, the pressure gentle and powerful, which gives it the advantage over all other machines, and is so decided by competent judges.  
Manufactured and sold at Mechanicsburg, by A. WOLTERS.

**HAMMONTON LANDS.**

**RARE OPPORTUNITY.**—TO ALL WANTING FARMS—in a healthy place twenty-five miles from Philadelphia, on the Camden and Atlantic railroad, New Jersey. An old estate has recently been opened for sale and the first division of 10,000 acres divided up into farms of twenty acres and upwards. The soil is the best quality for the production of fruits, grains, &c. The price is \$12 to \$20 per acre, payable in easy quarterly instalments, within a term of four years, with interest. The terms are made easy, in order to insure the rapid improvement of the land, by enabling every industrious man to buy a farm. It is now being extensively improved by good roads, and some of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement out of Philadelphia. Seventy-five houses have been built in four months. Practical farmers and business men from the length and breadth of the Union are settling there. It is an important business place, on account of its being in the midst of a great market. Every article raised upon this land finds an immediate sale. The water is excellent, and no such thing as fever is known. The soil is a sandy or clay loam, with a clay bottom and retentive of manures. It is free of stones and easily worked. It abounds largely in the phosphates, and such is its fertility that from the crops produced, both upon this land and the large area adjoining under cultivation, it will be found not to be excelled anywhere in the production of crops most adapted to its market.

The reader may be well aware that the earliest and the best fruits and vegetables come from New Jersey, which are annually exported to the amount of millions of dollars. The land beside being accessible in every way for fertilizers, has an abundant supply of the best quality of muck manure.  
Lumber and building materials can be had on the spot at a cheap price, from the mills. Other mills are now being opened, and brickyards being started on the ground. A person can put up a frame tenement for present convenience for one hundred dollars. On account of the extensive emigration, this is the best course to pursue in order to get a place to live in at first. Carpenters and builders are on hand to put up houses on the best terms.

In settling here the emigrant has many advantages. He is within a few hours' ride of the great cities in the Middle States and New England; he is in a settled country, where every improvement and comfort of civilization is at hand; he is in a healthy place, and is not subject to the certainty of losing the greater part of his family and his own health by those malignant fevers which make the graves of so many millions of the young and hardy in far off regions away from home and friends. Besides, he has a mild climate and an open winter. There are three trains daily to Philadelphia, and to all those who improve the railroad company gives a free ticket.

The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless the statements were correct, no one would be invited to examine the land before purchasing. This all are expected to do. They will see the land under cultivation; they will meet persons, no doubt, from their own neighborhood; they will witness the improvements, and can judge of the character of the population. Persons should come prepared to purchase, as many a location, and location can not be held on refusal.

The Hammonton Farmer, a monthly literary and agricultural sheet, containing full information of Hammonton, will be sent to each inquirer, and can be obtained at 25 cents per annum.

Title indisputable—warranty deeds given, clear of all incumbrance when purchase money is paid. Route to the land:—Leave Vine street wharf, Philadelphia, for Hammonton by railroad at half past seven, A. M., and half past five P. M.; when, there inquire for Mr. Byrnes. Boarding conveniences will be found. Letters and applications can be addressed to S. B. Coughlin, 202 South FIFTH Street below Walnut, Philadelphia. Maps and information cheerfully furnished.

**HOWARD ASSOCIATION,**

PHILADELPHIA.  
A Benevolent Institution, established by special endorsement for the relief of the sick and distressed, afflicted with Virulent and Epidemic Diseases, such as PNEUMONIA, SEMINAL WEAKNESS, IMPOTENCE, GONORRHEA, GLEET, SYPHILIS, the Vice of ONTARIUM, or SEIFEADISE, &c., &c.  
In view of the awful destruction of human life, caused by Sexual Diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting surgeon, as a CHARITABLE ACT worthy of his name, to open a dispensary for the treatment of this class of disease, in all their forms, and to give MEDICAL ADVICE GRATIS to all who apply by letter, with a description of their condition, age, occupation, habits of life, &c., and in cases of extreme poverty, to furnish medicines FREE OF CHARGE. It is needless to add that the association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.  
The Directors, on a review of the past, feel assured that the life labor of this sphere of benevolent effort, has been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves with renewed zeal to this very important and distressful cause.  
Just published by the Association, a Report on Spermatorrhoea, or Seminal Weakness, the Vice of Onanitus, Masturbation, or Self Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail (in a sealed letter envelope) free of charge, on receipt of two stamps for postage.  
Address, for Report or treatment, Dr. GEO. R. CALHOUN, Consulting Surgeon, Howard Association, No. 2 South Ninth Street, Philadelphia, Pa. By order of the Directors.
