THE WASHBOARD AND BEATER at the two first and most natural implements ever used in Washing Clothes. Notwithstandmg it has been the study of inventors to do them away, and for that purpose several hundred patents have been sisted, yet it has been of no effect. They have failed in their attempt. Their machines have been condemned and thrown away, and the Wash Board and Beater again used in their stead.

This machine combines them together, at tached to a progressive lever in such a manner as gives great power to the Beater, while either may be used as the operator may desire. The motion of the Beater is quick and easy,

the motion of the Beater is quick and easy, the pressure gentle and powerful, which gives it the advantage over all other machines, and is so decided by competent judges.

NEW AGRICULTURAL SETTLEMENT. TO ALL WANTING FARMS,

An old estate consisting of several thousands of acres of productive soil has been divided into Farms of various sizes to suit the purchasers. A population of some Fifteen hundred, from various parts of the middle States and New England have settled there the past year, improved their places, and raised excellent orops.

The price of the land is at the low sum of from The price of the land is at the low suin from \$15 to \$20 per acre, the soil is of the best quality for the production of Wheat, Clover, Corn, Peaches, Grapes and Vigetables. IT IS CONSIDERED THE BEST FRUIT SOIL IN THE UNION. The place is perfectly secure from frosts—the destructive enemy of the farmer. Crops of grain, grass and fruit are now mer. Crops of grain, grass and fruit are now growing and can be seen. By examining the place itself, a correct, judgment can be formed of the productiveness of the land. The terms of the productiveness of the land. The terms are made easy to secure the rapid improvement of the land, which is only sold for actual improvement. The result has been that within the past year, somethres hundred houses have been erected, two mills, one steam, four stores, some forty vineyards and Peach orchards planted, and a large number of other improvements, making it a desirable and active place of business.

THE MARKET, LADIES' CHALLI & LAWN as the reader may perceive from its location, is
THE BEST IN THE UNION.

Produce bringing double the price than in locations away from the city, and more than double the price at the West. It is known that the earliest and best fruits and vegetables in this latitude come from New Jersey, and are annually exported to the extent of Millions.

In locating here, the settler has many advantages. He is in a few hours' ride of the great cities of New England and Middle States, he is near his old friends and associations, he is in a scatled country police over improvement of comfort and civilization is at hand. He can buy every article the wants at the cheapest price, and sell his produce for the highest, (in the West this is reversed,) he has schools for his children, divine service, and will enjoy an open winter, and delightful climate, where fevers are utterly unknown. The result of the change upon those from the North, has generated been to restore them to an excellent state

of health.

In the way of building and improving, lumher can be obtained at the mills at the rate of \$10 to \$15 per thousand. Bricks from the BOOTS & SHOES, her can be obtained at the mills at the rate of \$10 to \$15 per thousand. Bricks from the brick yard opened in the place, every article can be procured in the place, good carpenters are at band, and there is no place in the Union. country. Men's Kip Boots, a prime article:— are at hand, and there is no place in the Union Women's Calf Boots, Men's Brogan Shoes, where buildings and improvements can be

advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless these statements were correct, no one would be invited to examine the land before purchasing. This all are expected to do. They will see land under cultivation, such is the extent of the settlement that they will no doubt, meet persons from their own neighborhood; they will witness the improvements and can judge the character of the population. If they come with a view to settle they should come prepared to stay a day or two and be ready to purchase, as locations can

not be held on refusal.

There are two daily trains to Philadelphia, and to all settlers who improve, THE RAILBAOD COMPANY GIVES A PREE TICKET FOR SIX MONTHS,

AND A HALF-PRICE TICKET FOR THREE YEARS. THE TOWN OF HAMMONTON.

In connection with the agricultural settlement, a new and thriving town has naturally arisen, which presents unducements for any kind prices as they can buy in New York or any of business, particularly stores and ries. The Shoe business could be carried on in this place and market to good advantage, also cotton business, and manufactories of agricultural implements or Founderies for casting small ar-ticles. The improvement has been so rapid as to insure a constant and permanent increase of business. Town lots of a good size, we do not sell, small ones as it would effect the improvement of the place, can be had at from \$100 and

upwards. The Hammonton Farmer, a monthly literary and agricultural sheet, containing full information of Hammonton, can be obtained at 25 cents
