

1860. It is the duty of every citizen of this Great Republic to foster and encourage native genius and American enterprise. DANIEL WEBSTER.

**THE GREAT REPUBLIC MONTHLY.**

A Magazine devoted entirely to the elevation of American authorship, wholly national, in no wise sectional or sectarian; having for its motto the words of the great statesman: "NO NORTH, NO SOUTH, NO EAST, NO WEST," having nothing to do with politics, aiming only at the highest in art, literature and science, and employing the best writers in every branch, in a plain, simple, and unassuming style, seeking their support.

This Magazine is now following the first year, and drawing near the close of the SECOND VOLUME, and has met with unparalleled success.

**THE THIRD VOLUME** will commence with the number for January, 1860, which will be issued early in December, 1859. Every number will be splendidly illustrated in the highest style of art. Among the numerous contributors engaged for the coming year are the following well known distinguished names: GREEN HALE, SEDA SMITH, JACK DOWLING, CHARLES A. BROWN, J. T. HEADLEY, GEO. P. MORRIS, GEO. D. PRENTICE, W. GILLMORE SIMMS, ALICE GARY, PARK BENJAMIN, MRS. KIRKLAND, JOHN G. BAKER, MRS. OAKS SMITH, ELWYN F. GOULD, FREDERICK GARY, CALHOUN MCKENZIE, MRS. ELLET, M. F. **THE GREAT REPUBLIC MONTHLY** is the largest Magazine published in this country. Over \$40,000 has been already expended to bring it to its present high degree of merit. The publishers are determined to give it the LARGEST CIRCULATION in the world. With this view they make the following **MAGNIFICENT OFFERS:** And they refer to every subscriber now on their books as to the fidelity with which they fulfill their obligations.

The engravings will be sent in rotation, in the order in which the clubs are sent to.

Some of these Engravings are of three times the value of those offered by the old Art Unions and all of them are better and of more intrinsic worth than any engravings ever offered by any "Gift Enterprise" or "Art Association."

"The Last Supper," and "The City of the Great King," should adorn the walls of every Clergyman and Scholar in the country.

No such offers as these were ever made before—there is no "hoax" in the matter, no "hoax," no gift enterprise, no humbug.—We call upon Clergymen, Postmasters, travelers, scholars and all who are interested in the success of American Literature and Art, to avail themselves of these generously liberal offers.

In addition to all of the above, any one sending one dollar and a half extra, (\$1.50) shall receive the twelve back numbers of the Magazine from January, 1859, forming a perfect set of the "GREAT REPUBLIC" MONTHLY, from its commencement.

**WASHING MACHINES.** Patented Sept. 9, 1856. BY RILEY SMITH

**THE WASHBOARD AND BEATER** are the two first and most natural inventions ever used in Washing Clothes. Notwithstanding it has been the study of inventors to do what away, and for that purpose several hundred patents have been issued, yet it has been of no effect. They have failed in their attempt. Their machines have been condemned and thrown away, and the Wash Board and Beater again used in their stead.

This machine combines them together, attached to a progressive lever in such a manner as gives great power to the Beater, while either may be used as the operator may desire. The motion of the Beater is quick and easy, the pressure gentle and powerful, which gives it the advantage over all other machines, and is so decided by competent judges.

Manufactured and sold at Mechanicsburg, by **A. VOLTERS.** Mechanicsburg, March 18, 1858.

**FIFTY DOLLARS FORFEIT.** DR. HUNTER WILL FORFEIT \$50 IF failing to cure any case of secret disease that may come under his care, no matter how long standing or afflictive. Either sex are invited to his Private Rooms, 44 North SEVENTH St., Philadelphia, without fear of interruption from other patients. Strangers and others who have been unfortunate in the selection of a Physician are invited to call.

**IMPOTENCY** Through unrestrained indulgence of the passions, by excess of self abuse, the evils are numerous. Premature impotency, involuntary seminal discharges, wasting of the organs, loss of memory, a distaste for female society, general debility, or constitutional derangement, are sure to follow. If necessary, consult the Doctor with confidence; he offers a perfect cure.

**READ AND REFLECT.**—The afflicted would do well to reflect before trusting their health and happiness, and in many cases their lives, in the hands of physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to. Every respectable physician has his peculiar branch, in which he is more successful than his brother professional, and to that he devotes most of his time and study.

**YEARS OF PRACTICE,** exclusively devoted to the study and treatment of diseases of the sexual organs, together with ulcers upon the body, throat, nose, or legs, pains in the head, or bones, mercurial rheumatism, strictures, gonythral, irregularities, diseases arising from youthful excesses, or impurities of the blood, whereby the constitution has become enfeebled, enables the Doctor to offer speedy relief to all who may place themselves under his care.

**NEW AGRICULTURAL SETTLEMENT.** TO ALL WANTING FARMS, A RARE OPPORTUNITY IN A DELIGHTFUL AND HEALTHY CLIMATE 25 MILES SOUTHEAST OF PHILADELPHIA ON THE CAMDEN AND ATLANTIC RAILROAD NEW JERSEY. An old estate consisting of several thousands of acres of productive soil has been divided into Farms of various sizes to suit the purchasers. A population of some Fifty hundred, from various parts of the middle States and New England have settled there the past year, improved their places, and raised excellent crops. The price of the land is at the low sum of from \$15 to \$20 per acre, the soil is of the best quality for the production of Wheat, Clover, Corn, Peaches, Grapes and Vegetables. IT IS CONSIDERED THE BEST FRUIT SOIL IN THE UNION. The place is perfectly secure from frosts—the destructive enemy of the farmer. Crops of grain, grass and fruit are now growing and can be seen. By examining the place itself, a correct judgment can be formed of the productiveness of the land. The terms are made easy to secure the rapid improvement of the land, which is only sold for actual improvement. The result has been that within the past year, some three hundred houses have been erected, two mills, one steam, four stores, some forty vineyards and Peach orchards planted, and a large number of other improvements, making it a desirable and active place of business. **THE MARKET,** as the reader may perceive from its location, is **THE BEST IN THE UNION.** Produce bringing double the price than in locations away from the city, and more than double the price at the West. It is known that the earliest and best fruits and vegetables in this latitude come from New Jersey, and are annually exported to the extent of Millions. In locating here, the settler has many advantages. He is in a few hours' ride of the great cities of New England and Middle States, he is near his old friends and associations, he is in a settled country where every improvement of comfort and civilization is at hand. He can buy every article he wants at the cheapest price, and sell his produce for the highest (in the West this is reversed), he has schools for his children, divine service, and will enjoy an open winter, and delightful climate, where fevers are utterly unknown. The result of the change upon those from the North, has generally been to restore them to an excellent state of health. In the way of building and improving, lumber can be obtained at the mills at the rate of \$10 to \$15 per thousand. Bricks from the brick yard opened in the place, every article can be procured in the place, good carpenters are at hand, and there is no place in the Union where buildings and improvements can be made cheaper. The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless these statements were correct, no one would be invited to examine the land before purchasing. This all are expected to do. They will see land under cultivation, such is the extent of the settlement that they will no doubt, meet persons from their own neighborhood; they will witness the improvements and can judge the character of the population. If they come with a view to settle they should come prepared to stay a day or two and be ready to purchase, as locations can not be held on refusal. There are two daily trains to Philadelphia, and to all settlers who improve, the RAILROAD COMPANY GIVES A FREE TICKET FOR SIX MONTHS, AND A HALF-PRICE TICKET FOR THREE YEARS. **THE TOWN OF HAMMONTON.** In connection with the agricultural settlement, a new and thriving town has naturally arisen, which presents inducements for any kind of business, particularly stores and manufactures. The Store business could be carried on in this place and market to good advantage, as this place and market for goods of agricultural cotton business, and manufactures of agricultural implements or Furniture has been so rapid as to insure a constant and permanent increase of population. Town lots of a good size, we do not sell, small ones as it would effect the improvement of the place, can be had at from \$100 and upwards. The Hammonton Farmer, a monthly literary and agricultural sheet, containing full information of Hammonton, can be obtained at 25 cents per annum. Title indisputable—warrantee deeds given, clear of all incumbrance when money is paid. Route to the land: leave Vine street wharf, Philadelphia, for Hammonton by Railroad, at 7 1/2 A. M., or 4 1/2 P. M. Fare 90 cents. When there inquire for Mr. Byrnes. Boarding conveniences on hand. Parties had better stop with Mr. Byrnes, a principal, until they have decided as to purchasing, as he will show them over the land in his carriage, free of expense. Letters and applications can be addressed to Landis & Byrnes, Hammonton, P. O.; Atlantic Co. New Jersey, or S. B. Coughlin, 202 South Fifth Street, Philadelphia. Maps and information cheerfully furnished.
