**CIRCULATE THE DOCUMENTS**  
**A CAMPAIGN PAPER.**  
**THE "KEYSTONE"**

The proprietors and publishers of the Philadelphia *Evening Argus*, publish a weekly paper of eight pages, the *KEYSTONE*, containing forty-eight columns of reading matter. They propose to make the *KEYSTONE* a Campaign paper, the first number of which, as such, will be issued on the 16th day of May next, and the last on the 14th day of November; the closing number containing the full returns of the Presidential Election, thus furnishing subscribers with 26 copies of the paper containing each 48 columns, or a grand total for the Campaign of 1248 columns of reading matter.

We propose to furnish the paper for the six months at the rate of One Dollar to single subscribers; for clubs of 10 to 20 at 70 cents each; for clubs of 20 to 50 at 60 cents each, and for clubs of 50 and upward at 50 cents each—the papers for all clubs to be sent to one address.

This plan is an excellent one; by it clubs will receive ten copies for \$7; twenty copies for \$12, and fifty copies for \$25.

We respectfully invite the friends of the Democracy throughout the country to co-operate with us in giving this sheet a wide circulation; in promoting the spread of liberal Democratic principles; in laboring to strengthen the bonds of the Union, and thereby securing the triumph of the National Democracy in the contest of 1860.

To this work we purpose to devote our entire and untiring energies, and we believe that in no other way, by the investment of the same amount can any accomplish more good for the Democratic cause than by the distribution of such a paper as we intend ours shall be.

It is now evident that the great battle of 1860 will be fought between the Sectionalism of the Black Republican party, and the Nationalism of the Democratic party. In this contest the field will be the Middle States of the Union, and Pennsylvania, the "Old Keystone" of the political as well as the national arch, will be the principal theatre of the war. She will again be called upon to interpose her power to drive back the cohorts of fanatical sectionalism, and again, with her conservative masses, sustain the Union and the Constitution; as such it is peculiarly appropriate, under all the circumstances, that in her great Commercial and Manufacturing metropolis, we should issue such a paper which will truthfully and fearlessly reflect the sound National, Union-loving and Constitution-supporting principles of the Democratic party. From this city, especially, should emanate such a paper, and it should be scattered among the people, broadcast, from the Dakas of the North to the Gulf of Mexico, from the Atlantic to the Pacific.

We anticipate victory, but that victory must be snatched from under the very banners of the enemy and from the cannon's mouth. Entertaining this view, our enemy may expect that we shall pour in the hot shot upon all occasions, and that every salient point will be attacked fearlessly, boldly, and vigorously. We believe that in this crisis of our country, when its institutions are endangered, its laws resisted, its Constitution threatened, and the perpetuity of our glorious Union attempted to be destroyed, that it is our duty, as good citizens, to make use of all honorable means put into our hands by nature and by nature's God, to drive back the black cohorts of fanatical abolition, which would ruin the fairest political heritage ever bequeathed to a people.

We therefore entreat our friends, and the friends of Democratic principles everywhere—North, South, East and West—to assist us in this good work. Let them hold up our hands by pouring in upon us the subscriptions, and we say to the Democracy of the whole country, "Do your duty, and we will do ours."

All orders must be accompanied with the cash. Address

**SUCTION & FORCE PUMP**  
WITH  
**India Rubber Ball Valves.**  
THE SUBSCRIBER having purchased the right to make and sell this New Pump, feels a confidence that his efforts to bring it into general use, in this country, will be seconded by all who see its construction and operation.

Among the many advantages secured by the use of this Pump, the following may be enumerated:  
1. A double action, by which twice the water can be raised at the same time.  
2. Great ease in working, thus adapting the Force Principle to common wells.  
3. The transformation, in a moment, of the Pump into an efficient FIRE ENGINE, thus rendering the loss of dwellings by fire, totally unnecessary.  
4. Capability of watering gardens, Lawns, or sprinkling walks, washing windows, &c., with the utmost ease and thoroughness.  
5. Power to raise water with slight labor to any reasonable height, as in supplying chambers &c.  
6. The convenience of having the Pump in a kitchen, or other rooms of your dwelling, without regard to the location of the Well, or Cistern.  
7. The easy protection of the instrument against Frost.  
8. The ease with which it may be mounted on wheels, or in other ways, be made portable.  
9. A simplicity which ensures great durability; protects it from being thrown out of order, and makes any repairs easy and of little cost.  
10. Great Cheapness: for the first time bringing the cost of the Force Pump into the neighborhood of the common Suction and Chain Pumps, while it is immeasurably superior to both.

Manufactured and for sale by the subscriber, only, at his shop in Mechanicsburg.
