HENRY R. COSTAR.—All the summer I have been troubled with Roaches and Mice. I was actually ashamed of the house, for the Roaches were everywhere. I purchased a box of your Extirminator and tried it, and in one week there was not a Roach or Mouse in the House. JOHN B. GIVENS, No. 9 Elm St.

HOUSEKEEPERS—troubled with vermin, need be so no longer, if they use "Costar's" Extirminators. We have used it to our satisfaction, and if a box cost $5 we would have it. We had tried poisons, but they effected nothing; but COSTAR'S article knocks the breath out of Rats, Mice and Bed Bugs, quicker than we can write it. It is in great demand all over the country.—*Medina (O.) Gazette.*

MORE GRAIN and Provisions are destroyed annually in Grant County by vermin, than would pay for tons of this Rat and Insect Killer.—*Lancaster (Wis.) Herald.*

HENRY R. COSTAR—Your Extirminator is received, used, and pronounced a decided success. We used a box of it, and the way the Rats and Mice around our premises "raised Ned," that night was a caution to sleepers.—Since then not a Rat or Mouse has been heard in kitchen or cellar.—*Magregor (Iowa) Times.*

BELLINGHAM'S

CELEBRATED

STIMULATING ONGUENT,

For the Whiskers and Hair.

The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American public, the above justly celebrated and world-renowned article,

The Stimulating Onguent

Is prepared by Dr. C. F. BELLINGHAM an eminent physician of London, and is warranted to bring out a thick set of

WHISKERS OR A MUSTACHE,

in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp it will cure BALDNESS, and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn RED or tawy hair DARK, and restore gray hair to its original color, leaving it soft, smooth and flexible. The "Onguent" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all Druggists and Dealers; or a box of the "Onguent" warranted to have the desired effect, will be sent to any who desire it, by mail, (direct), securely packed, on receipt of price and postage, $1 18. Apply to or address

YOU WANT IT,

YOUR WIFE WANTS IT,

YOUR CHILDREN WANT IT,

IT WILL CERTAINLY PAY,

AND YOU WOULD HAVE IT,

IF

you only knew how USEFUL, how INSTRUCTIVE and how ENTERTAINING it is.

We refer to that "*first best*" that *largest, most instructive, most beautiful*, and yet *cheapest* journal in the world for the HOUSEHOLD, for the FARM, and for the GARDEN, viz., the

American Agriculturist

YOU WANT IT, because it contains so very many new and useful directions, hints, and suggestions about all kinds of out-door work, in the GARDEN, in the FIELD, in the ORCHARD, on the *little plot of ground*, about Domestic Animals, etc. etc. The *Agriculturist* is not a stale rehash of theoretical stuff, such as goes the rounds from one paper to another, but it is filled with useful and new practical information, every word of which is *reliable*, because prepared by honest, practical WORKING MEN, who know what they write about.

Each volume contains *many hundreds of useful hints*, and it is certain that many of these hints will *each* be worth to you more than a dollar.—As an example, a subscriber writes: "... I obtained 5 bushels more per acre on a 10-acre field of wheat, (or in all 50 bushels) simply from a hint about preparing the seed given in my *Agriculturist*." ... *Another* says he obtained an extra yield of 11 bushels of corn per acre on a 15-acre field, and with no extra cost for culture, by applying one hint from the *Agriculturalist*. *Another*, (a villager,) says he got $13 worth extra of good garden vegetables, which he attributes wholly to the timely hints in the *Agriculturist*, which told him from time to time *what* to do, *how* to do it, and *when* to do it. Thousands of others have derived similar advantages. You are invited to *try* the paper a year, at a cost of only $1. If you desire, you can have, *free* of charge, four or five parcels of choice seeds, which the Publisher will distribute among his subscribers the present winter.

YOUR WIFE wants the *Agriculturist* because it has a large amount of valuable and useful information about all kinds of HOUSEHOLD WORK, from Garret to Cellar. Give her the benefit of this paper for a year. You will find your home made better and money saved.

YOUR CHILDREN want the *Agriculturist*, for it contains a very interesting, useful, and entertaining department for Youth and Children, which will be great value to their minds and hearts.

The above are truthful statements, that will be cheerfully attested by nearly a hundred thousand of the present readers of the *Agriculturist*. You are invited to try a single volume of the *Agriculturist*, which will cost only $1, and abundantly *pay*. Try it for 1861 (Vol. 20.)

Scrofula, or King's Evil,

is a constitutional disease a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cure, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
