UDOLPHO WOLFE'S AROMATIC SCHIEDAM SCHNAPPS

A SUPERLATIVE

TONIC, DIURETIC, ANTI DYSPEPTIC

AND

INVIGORATING CORDIAL

To the Citizens of New Jersey and Pennsylvania, Apothecaries, Druggists, Grocers and Private Families.

Wolfe's Pure Cogniac Brandy.
Wolfe's Pure Maderia, Sherry & Port Wine.
Wolfe's Pure Jamaica and St. Croix Rum.
Wolfe's Pure Scotch and Irish Whiskey.

ALL IN BOTTLES.

I beg leave to call the attention of citizens of the United States to the above WINES and LIQUORS imported by UDOLPHO WOLFE, of New York, whose name is familiar in every part of this country for the purity of his SCHIEDAM SCHNAPPS. Mr. WOLFE, in his letter to me, speaking of the purity of his WINES and LIQUORS, says; "I will stake my reputation as a man, my standing as a merchant of thirty years, residence in the City of New York, that all the BRANDY and WINES which I bottle are pure as imported, and of the best quality and can be relied upon by every purchaser." Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the certificate. The public are respectfully invited to call and examine for themselves. For sale at RETAIL by all Apothecaries and Grocers in Philidelphia.

GEORGE H. ASHTON, No. 833 Market St. Philadelphia.
Sole Agent for Philadelphia

Read the following from the New York Courier:

ENORMOUS BUSINESS FOR ONE NEW YORK MERCHANT.—We are happy to inform our fellow-citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase Wines & Liquors as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will repay any stranger or citizen to visit UDOLPHO WOLFE'S extensive warehouse, Nos. 18, 20 and 22, Beaver street, and Nos. 17, 19 and 21, Markfield street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases, the Brandy, some ten thousand cases—Vintages of 1836 to 1856, and ten thousand cases of Madeiras, Sherry and Port Wine, Scotch and Irish Whiskey, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Wine, &c., in casks under Custom House key ready for bottling. Mr. Wolfe's sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successful with his Brandies and Wines.

His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolfe until every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with WOLFE'S pure WINES and LIQUORS.

We understand Mr. WOLFE, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to human health and happiness.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
