HENRY R. COSTAR.—All the summer I have been troubled with Roaches and Mice. I was actually ashamed of the house, for the Roaches were everywhere. I purchased a box of your Extirminator and tried it, and in one week there was not a Roach or Mouse in the House. JOHN B. GIVENS, No. 94 Elm St.

HOUSEKEEPERS—troubled with vermin, need be so no longer, if they use "COSTAR'S" Extirminators. We have used it to our satisfaction, and if a box cost $5, we would have it. We had tried poisons, but they effected nothing; but COSTAR'S article knocks the breath out of Rats, Mice and Bed Bugs, quicker than we can write it. It is in great demand all over the country.—*Medina (O.) Gazette.*

MORE GRAIN and Provisions are destroyed annually in Grant County by vermin, than would pay for tons of this Rat and Insect Killer.—*Lancaster (Wis.) Herald.*

HENRY R. COSTAR—Your Extirminator is received, used, and pronounced a decided success. We used a box of it, and the way the Rats and Mice around our premises "raised Ned," that night was a caution to sleepers.—Since then not a Rat or Mouse has been heard in kitchen or cellar.—*Magregor (Iowa) Times.*

THE WEEKLY JOURNAL OF COMMERCE.

TO OUR SUBSCRIBERS.

The commencement of a new year is a good time for renewing subscriptions and increasing the circulation of the Journal of Commerce.—We address ourselves to the old readers of the paper, with entire confidence to their willingness to aid us, and extend the influence of the sound conservative principle and morals which have hitherto characterized and will hereafter characterize this paper. EVERY SUBSCRIBER to the Journal of Commerce might do a great service to these principles, and strengthen us in our ability to support and circulate them, by sending us the name of at least one new subscriber in his town.

Devoted firmly as we have been to our country's interests, and having long been called "Union Savers" as a term of reproach, we are and shall be the firm upholders of

THE UNION AND THE CONSTITUTION

opposing with heart and pen every man, South or North, who is an enemy to either. Every form of disorganization and revolution will find us ready for the combat. Among the foes of the American Union and American principles, we rank side by side

ABOLITIONISM AND SECESSIONISM,

and we propose with all our strength to defend the nation against the attacks of both.

A LIBERAL OFFER.

To encourage those who may volunteer to aid in the organization of Clubs, we hereby offer an extra copy of the Weekly to every person who shall forward twenty new subscribers with the money.

CLUBS

may be organized in communities with great advantage. The present is the best period for their commencement. The terms on which we can furnish the paper are as follows:—

To companies taking	
20 copies or upwards	ONE DOLLAR each
13 copies	FIFTEEN DOLLARS.
8 copies	TEN "
4 copies	TIX "
3 copies	FIVE "
Under 3 copies	TWO each

The papers will be addressed to different persons at the same Post Office, if desired, except in cases of clubs of 13 or more copies, which will be mailed to one address.

ADDITIONS TO CLUBS

may be made at the following rates:—Papers added to a club during the first quarter of the club's year will pay the full rate of the original club for a year, during the second quarter three-fourths of the original year's rate, during the third quarter one half, and during the last quarter one-fourth, and all such subscriptions will terminate with the year of the original club.

From Holbrook's U. S. Mail.

Where packages of *newspapers* or periodicals are received at any post office directed to one address, and the names of the club of subscribers to which they belong, with the postage for a quarter in advance, shall be handed to the postmaster, he shall deliver the same to their respective owners.

PROSPECTUS

OF THE

SCIENTIFIC AMERICAN.

THE BEST MECHANICAL PAPER IN THE WORLD

SEVENTEENTH YEAR.

Volume VI.—New Series.

A new volume of this widely circulated paper commences on the 4th of January. Every number contains sixteen pages of useful information and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns.

The SCINTIFIC AMERICAN is devoted to the interests of Popular Science, the Mechanic Arts, Manufactures, Inventions, Agriculture, Commerce and the Industrial Pursuits generally, and is valuable and instructive not only in the Workshop and Manufactory, but also in the Household, the Library and the Reading Room.

To The Mechanic and Manufacturer!

No person engaged in any of the mechanica pursuits should think of doing without the SCIENTIFIC AMERICAN. It costs but four cents per week; every number contains from six to ten engravings of new machines and inventions, which cannot be found in any other publication. It is an established rule of the publishers to insert none but original engravings, and those of the first-class in the art, drawn and engraved by experienced persons under their own supervision.

To the Inventor!

The SCIENTIFIC AMERICAN is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains an Official List of the Claims of all the Patents issued from the United States Patent Office during the week previous; thus giving a correct history of the progress of inventions in this country. We are also receiving, every week, the best scientific journals of Great Britain, France, and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns copious extracts from these journals of whatever we may deem of interest to our readers.

Chemists, Architects, Millwrights, And FARMERS!

The SCENTIFIC AMERICAN will be found a most useful Journal to them. All the new discoveries of science of chemistry are given in its columns, and the interests of the architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of millwrights and millowners will be found published in the SCIENTIFIC AMERICAN which information they cannot possibly obtain from any other source. Subjects in which planters and farmers are interested will be found discussed in the SCIENTIFIC AMERICAN; most of the improvements in agricultural implements being illustrated in its columns.

Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. J. C. AYER & CO.
LOWELL, MASS.
Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral,

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given: with also full descriptions of the above complaints, and the treatment that should be followed for their cure.
