Office of JAY COOKE,
SUBSCRIPTION AGENT,
At JAY COOKE & CO., Bankers
114 SOUTH THIRD STREET,
Philadelphia, Nov. 1, 1862.

The undersigned having been appointed SUBSCRIPTION AGENT by the Secretary of the Treasury, is now prepared to furnish, at once, the

New Twenty Year 6 per ct. Bonds.

of the United States, designated as "Five-Twenties," redeemable at the pleasure of the Government, after five years, and authorized by Act of Congress, approved Feb. 25, 1862.

The COUPON BONDS are issued in sums of $50, $100, $500, $1000.

The REGISTER BONDS in sums of $50, $100, $500, $1000 and $5000.

Interest at six per cent. per annum will commence from date of purchase, and is

PAYABLE IN GOLD,

Semi-Annually, which is equal, at the present premium on gold, to about EIGHT PER CENT PER ANNUM.

Farmers, Merchants, Mechanics, Capitalists, and all who have any money to invest, should know and remember, that these Bonds are, in effect, a FIRST MORTGAGE upon all Railroads, Canals, Bank Stocks and Securities, and the immense products of all the Manufactures, &c., &c., in the country: and that the full and ample provision made for the payment of the interest and liquidation of principal, by Customs, Duties, Excise Stamps and Internal Revenue, serves to make these bonds the

Best, Most Available and Most Popular Investment in the Market.

Subscriptions received at PAR in Legal Tender Notes, or Notes and checks of banks at par in Philadelphia. Subscribers by mail will receive prompt attention and every facility and explanation will be afforded on application to this office.

A full supply of Bonds will be kept on hand for immediate delivery.

JAY COOKE, Subscription Agent.

ORPHAN'S COURT.

NOTICE is hereby given that W. Y. M'Coy has filed in my office his last and final account as Administrator of the estate of HARRIET N. KNOX, deceased, and will present the same for confirmation at the next stated Orphan's Court, to be held at Smethport the 4th Monday of December next, A. D. 1862.

Witness my hand, Nov. 7, 1862.

C. K. SARTWELL, Register.

ADMINISTRATOR'S NOTICE.

LETTERS of Administration having been granted to the undersigned on the estate of ELIAS J. COOK, late of Keating township, deceased, all persons indebted to said estate are requested to make immediate payment, and those having claims against the same will present them duly authenticated for settlement.

L. J. COOK, Administrator.

To Consumptives.

THE Advertiser, having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE FOR CONSUMPTION, ASTHMA, BRONCHITIS, &c. The only object of the Advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

HENRY R. COSTAR.—All the summer I have been troubled with Roaches and Mice. I was actually ashamed of the house, for the Roaches were everywhere. I purchased a box of your Extirminator and tried it, and in one week there was not a Roach or Mouse in the House. JOHN B. GIVENS, No. 94 Elm St.

HOUSEKEEPERS—troubled with vermin, need be so no longer, if they use "COSTAR'S" Extirminators. We have used it to our satisfaction, and if a box cost $5, we would have it. We had tried poisons, but they effected nothing; but COSTAR'S article knocks the breath out of Rats, Mice and Bed Bugs, quicker than we can write it. It is in great demand all over the country.—*Medina (O.) Gazette.*

MORE GRAIN and Provisions are destroyed annually in Grant County by vermin, than would pay for tons of this Rat and Insect Killer.—*Lancaster (Wis.) Herald.*

HENRY R. COSTAR—Your Extirminator is received, used, and pronounced a decided success. We used a box of it, and the way the Rats and Mice around our premises "raised Ned," that night was a caution to sleepers.—Since then not a Rat or Mouse has been heard in kitchen or cellar.—*Magregor (Iowa) Times.*

I HAVE BEEN SELLING—Your Extirminator for the last year, and find it a SURE SHOT every time.

THE WEEKLY JOURNAL OF COMMERCE.

TO OUR SUBSCRIBERS.

The commencement of a new year is a good time for renewing subscriptions and increasing the circulation of the Journal of Commerce. We address ourselves to the old readers of the paper, with entire confidence to their willingness to aid us, and extend the influence of the sound conservative principle and morals which have hitherto characterized and will hereafter characterize this paper. EVERY SUBSCRIBER to the Journal of Commerce might do a great service to these principles, and strengthen us in our ability to support and circulate them, by sending us the name of at least one new subscriber in his town.

Devoted firmly as we have been to our country's interests, and having long been called "Union Savers" as a term of reproach, we are and shall be the firm upholders of

THE UNION AND THE CONSTITUTION

opposing with heart and pen every man, South or North, who is an enemy to either. Every form of disorganization and revolution will find us ready for the combat. Among the foes of the American Union and American principles, we rank side by side

ABOLITIONISM AND SECESSIONISM,

and we propose with all our strength to defend the nation against the attacks of both.

A LIBERAL OFFER.

To encourage those who may volunteer to aid in the organization of Clubs, we hereby offer an extra copy of the Weekly to every person who shall forward twenty new subscribers with the money.

CLUBS

may be organized in communities with great advantage. The present is the best period for their commencement. The terms on which we can furnish the paper are as follows:—

To companies taking	ONE DOLLAR each
20 copies or upwards	FIFTEEN DOLLARS.
13 copies	TEN "
8 copies	SIX "
4 copies	FIVE "
3 copies	TWO each
Under 3 copies,	

The papers will be addressed to different persons at the same Post Office, if desired, except in cases of clubs of 13 or more copies, which will be mailed to one address.

ADDITIONS TO CLUBS

may be made at the following rates:—Papers added to a club during the first quarter of the club's year will pay the full rate of the original club for a year, during the second quarter three-fourths of the original year's rate, during the third quarter one half, and during the last quarter one-fourth, and all such subscriptions will terminate with the year of the original club.

From Holbrook's U. S. Mail.

Where packages of *newspapers* or periodicals are received at any post office directed to one address, and the names of the club of subscribers to which they belong, with the postage for a quarter in advance, shall be handed to the postmaster, he shall deliver the same to their respective owners.

But this does apply to weekly newspapers which circulate free in the county where printed and published.

PROSPECTUS

OF THE

SCIENTIFIC AMERICAN.

THE BEST MECHANICAL PAPER IN THE WORLD

SEVENTEENTH YEAR.

Volume VI.—New Series.

A new volume of this widely circulated paper commences on the 4th of January. Every number contains sixteen pages of useful information and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns.

The SCIENTIFIC AMERICAN is devoted to the interests of Popular Science, the Mechanic Arts, Manufactures, Inventions, Agriculture, Commerce and the Industrial Pursuits generally, and is valuable and instructive not only in the Workshop and Manufactory, but also in the Household, the Library and the Reading Room.

To The Mechanic and Manufacturer!

No person engaged in any of the mechanica pursuits should think of doing without the SCIENTIFIC AMERICAN. It costs but four cents per week; every number contains from six to ten engravings of new machines and inventions, which cannot be found in any other publication. It is an established rule of the publishers to insert none but original engravings, and those of the first class in the art, drawn and engraved by experienced persons under their own supervision.

To the Inventor!

The SCIENTIFIC AMERICAN is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains an Official List of the Claims of all the Patents issued from the United States Patent Office during the week previous; thus giving a correct history of the progress of inventions in this country. We are also receiving, every week, the best scientific journals of Great Britain, France, and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns copious extracts from these journals of whatever we may deem of interest to our readers.

Chemists, Architects, Millwrights, And FARMERS!

The SCENTIFIC AMERICAN will be found a most usefful Journal to them. All the new discoveries of science of chemistry are given in its columns, and the interests of the Architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of millwrights and mill-owners will be found published in the SCIENTIFIC AMERICAN which information they cannot possibly obtain from any other source. Subjects in which planters and farmers are interested will be found discussed in the SCIENTIFIC AMERICAN; most of the improvements in agricultural implements being illustrated in its columns.

TERMS.

To mail subscribers.—Two Dollars a Year, or One Dollar for six months. One Dollar pays for one complete volume of 416 pages; two volumes comprise one year. The volumes commence on the first of January and July.

CLUB RATES.

Five copies, for six Months	$4
Ten copies, for Six Months	$8
Ten copies, for Twelve Months	$15
Fifteen copies, for Twelve Months	$22
Twenty copies, for Twelve Months	$28

For all clubs of Twenty and over, the yearly subscription is only $1,40. Names can be sent in at different times and from different Post-offices. Specimen copies will be sent gratis to any part of the country.

Western and Canadian money or Post-office stamps taken at par for subscriptions. Canadian subscribers will please to remit 25 cents extra on each year's subscription to pre-pay postage.

AYER'S
Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co, Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and eyes with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ring Worm, Sore Eyes, Dropsy.

Dr. J. C. Ayer, M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the Sarsaparilla and also a Malignant Erysipelas, by large doses of the same; says Erysipelas, no matter what his condition may be, may cure himself cheaply, privately, and radically. This lecture will prove a boon to thousands and thousands.

AYER'S
Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co, Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and eyes with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ring Worm, Sore Eyes, Dropsy.

Dr. J. C. Ayer, M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the Sarsaparilla and also a Malignant Erysipelas, by large doses of the same; says Erysipelas, no matter what his condition may be, may cure himself cheaply, privately, and radically. This lecture will prove a boon to thousands and thousands.

PROSPECTUS

OF THE

SCIENTIFIC AMERICAN.

THE BEST MECHANICAL PAPER IN THE WORLD

SEVENTEENTH YEAR.

Volume VI.—New Series.

A new volume of this widely circulated paper commences on the 4th of January. Every number contains sixteen pages of useful information and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns.

The SCIENTIFIC AMERICAN is devoted to the interests of Popular Science, the Mechanic Arts, Manufactures, Inventions, Agriculture, Commerce and the Industrial Pursuits generally, and is valuable and instructive not only in the Workshop and Manufactory, but also in the Household, the Library and the Reading Room.

To The Mechanic and Manufacturer!

No person engaged in any of the mechanica pursuits should think of doing without the SCIENTIFIC AMERICAN. It costs but four cents per week; every number contains from six to ten engravings of new machines and inventions, which cannot be found in any other publication. It is an established rule of the publishers to insert none but original engravings, and those of the first class in the art, drawn and engraved by experienced persons under their own supervision.

To the Inventor!

The SCIENTIFIC AMERICAN is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains an Official List of the Claims of all the Patents issued from the United States Patent Office during the week previous; thus giving a correct history of the progress of inventions in this country. We are also receiving, every week, the best scientific journals of Great Britain, France, and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns copious extracts from these journals of whatever we may deem of interest to our readers.

Chemists, Architects, Millwrights, And FARMERS!

The SCENTIFIC AMERICAN will be found a most usefful Journal to them. All the new discoveries of science of chemistry are given in its columns, and the interests of the Architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of millwrights and mill-owners will be found published in the SCIENTIFIC AMERICAN which information they cannot possibly obtain from any other source. Subjects in which planters and farmers are interested will be found discussed in the SCIENTIFIC AMERICAN; most of the improvements in agricultural implements being illustrated in its columns.
