during general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Fills, and see low directly they restore the natural action of the system; and with it the busyant feeling of health again. What is true and so paperent in this trivial and common complaint, is also true is meany of the deep-seated and dangerous distempers. The samp purgative effect expect them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, sirred by the same means. None who know the virtues of these Fills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public pensors.

From a Forwarding Merchant of St. Louis, Ptb. 4, 1966. Dr. Aven: Your Pills are the paragon of all that is great in medicine. ASA MORGRIDGE.

From Dr. E. W. Curturight, New Orleans.

Tour Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily recontends of discovery.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their perpose as an aperiont, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of billour complicits than any one remedy I can mention. I sincerely relicion that we have a length a nurrantly which is west.

SR: I have used your Pills in my general and hospital practice over since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldem found a case of billous disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D. Thysician of the Narine Hospital.
