ILLUSTRATED

SCIENTIFIC AMERICAN.

THE BEST MECHANICAL PAPER IN THE WORLD.

EIGHTEENTH YEAR.

Volume VIII.—New Series.

A new volume of this widely circulated paper commences on the 1st of January. Every number contains sixteen pages of useful information and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns.

To The Mechanic and Manufacturer!

No person engaged in any of the mechanica pursuits should think of doing without the SCIENTIFIC AMERICAN. It costs but six cents per week; every number contains from six to ten engravings of new machines and inventions, which cannot be found in any other publication. It is an established rule of the publishers to insert none but original engravings, and those of the first class in the art, drawn and engraved by experienced persons under their own supervision.

To the Inventor!

The SCIENTIFIC AMERICAN is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains an Official List of the Claims of all the Patents issued from the United States Patent Office during the week previous: thus giving a correct history of the progress of inventions in this country. We are also receiving, every week, the best scientific journals of Great Britain, France, and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns copious extracts from these journals of whatever we may deem of interest to our readers.

Chemists, Architects, Millwrights, And

FARMERS!

The SCENTIFIC AMERICAN will be found a most useful Journal to them. All the new discoveries of science of chemistry are given in its columns, and the interests of the Architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of millwrights and mill-owners will be found published in the SCIENTIFIC AMERICAN which information they cannot possibly obtain from any other source. Subjects in which planters and farmers are interested will be found discussed in the SCIENTIFIC AMERICAN; most of the improvements in agricultural implements being illustrated in its columns.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: **Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.**

OSTRANDER, Ind., 6th June, 1859.

J. C. AYER & Co.: Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it broke out in Ulcers on my hands and arms; sometimes it turned inward, and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was induced to send to you. Your answer was that you had prepared an alterative (Sarsaparilla), and knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I think it as you advise, to take a dose or two spoonful once a month, and used almost the entire bottle. Now and healthy skin has begun to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you that I hold you to become of the apostles of the age, and remain ever gratefully, Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Peeble writes from Salem, N. Y., 12th Sept., 1859, that he has cured his favorite case of *Dropsy*, which threatened to terminate fatally, by the perseverating use of your Sarsaparilla, and also a dangerous *Malignant Erysipelas* by the free exhibition of the same; says he owes the common *Erysipelas* to it entirely.

Bronchocele, Goitre or Swelled Neck.

Tebbetts Store, Pierpont, Ohio, writes: "Three bottles of your Sarsaparilla cured me from a terrible—a hideous Swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous kind. I have cured many inveterate cases of leucorrhœa by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Sweden, Ala., writes, "A dangerous ovarian tumor on one of the family in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. One physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort. Change, cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remained."

Syphilis and Mercurial Disease.

NEW ORLEANS, 7th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and bear testimony to some of the effects I have realized by your Sarsaparilla.

I have found it in my practice, most of the ingredients for which it is compounded, and have found its effects truly wonderful in the cure of *Scrofula and Syphilitic Diseases*, especially Syphilitic ulcers in the throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in few weeks. Another was attacked by secondary symptoms on his nose and the ulceration had eaten away a cancer cuticle of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration of cicatrices. A woman who had been treated by the usual course for mercury was suffering from this poison on her bones. The ordeal became so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INGERSOLL'S, Putnam Co., Va., 6th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians and came to me in spite of all the remedies I could find until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health to such a degree that I am far better than before I was attacked. I think it a wonderful medicine. J. LIBEAM.

Judge Y. G. Shell, of St. Louis, writes: "I have been afflicted for years with an *Affection of the Liver*, which at times rendered my life a burden to me. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years, more dead than living. At length, by the blessing of God, I was induced to try your Sarsaparilla, and it has restored me to health and happiness. I feel young again. The best that can be said of you is not half good enough."

Scirrous Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of the most formidable complaints have resulted from the use of this remedy. Even cases which will admit of no relief from any medicine in the power of man to bestow are greatly benefited by it, and patients suffering from it are induced to cherish hopes of recovery which, in many instances, are realized. Many of these cases will be found in our Almanac, which the agent below mentioned is pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Pills, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these various forms have been made by this invigorating power of the blood. It stimulates the vital functions into vigorous action, and their overpowering influence in the system supplies the evil it reaches. Such cases as the above are constantly occurring in the practice of the most eminent physicians who use this preparation, and they are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced stages of the Disease.

This is a remedy so admirably adapted to surpass any other in the cure of all throat and lung complaints that it is useless to propose it to the public as one of its claims. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary complaints, have made it known. Indeed, there is scarcely a village in the country. Few are there who have not among their neighbors or friends some living trophy of its efficacy—some living witness to the protection it will afford, even in the most alarming diseases of the throat and lungs. Additional to the proofs of the virtues of these remedies, which are to be found in the circle of every one's acquaintance, we need not do more than allude to the world-wide fame they have won for the cures they have made, and the confidence they inspire in the communities where they are known.

TO OUR SUBSCRIBERS.

The commencement of a new year is a good time for renewing subscriptions and increasing the circulation of the Journal of Commerce.—We address ourselves to the old readers of the paper, with entire confidence to their willingness to aid us, and extend the influence of the sound conservative principle and morals which have hitherto characterized and will hereafter characterize this paper. Every Subscriber to the Journal of Commerce might do a great service to these principles, and strengthen us in our ability to support and circulate them, by sending us the name of at least one new subscriber in his town.
