Oakland, Ind., 6th June, 1859.

J. C. Ayer & Co. Gents: L-feel it my duty to acknowledge what your Susaparith has done for me. Having inherited a Scrolubus infection. I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loadsmome beyond description. I tried hany medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative Susaparilla), for I know from your reputation that any thing you made must be good. I sent to Clinchnait and got if, and used knowledge worse and healthy skin soon began to form under the scab which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostus of the age, and remain over gratefully.

Dr. Robert M. Freble writes from Salem, N. Y., 12th Sept., 1850, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsuparilla, and also a dangerous Malignant Ergiplat by large disses of the same; says he cures the common Ergificial by it constantly.

Bronchocele, Goltre or Swelled Necks Zebulon Sloan of Prospect, Texas, writes: "Three bot-tles of your Sarsaparilla cured me from a Courre—a hid-cous awelling on the neck, which I had suffered from over two years."

Leucorrhon or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "Inost cheerfully comply with the request of your agent in saying I have found your Saraparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Fanale Diseases of the Scrotilupus diablesis. I have cured many invoterate cases of Leucarthea by it, and some where the complaint was caused by ulceration of the nateur. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous previous the money of Newbury, Ala, writes, "A dangerous previous that the completely cured by your Extract of Sarasparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarasparilla, as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

Syphilis and Mercurial Disease.

New Oblems, 25th August, 1869.

Dr. J. C. Aten: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects. I have realized with your Sarsaparilla.

Thave curred with lit, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphillite ulcers in his thout, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cuted him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had enten away a considerable part of it, so that. I bollieve the disorder would soon each his brian and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers headed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she aufford excruciating pain in her Joints and bones. She, tee, was cuied entirely by your, Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remety; consequently, these truly constable results with! I have not surprised me.

Fraternally yours. G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

attacked. I think it a wonderful medicine. J. FREAM, Jules Y. Qetchell, of Ext. Jonis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing falled to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised mo to try your Sarsaparilla, because he said he knew you, and any thing you mado wise worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Caucer Tumors, Enlargement, Ulceration, Carles and Extellation of the Bones.

A great variety of cases have been reported to us where cures of these formidable, complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American, Almanac, which the agents below named are pleased to furnish gratis to all who call for them. Dyspepsia, Heart Disease, Fits; Epilep-sy, Melancholy, Neuralgia Many roundable curve of these affections have been made by the alternative hower of this incide line. It stimulates the vital, functions into vigorous action, and thus overcomes disadies which would be supposed beyond its reach. Such a temedy has long been required by the necessities of the people, and we are confident that this will

This is a reinely so universally known to surpass any other for the cure of threat and lung complaints, that it is useless here 'o publish the evidence of its virtues. Its unrivalled excellence for coughs and code, and its truly wonderful, cures of pulmonary disease, have made it known theoretical threather the civilical nations of the carther who have not some personal experience of its effects—come living trophy in their midst of its victory over, the subtle and dangerous disorders of the throat and lungs. As all known the dreading fitting of these disorders; and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues, that it did laye when making the cures which have wen as strongly upon the confidence of markind.

Dr. J. C. Ayen: Sir, I have been afflicted with a painful chronic Hierarchism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the cemelles I could find, until I tried your Saraqparilla. One buttle cured me in, two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.
