Great Improvements in Sewing Machines

EMPIRE SHUTTLE MACHINE!

Patented, February 14th, 1860.

SALESROOM 454 BROADWAY

This Machine is constructed on entirely new principles of mechanism, possessing many rare and valuable improvements, having been examined by the most profound experts and pronounced to be SIMPLICITY and PERFECTION COMBINED.

The following are the principal objections urged against Sewing machines:

1.—Excessive fatigue to the operator.
2.—Liability to get out of order.
3.—Expense, trouble and loss of time in repairing
4.—Incapacity to sew every description of material.
5.—Disagreeable noise while in operation.

The Empire Sewing Machine is Exempt all these Objections.

It has a straight needle perpendicular action, makes the Lock or Shuttle Stitch, which will neither Rip nor ravel, and is alike on both sides; performs perfect sewing on every description of material, from Leather to the finest Nansook Euslin, with cotton, linen or silk thread, from the coarsest to the finest number.

Having neither CAM nor COG WHEEL, and the least possible friction, it runs as smooth as glass, and is

EMPHATICALLY A NOISELESS MACHINE!

It requires FIFTY PER CENT less power to drive it than any other machine in market. A girl twelve years old can work it steadily, without fatigue or injury to health.

Its strength and WONDERFUL SIMPLICITY of construction render it almost impossible to get out of order, and is GUARANTEED by the company to give entire satisfaction.

We respectfully invite all those who may desire to supply themselves with a superior article, to call and examine this UNRIVADED MACHINE.

But in a more special manner do we solicit the patronage of

MERCHANT TAILORS COACH MAKERS, HOOP SKIRT MANUFACTURERS, SHIRT and BOSOM MAKERS, DRESS MAKERS, CORSET MAKERS, GAITER FITTERS, SHOE BINDERS, VEST and PANTALOON MAKERS.

RELIGIOUS and CHARITABLE INSTITUTIONS will be liberally dealt with.

PRICE OF MACHINES, COMPLETE.

No. 1, Family Machine, with Hemmer,	**$50**
No. 2, Small Manufacturing, with Extension Table,	**65**
No. 3, Large Manufacturing, with Extension Table,	**75**
No. 3, Large Manufacturing, for Leather, with Rolling Foot and Oil Cup,	**85**

One half hour's instructions is sufficient to enable any person to work this Machine to their entire satisfaction!

Your attention is also called to the EMHIRE SHTTTLE, Pattented June 26th, 1860.

It is well known that a Shuttle with a spring centre is preferable to any other—but a great objection against its use, was on account of its spring getting out of order, having then to be put in the the hands of a skillful mechanic to be repaired.

The Empire Shuttle is so simple that any operator can repair it without loss of time or expense.

FINKLE & LYON'S

SEWING MACHINES.

These Machines make the lock stitch alike on both sides, and use less than half the thread and silk that the single or double thread loop stitch Machines do; will Hem, Fell, Gather, Cord, Braid, Bind, &c., and are better adapted than any other Sewing Machines in use to the frequent changes and great variety of sewing required in a family, for they will sew from one to twenty thicknesses of Marseilles without stopping, and make every stitch perfect, or from the finest gauze to the heaviest beaver cloth, or even the stoutest harness leather, without changing the feed, needle, or tension, or making any adjustment of Machine whatever!!!

They are simple in construction, and easily understood; and if any part is broken by accident, it is readily replaced.

These are peculiar facts, and will go further to determine the choice of any intelligent buyer.

THE WEEKLY JOURNAL OF COMMERCE.

TO OUR SUBSCRIBERS.

The commencement of a new year is a good time for renewing subscriptions and increasing the circulation of the Journal of Commerce.—We address ourselves to the old readers of the paper, with entire confidence to their willingness to aid us, and extend the influence of the sound conservative principle and morals which have hitherto characterized and will hereafter characterize this paper. EVERY SUBSCRIBER to the Journal of Commerce might do a great service to these principles, and strengthen us in our ability to support and circulate them, by sending us the name of at least one new subscriber in his town.

Devoted firmly as we have been to our country's interests, and having long been called "Union Savers" as a term of reproach, we are and shall be the firm upholders of

THE UNION AND THE CONSTITUTION

opposing with heart and pen every man, South or North, who is an enemy to either. Every form of disorganization and revolution will find us ready for the combat. Among the foes of the American Union and American principles, we rank side by side

ABOLITIONISM AND SECESSIONISM,

and we propose with all our strength to defend the nation against the attacks of both.

A LIBERAL OFFER.

To encourage those who may volunteer to aid in the organization of Clubs, we hereby offer an extra copy of the Weekly to every person who shall forward twenty new subscribers with the money.

CLUBS

may be organized in communities with great advantage. The present is the best period for their commencement. The terms on which we can furnish the paper are as follows:—

To companies taking	
20 copies or upwards	ONE DOLLAR each
13 copies	FIFTEEN DOLLARS.
8 copies	TEN "
4 copies	FIX "
3 copies	FIVE "
Under 3 copies	TWO each

The papers will be addressed to different persons at the same Post Office, if desired, except in cases of clubs of 13 or more copies, which will be mailed to one addres.

ADDITIONS TO CLUBS

may be made at the following rates:—Papers added to a club during the first quarter of the club's year will pay the full rate of the original club for a year, during the second quarter three-fourths of the original year's rate, during the third quarter one half, and during the last quarter one-fourth, ane all such subscriptions will terminate with the year of the original club.

From Holbrook's U. S. Mail.

Where packages of *newspapers* or periodicals are received at any post office directed to one address, and the names of the club of subscribers to which they belong, with the postage for a quarter in advance, shall be handed to the postmaster, he shall deliver the same to their respective owners.

But this does apply to weekly newspapers which circulate free in the county where printed and published.

WEST'S IMPROVLD PUMP.

ANTI-FREEZING, DOUBLE-ACTING.

FORCING AND LIFTING.

These Pumps have now been in general use a numbe of yeas, and give better satisfaction than any other, and are recommended as

THE BEST!

by Capt Erricson, and other eminent Engineers. We can refer to thousands using them, and guarantee that all will recommend them. They are more simple in construction, and work easier, and cost less than all others.

Our readers will find the double acting improved Pump of J. D. West & Co., one of the best in the market. It is very simple, works to a charm, so that any child may use it; throws a steady continuous stream, and does not freeze in the coldest exposures, and is unusually cheap. We say this knowingly, and give the testimony of our own accord, without the knowledge or request of the proprietors."—*N. Y. Evening Post, July 1st*, 1863.

This may certify that I have been using, at my manufactory, for the last four years, 'West's Improved Pumps.' I now have in use three of said pumps, one of which is kept constantly at work, 24 hours each day (except Sundays) and pronounce them, unhesitatingly, the best pumps that have been brought to my notice, having used many others previously. They are simple in their construction, and not easily disarranged.

JAMES A. WEBB.

New York, Oct. 10, 1859.

J. D. WEST & Co.:—We are pleased to state that the Pumps we had of you, about a year ago have been in constant use, 12 hours each day, and raise for the use of our Woolen Factory, about 130 gallons per minute. They work with but little power, compared with pumps we have used before, and do not get out of repair, and are satisfactory in all respects. Yours, &c.,

DUNLAP MANUFACTURING COMPANY.

SOLON ROBINSON to the farmers Club, Jan. 23:

"No farmer who owns a well or cistern can possibly afford to be without an iron pump. It should be at once a suction and force pump—a perfect little fire engine—such a one known as 'West's Improved Pump.' I speak of this pump because I happen to know it to be very simple, durable, powerful and cheap, and it don't freeze up, nor get out of order once a year. I know this, and think I may be doing the farmers good by speaking of it. A boy 10 years old can work it, and throw a continuous inch-and-a-quarter stream. It can be made to work in deep wells as well in as in shallow ones."

From the New York Observer.

We have had in use for months past one of West's Pumps, which has given us more satisfaction as a force and lifting pump than any we have ever used. It is one of great power, and well adapted for ship's decks, mines, factories, green houses; graperies, &c., &c. The Mining Chronicle and railway Journal says:

It is recommended for its extreme simplicity of construction, great strength, and consequent durability and cheapness of repair. There is no stuffing box—the pressure being held by a cup packing, like that upod the working piston, working in a cylinder, fitted for the purpose within the upper air chamber—which we think a great improvement, as stuffing is so liable to be deranged, and leak under strong pressure, to say nothing of the loss by friction incident thereto. It has also two air chambers; thus the action of the valve is cushioned upon both sides by air—preventing water hammer, and vacum thump. The valves are very accessible, and simply and cheaply repaired. They work much easier than any pump we have ever seen; the 4 inch cylinder being worked by children in wells 100 feet deep, and they are extremely cheap as well as simple and strong, we freely recommend them.

Gt. Neck L. I., 1860.

I have used this pump for one summer and winter, exposed to the North West wind coming over Long Island sound, being the coldest possible exposure, and at no time did it freeze, nor were we unable at any time to pump water with great ease. H. B. McILVAIN.

The undersigned, havinh to use West's Improved Pumps, cheerfully recommend them as simple, durable and powerful in raising and throwing water, and for their ease of action, security against frost, and low price, we believe them superior to all others.

Cambridge Mine, N. C., June 15, 1863.

J. D. West & Co.:

Gents—The pump which I ordered for our Mine is received and put to work in our underlay shaft, which we are sinking. We find that one man will with ease lift 50 gallons per minute. We lifted in three and a half hours all the water in the shaft, which measures seven by twelve feet and 30 feet deep, and it was full when we commenced. It answers our expectations in every respect, and our workmen are highly pleased with it. It will do great service with but trifling expense for repairs.

Yours, respectfully,
BURR HIGGINS

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well-known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1860.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR SIR: DR. AYER: I cannot answer you *what* complaints I have cured with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst *headache* any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for, *bilious dysentery and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1856.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.*

JOHN G. MEACHAM, M. D.

Constipation; Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. F. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as effectious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Shaw, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse the stomach and expel worms.* They are so much the best physic we have, that I recommend no other to my patients.

From the Rev. Dr. Hawket, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains*, which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass.

EDITOR OF DEMOCRAT, DEAR SIR:—With your permission I wish to say to the readers of your paper that I will send by return mail to all who wish it, [free] a Recipe, with full directions for making and using a simple Vegetable Balm, that will effectually remove, in ten days, Pimples, Blotches, Tan, freckles, and all impurities of the Skin, leaving the same soft, clear, smooth and beautiful.

I will also mail free to those having Bald Heads or Bare Faces, simple directions and information that will enable them to start a full growth of Luxurient Hair, Whiskers, or a Moustache, in less than 30 days. All application sanswered by return mail without charge.

Respectfully yours,

ILLUSTRATED SCIENTIFIC AMERICAN.

THE BEST MECHANICAL PAPER IN THE WORLD.

EIGHTEENTH YEAR.

Volume VIII.—New Series.

A new volume of this widely circulated paper commences on the 1st of January. Every number contains sixteen pages of useful information and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns.

To The Mechanic and Manufacturer!

No person engaged in any of the mechanical pursuits should think of doing without the SCIENTIFIC AMERICAN. It costs but six cents per week; every number contains from six to ten engravings of new machines and inventions, which cannot be found in any other publication. It is an established rule of the publishers to insert none but original engravings, and those of the first class in the art, drawn and engraved by experienced persons under their own supervision.

To the Inventor!

The SCIENTIFIC AMERICAN is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains an Official List of the Claims of all the Patents issued from the United States Patent Office during the week previous; thus giving a correct history of the progress of inventions in this country. We are also receiving, every week, the best scientific journals of Great Britain, France, and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns copious extracts from these journals of whatever we may deem of interest to our readers.

Chemists, Architects, Millwrights, And FARMERS!

The SCIENTIFIC AMERICAN will be found a most useful Journal to them. All the new discoveries of science of chemistry are given in its columns, and the interests of the Architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of millwrights and mill-owners will be found published in the SCIENTIFIC AMERICAN which information they cannot possibly obtain from any other source. Subjects in which planters and farmers are interested will be found discussed in the SCIENTIFIC AMERICAN; most of the improvements in agricultural implements being illustrated in its columns.

A GEM FOR THE MILLION,
AND A
SPLENDID AND APPROPRIATE HOLIDAY PRESENT

MME. DEMOREST'S
RUNNING STITCH
$5 Sewing Machine.

The embodiment of practical utility, and a marvel of simplicity; makes the running stitch very rapidly and perfect, uses a common needle and will last a lifetime. At the New York State Fair, its simplicity, efficiency, and great practical utility, was confirmed by the award of the First Premium.

It will Gather, Ruffle, Shirr, Tuck, Run up Breadths, etc., with a single or double thread on any material adapted to the Running Stitch. The thinnest, usually the most difficult to stitch by other sewing machines, being sewed the easiest. For ladies' and childrens' apparel, and other articles made of light fabrics, it will therefore be found almost INVALUABLE.

It is attached to the table like a sewing bird, and having no tension, and requiring no lubrication or change of stitch, is always ready for operation, and such a marvel of simplicity that a child six or eight years can UNDERSTAND it, and use it SUCCESSFULLY.

It is not at all liable to get out of order.

Each machine is put up in a neat box, accompanied with full and explicit directions, and twenty five needles.

Sent to any address in the United States on receipt of an order, inclosing the amount, or may be collected by Express on delivery of the machine.

When the money is sent with the order and registered, we guarantee its safe receipt and the delivery of the machine, anywhere within 2000 miles free of any Express charges.

Very liberal arrangements for agencies.

See MIRROR OF FASHIONS, or for full particulars, specimen of sewing, etc., send a stamp for return postage.

Address, MME. DEMOREST,
