LEIBIG'S ESSENTIAL COFFEE,

The most healthy,

The most economical,

The most delicious,

PREPARATION OF COFFEE

IN THE WORLD,

OLD OR NEW.

This Coffee is prepared under a formula of the great German Chemist

PROFESSOR LEIBIG,

and gives the essential principles of the delicious flavor of OLD GOVERNMENT JAVA COFFEE, which is the only drawback to its general use, and it will at once add to the comfort of the household, and bring to the masses every where that which has long been needed, viz: a pure and healthful beverage.

It is known to all acquainted with the Coffee berry that the essence or oil, as we may call it, which gives the delicious flavor to Coffee, is contained in a waxy substance which envelopes the berry, and which is so easily damaged in the process of roasting, that the finest quality when so badly damaged as to destroy the delicate flavor of the oil, renders it worthless in the use of Coffee as ordinarily prepared.

Dr. LEIBIG proposes to remove this waxy substance from the berry before roasting, by which the essence or oil is preserved in its purity, and the Coffee when roasted retains the full strength and flavor of the berry, and is entirely free from the deleterious effects of drugs precipitated on its surface.

In this preparation combines the delicious aroma of the Java Coffee, with the essential excellence of the most [illegible]—yielding the spirit without the body of bad; thereby avoiding the injurious effects of both and becoming at once

THE MOST DELICIOUS BEVERAGE

AND

The most Health-giving and Restoring Drink

Known in the world—being at once a sovereign remedy instead of producer of

DYSPEPSIA AND GENERAL NERVOUS DEBILITY,

FLATULENCE, FULNESS OF THE HEAD,

because of its great Tonic and Purifying properties.

The simple fact that the principles of Baron Leibig will command a ready sale in all parts of the scientific in all parts of the [illegible] use of it will at once place it [illegible] to the masses every where that which has long been needed, viz: a pure and healthful beverage.

The immense popularity of this Coffee in the Old World is an earnest that it will be equally popular in America is bound to become [illegible] wide.

Another consideration not to be overlooked in regard to the matter, is that

It Costs Less than ordinary Green Coffee

And requires less than half the quantity to make the same degree of strength, as it is used. It is put up at 30 cents a pound to be cheaper than Maracaibo coffee at 15 cents a pound.
