WEST'S IMPROVLD PUMP

ANTI-FREEZING, DOUBLE-ACTING, FORCING AND LIFTING.

These Pumps have now been in general use a number of years, and give better satisfaction than any other, and are recommended as

THE BEST!

by Capt Ericson, and other eminent Engineers. We can refer to thousands using them, and guarantee that all will recommend them. They are more simple in construction, and work easier, and cost less than all others.

"Our readers will find the double acting improved Pump of J. D. West & Co., one of the best in the market. It is very simple, works to a charm, so that any child may use it; throws a steady continuous stream, and does not freeze in the coldest exposures, and is unusually cheap. We say this knowingly, and give the testimony of our own accord, without the knowledge or request of the proprietors."—*N. Y. Evening Post, July 31st*, 1863.

This may certify that I have been using, at my manufactory, for the last four years, West's Improved Pumps. I now have in use three of said pumps, one of which is kept constantly at work, 24 hours each day (except Sundays) and performs the work which it is designed for, and has been brought in competition with others that have been tried in my service, and has proved many others previously tried. They are simple in their construction, and are easily managed. JAMES A. WEBB.

New York, Oct. 10 1859.

J. D. WEST & Co.:—We are pleased to state that the Pumps we had of you about a year ago have been in constant use, 12 hours each day, and raise for the use of our Woolen Factory, about 130 gallons per minute. They work with but little power, compared with pumps we have used before, and do not get out of order, and are satisfactory in all respects. Yours, &c.,

DUNLAP MANUFACTURING COMPANY.

SOLON ROBINSON to the farmers Club, Jan. 22:

"No farmer who owns a well or cistern can possibly afford to be without an iron pump. I should like at once to set up a West's pump—a perfect bullet-firing engine—such a one I know as 'West's Improved Pump.' I speak of this pump because I happen to know it to be very simple, durable, powerful, cheap, and I don't care a cent up, nor get out of order once a year. I know it, and think I may be doing the farmer a good by speaking of it. After 10 years of use it can work it, and throw a continuous 1-and-a-quarter stream. It can be made to work in deep wells as well as in shallow ones."

From the New York Observer.

We have had in use for months past one of West's Pumps, which has given us more satisfaction as a force and lifting pump than any we have ever used. It is one of great power, and well adapted for ship's decks, mines, factories, green houses, graperies, &c., &c. The Mining Chronicle and railway Journal says:

It is recommended for its extreme simplicity of construction, great strength, and consequent durability and cheapness of repair. There is no stuffing box—the pressure being held by a cup packing, like that upon the working piston, working in a cylinder, fitted for the purpose—well in the upper air chamber—which we think a great improvement, as stuffing is so liable to be deranged, or leak under strong pressure, to say nothing of the loss by friction of power thereto. It has also two air chambers—thus the action of the valve is cushioned upon both sides by air—preventing water hammer, and vacuum thump. The valves are very accessible, and simply and cheaply painted. They work much easier than any pump we have ever seen, the 4 inch cylinder being worked by children in wells 100 feet deep, and they are extremely cheap as well as simple and strong, we freely recommend them.

GUTTENBERG, L. I., 1860.

I have used this pump (in a Summer and winter, exposed to the North-West wind coming over Long Island Sound, being the coldest possible exposure, and at no time did it freeze, nor were we unable at any time to pump water with great ease. H. E. MCILVAIN.

The undersigned having to use West's Improved Pumps, cheerfully recommend them as simple, durable and powerful in raising and throwing water, and for their ease of action, security against frost, and low price, we believe them superior to all others.

J. D. WEST & Co.:

GENTS—The pump which I ordered for our Mine is received and put to work in our mid-day shaft, which we are sinking. We find that one man will with ease lift 50 gallons per minute. We tried in three and a half hours all the water in the shaft, which measure seven by twelve feet and 30 feet deep, and it was dry when we commenced. In answer to our expectations in every respect, and our workmen are highly pleased with it. It will do great service with but trifling expense for repairs.

Yours, respectfully,
BERR BROTHERS.

We have plenty more such certificates, think these are enough. For Pumps, Pipe &c., address or call upon

HOSTETTER'S

CELEBRATED

STOMACH BITTERS.

A Pure and powerful Tonic, corrective and alterative of wonderful efficacy in disease of the

STOMACH, LIVER AND BOWELS.

Cures Dyspepsia, Liver Complaint, Headache, General Debility, Nervousness, Depression of spirits, Constipation, Colic, Intermittent Fevers, Cramps and Spasms, and all Complaints of either Sex arising from Bodily Weakness whether inherent in the system or produced by special causes.

For that it is wholesome, genial and restorative in its nature is shown in the composition of HOSTETTER'S STOMACH BITTERS. It is popular preparation as fast as time and means of any kind, no deadly botanical element or fiery excitant. But it is a combination of the extracts of rare balmy herbs and plants with the purest and mildest of all diffusive stimulants.

It is well to be forearmed against disease, and so far as the human system can be protected by human means against maladies engendered by an unwholesome atmosphere, impure water and other external causes, HOSTETTER'S BITTERS may be relied on as a safeguard.

In districts infested with Fever and Ague, it has been found infallible as a preventive and irresistible as a remedy and those who resort to it under apprehension of an attack escape the scourge and thousands who neglected to avail themselves of its protective qualities, at a venture, are cured by a very brief course of the marvelous medicine. Fever and Ague patients, after being dosed with quinine to no purpose in vain, until fairly saturated, with that dangerous alkaloid, are not unfrequently restored to health within a few days by the use of HOSTETTER'S BITTERS.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonic, and hence it works wonders in cases of Dyspepsia and in the confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation so frequently produced by irregular action of the digestive and secretive organs.

Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits and Fits of Laughter, find prompt and permanent relief from Bitters. The testimony on this point is most conclusive, and from both sexes.

The agony of Bilious Colic is immediately assuaged by a single dose of the Bitters, and by occasionally resorting to it, the return of the complaint may be prevented.

As a General Tonic HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay and Debility and Loss of Appetite arising from Old Age, it exercises the selective influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to reinforce and re-establish them.

Last but not least, it is The Only Safe Stimulant, being manufactured from sound and innocuous materials, and entirely free from the active elements present more or less in all the ordinary tonics and panacheas of the day.

No family medicine has been so universally, and it may be truly added, deservedly popular with the intelligent portion of the community, as HOSTETTER'S BITTERS.

LEIBIG'S ESSENTIAL COFFEE,

The most healthy,

The most economical,

The most delicious,

PREPARATION OF COFFEE

IN THE WORLD.

OLD OR NEW.

This Coffee is prepared under a formula from the great German Chemist

PROFESSOR LEIBIG,

and gives the essential toll strength and delicious flavor of OLD GOVERNMENT JAVA COFFEE, which is the only quality of Coffee used in its preparation, without any of that narcotic quality which so sadly damages the nervous system by the use of even the best grades of Coffee as ordinarily prepared.

2d. It gives the essential tonic and diuretic elements of Dandelion, without the bitterness, or coarse taste so disgusting, and yet always found in the ordinary Dandelion Coffee.

It is known to all acquainted with chemistry that the essence, or oil, or whatever name may be given it, when properly and scientifically obtained from any herb or plant, is a far different article from that produced by putting that plant into water and boiling it out—permitting the escape of the most exquisite and delicate strength and leaving the coarse and earthy dregs precipitated or in solution.

So this preparation combines the exquisite aroma of the Java Coffee, with the highest essential excellence of the most choice Dandelion—yielding the spirit without the grosser earthy body of both; thereby avoiding the deleterious effects of both and becoming at the same time

THE MOST DELICIOUS BEVERAGE,

AND

The most Health-giving and Restoring Drink

Known in the world—being at once a sovereign remedy instead of producer of

DYSPEPSIA AND GENERAL NERVOUS DEBILITY,

FLATULENCE, FULNESS OF THE HEAD,

DIZZINESS, COSTIVENESS, AND

DISEASES OF THE LIVER

AND KIDNEYS,

because of its great Tonic and Diuretic qualities.

The simple fact that the preparation is from Baron Leibig will commend it to the attention of the scientific in all parts of the country, while the use of it will at once and permanently prove to the masses everywhere that it is the long needed dissideratum—in its way.

The immense popularity of this Coffee in the Old World is an earnest that its use and popularity in America is bound to become continent wide.

Another consideration not to be overlooked in regard to the matter, is that

It Costs Less than ordinary Green Coffee

And requires less than half the quantity to give the same degree of strength, and its use proves it at 30 cents a pound to be cheaper than Maricabo coffee at 15 cents a pound.

Neatly packed in pound papers with full instructions for use on each label,—in SIXTY POUND BOXES. Price 30 cents per pound. A liberal discount to the trade.

Manufactured by the PEOPLES' PROVISION Co., 268 Greenwich St., N. Y., to whom all orders may be addressed.

Sold by wholesale Grocers and Druggists.
