M'CLELLAN AND PENDLETON,

Mass Meeting.

A meeting of the Democracy will be held at Smethport on Tuesday of Court week, (the 27th inst). Arrangements will be made for the attendance of several popular Speakers, whose names will be announced in next week's paper.

The Democratic citizens of M'K an and adjoining Counties are expected to turn out in their strength for a grand, old fashioned Rally. Let every man attend who is sick of the murder, thieving and tyranny of the present corrupt administration, and assist in hurling from power the fanatics who are ruining our country.

Ex-Governor BIGLER, our candidate for Congress, will address the meeting at the Court House, in the evening. Hon. A. P. LANING, of Buffalo, Hon. M. B. CHAMPLIN, of Cuba, Bt W. LACY, of Warren, Pa., and others, will deliver speeches in the afternoon.

FREMONT WITHDRAWS.—In a letter dated September 21, Gen. FREMONT formally withdraws his name from the canvass for President. In doing so, however, he does not warmly favor the election of Mr. Lincoln, in regard to whom he speaks as follows:

"I believe I am consistent with my antecedents in withdrawing, not to aid in the election of Lincoln, but to do my part toward preventing the election of the Democratic candidates. In respect to Mr. Lincoln, I continue to hold exactly the sentiments contained in my letter of acceptance. I consider that his administration has been politically, militarily and financially a failure, and that its necessary continuance is a cause of regret for the country.

We think there are few who will disagree with the General in this opinion. It remains to be seen how many will support Lincoln, not because they deem him competent, but to prevent the election of the Democratic candidate

We have news of a glorious victory in the Shenandoah valley, obtained by Sheridan over the rebel General Earley, who is said to have lost nine Generals and 7000 prisoners.

This is the only important news from the war.

We invite our Republican friends to attend the meeting, next Tuesday. It will do you no harm.

"THE TRUE ISSUE AND NO LYING!"—The Springfield (Mas.) *Republican*, the leading and ablest administration paper in New England, under the above caption, has the following. We commend it to our Republican readers, and especially to Republican office holders and government assessors and collectors, who deem lying a part of their political duty:

"Let us have a fair contest. Let us see and stand to the real issue. The Union cause is not so poor as to need lies for its support, and lies will not help it. General M'Clellan never offered his services to the rebels; Mr Pendleton did not vote again st supplies for the war, or thank God that he so voted, and that the Republican presses that are reiterating these and other falsehoods and forgeries are only damaging their own cause and giving substantial aid to the enemy.—Shame on them that they have so little appreciation of the strength and dignity of their cause, and so small confidence in the sense and patriotism of the people."

The Troy *Whig* has an article upon the same subject, and in the same vein of fairness. It says:

"It is foolish, if it is not worse, to say that Gen. McClellan ever offered his sword and services to the rebels, for nobody can be made to believe that he ever did any such thing. It is more than mere romance to charge Pendleton with having voted to stop supplies for the war, for it will make him votes to do it.—There is no sort of dignity in such a mode of [illegible] suppose, either, that the body [illegible] anything like a respectable [illegible] in favor of disunion, or [illegible] dishonorable conces[illegible] the rebel leaders.—[illegible] do not understand to [illegible] for anything of [illegible] the States of both

The New York *Express*, of Saturday says: We have to day positive information that the nomination of George B. McClellan was received with unfounded enthusiasm in the Army of the Potomac. The officer who imparts this information assures us that when the rank and file in the army heard of the doings of the Chicago Convention, there was such a general outpouring of joy and gratification and public demonstrations of hilarity as has not been witnessed even in those States, where McClellan is most popular. There is no doubt whatever but the Army of the Potomac will cast an overwhelming majority for their late commander, if their votes, while passing through the mails, are not tampered with by adjutants, by order of the Administration now in power.

THE OLD WHIGS.—We are authorized to state that Ex President Fillmore will cast his vote for McClellan and Pendleton, as he considers on the success of that ticket depends the salvation of the country. We have seen a letter to that effect. The old line conservative Whigs will vote the same way.—*N. Y. Express*

At a great McClellan ratification meeting in New York, last week, Matthew Hale Smith, the Boston *Journal's* correspondent "Burleigh" made a speech in favor of McClellan. He has heretofore supported Lincoln.

"The Union is the one condition of peace," says Gen. McClellan. "The abandonment of slavery" is the condition of peace says Mr. Lincoln. Which is the Union to?

"HAVE you heard the news from Maine, Maine, Maine?" Latest news from Maine show that the majority of the shoddy candidate has been cut down from last year, *just about five thousand votes!*

WE understand that the Linconites are trying a new scheme. There are many voters who have hitherto acted with them, not because they are fanatical, but because they have been overawed and terrified. These men have determined to vote for M'Clellan. But the Abolition managers try a new dodge by persuading them to vote the Abolition ticket in October, even if they intend to vote for M'Clellan in November. We hope such voters will not be misled. A Democratic triumph in October is necessary to secure success in November. Every friend of M'Clellan should remember this. Vote the Democratic ticket in October; this will secure M'Clellan's success.

"ALL FREE OR ALL SLAVE."—This ridiculous proposition, the attempt to prove which has cost so much treasure, blood an tagony, is thus disposed of by the Boston *Post*:

If acted on in 1774, it would have destroyed the growing Union; if in 1776, it would have lost us independence; if in 1778, would have prevented confederation if in 1789, would have barred the door to "the more perfect Union;" in a word, would have kept us hewers of wood and drawers of water to the British Dukes an Duchesses who have bowels of compassion for the poor American slaves, while they trample on the bodies and souls of the laboring millions at their own doors.

Not a day passes but what we hear of prominent Republicans breaking from the ranks of Abe Lincoln's destructive party. We are pleased that among the latest is found the name of the gifted and patriotic Senator from Pennsylvania, Hon. Edgar Cowan. Mr. Cowan was elected United States Senator by the Abolitionists in 1861. He is now disgusted with them, and will support the nominees of the Chicago Convention. He is a host, and will carry tens of thousands of conserv tive Republicans with him.—*Lancaster Intelligencer.*

General McClellan says "Military arrests should not be tolerated; except in places where active hostilities exist, and oaths not required by enactments constitutionally made, should be neither demanded or received."

Abraham Lincoln claims the right to arrest any citizen of any State without a warrant, and thrust him into a dungeon and keep him there for years without a trial. He claims also that he has the right to violate every article of the Constitution in his efforts to make others obey them.

THE attention of William Cullen Bryant, the honored American poet, is called to the disgraceful manner in which the *Evening Post*—a paper of which he is reputed to be editor—is conducting the presidential canvass. The thousand times refuted lie that Gen. M'Clellan spent his time on a gunboat while his troops were winning the victory of Malvern Hill, was revived in the *Post* of last evening, to the infinite disgust of all decent people. We feel that Mr. Bryant will warmly sympathize with the thousands of gentlemen in this city whose toes ached to kick the dirty dog who would thus endeavor to blacken the reputation of one of the most honored names known to American military history.—*World.*

☞ SHAKE AND BURN! Shake and Burn! Shake and Burn!!!

This is the life of agony endured by the sufferer from Fever and Ague. He wanders like an uncertain shadow, never knowing what moment he may be prostrated, and therefore disinclined to give any serious attention to business. This is the condition of thousands in town and country. It is no exaggeration to say that Fever and Ague kills more people than any twenty other diseases in America. For a sure and speedy cure of this terrible affliction, we take great pleasure in recommending HOSTETTER'S STOMACH BITTERS, which have already achieved a wide reputation for rapid and powerful effects in renovating the system prostrated by this disease.

For sale by Druggists and dealers generally, everywhere. n8t4.

Orange Judd of the American Agriculturist says of the

UNIVERSAL CLOTHES WRINGER

"A child can readily wring out a tubfull of clothes in a few minutes. It is in reality a CLOTHES SAVER! A TIME SAVER! and a STRENGTH SAVER! The saving of garments will alone pay a large per centage on its cost. We think the machine much more than PAYS FOR ITSELF EVERY YEAR in the saving of garments! There are several kinds, nearly alike in general construction, but we consider it important that the wringer be fitted with Coggs, otherwise a mass of garments may clog the rollers, and the rollers upon the crank shaft slip and tear the clothes, or the rubber break loose from the shaft. Our own is one of the first make, and is as good as new after nearly FOUR YEARS' CONSTANT USE."

Every Wringer with Cog Wheels is Warranted in every Particular.

NO WRINGER CAN BE DURABDE WITH-OUT COG-WHEELS.

A good CANVASSER wanted in every town.

☞ On Receipt of the price from places where no one is selling, we will send the Wringer FREE OF EXPENSE.
